Consolidated Financial Statements
and Directors' Report
as at and for the year ended
31 December 2024 and
the Audit Report thereon

Translation of a report originally issued in Spanish based on our work performed in accordance with the audit regulations in force in Spain and of consolidated financial statements originally issued in Spanish and prepared in accordance with the regulatory financial reporting framework applicable to the Group in Spain (see Notes 2 and 31). In the event of a discrepancy, the Spanish-language version prevails.

Translation of a report originally issued in Spanish based on our work performed in accordance with the audit regulations in force in Spain and of consolidated financial statements originally issued in Spanish and prepared in accordance with the regulatory financial reporting framework applicable to the Group in Spain (see Notes 2 and 31). In the event of a discrepancy, the Spanish-language version prevails.

INDEPENDENT AUDITOR'S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

To the Shareholders of Alantra Partners, S.A.,

Report on the Consolidated Financial Statements

Opinion

We have audited the consolidated financial statements of Alantra Partners, S.A. ("the Company" or "the Parent") and companies that make up, together with the Company, the Alantra Group ("the Group"), which comprise the consolidated statement of financial position as at 31 December 2024, and the consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity, consolidated statement of cash flows and notes to the consolidated financial statements for the year then ended.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated equity and consolidated financial position of the Group as at 31 December 2024, and its consolidated results and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union (EU-IFRSs) and the other provisions of the regulatory financial reporting framework applicable to the Group in Spain.

Basis for Opinion

We conducted our audit in accordance with the audit regulations in force in Spain. Our responsibilities under those regulations are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report.

We are independent of the Group in accordance with the ethical requirements, including those pertaining to independence, that are relevant to our audit of the consolidated financial statements in Spain pursuant to the audit regulations in force. In this regard, we have not provided any services other than those relating to the audit of financial statements and there have not been any situations or circumstances that, in accordance with the aforementioned audit regulations, might have affected the requisite independence in such a way as to compromise our independence.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Recoverability of certain significant items of goodwill

Description

The accompanying consolidated statement of financial position as at 31 December 2024 presents goodwill amounting to EUR 67,248 thousand (see Note 6 to the accompanying consolidated financial statements) arising on the acquisition of shares that granted the Parent control over various companies. Of this goodwill, the EUR 18,814 thousand and EUR 30,913 thousand allocated, respectively, to the Alantra LLC Boston and Alantra Corporate Finance, LLP cash-generating units (CGUs) are of particular significance.

As described in Note 3-h) to the accompanying consolidated financial statements, the cash-generating units to which the aforementioned goodwill was allocated are analysed at least annually to determine whether the goodwill has become impaired over the course of the year. The impairment assessment is a process involving a certain level of complexity that requires Group management to make significant judgements, estimates and assumptions which are potentially significant in relation to the aforementioned goodwill and relate mainly to cash flow projections based on financial information and to the

Procedures applied in the audit

Our audit procedures to address this matter, which involved the assistance of our internal valuation specialists, included, among others, the following:

We obtained the valuation reports of the expert engaged by Group management to analyse the recoverability of the goodwill allocated to the Alantra LLC Boston and Alantra Corporate Finance, LLP CGUs, and evaluated the competence, capability and objectivity of the expert and the adequacy of the expert's work for use as audit evidence.

With respect to the measurement model used, we evaluated, with the assistance of our internal valuation experts, the reasonableness of the cash flow projections performed and the discount and perpetuity growth rates used, assessing the consistency of the financial information upon which they are based, comparing the assumptions made with data obtained from internal and external sources and performing a critical evaluation of the key assumptions of the value-in-use models used and of the consistency of the methodology applied. We also reviewed the clerical accuracy of the calculations.

Recoverability of certain significant items of goodwill

Description

determination of appropriate discount and perpetuity growth rates.

Group management employed value-in-use models to perform the impairment test on the aforementioned goodwill, for which purpose it was assisted by an independent expert engaged by the Group.

We identified this matter as key in our audit, considering both the magnitude of the amounts affected and the high degree of judgement required of Group management when assessing the potential impairment of the aforementioned goodwill.

Procedures applied in the audit

Furthermore, in order to identify possible bias in the assumptions made by Group management and be able to evaluate the reasonableness of the estimates made, we compared the revenue growth rates used with the most recently approved business plans and budgets, reviewed whether they were consistent with market information and evaluated Group management's historical accuracy in the preparation of the budgets and projections.

Lastly, we performed a sensitivity analysis of the significant assumptions identified and checked that the disclosures included in the notes to the accompanying consolidated financial statements in connection with this matter were in conformity with the requirements of the applicable accounting regulations.

Recognition of the success fee income received for financial advisory services provided (cutoff)

Description

As described in Note 24 to the accompanying consolidated financial statements, the Group's income relates mainly to fees received for the provision of financial advisory services to companies or entities in corporate finance transactions. A very significant portion of the total of the aforementioned fees relates to income for financial advisory services that is earned based on the success of the transactions (success fees).

Although the recognition of this success fee income, in terms of its quantification, is not

Procedures applied in the audit

Our audit procedures to address this matter included, among others, the review of the design and implementation of the relevant controls that mitigate the risks associated with the recognition of the success fee income received for the provision of financial advisory services, as well as tests to verify that the aforementioned controls operate effectively. Specifically, those controls whereby Group management monitors the timing of achievement of the success milestone in the contractual terms and conditions under which the services are rendered and, therefore, oversees the proper

Recognition of the success fee income received for financial advisory services provided (cutoff)

Description

normally very complex, and gives rise to accounts receivable that can be converted into cash in a short period of time, it does involve the consideration of circumstances that are specific to each customer and are associated with the various contractual terms and conditions agreed with respect to each transaction for which advisory services are provided, which determine the success of the transaction.

There is therefore a risk of the success fees being recognised in the incorrect reporting period, since their recognition depends on the achievement of various milestones established in the contractual terms and conditions under which the services are rendered.

Therefore, we considered this matter to be a key matter in our audit.

Procedures applied in the audit

recognition of the transactions in the correct period.

We also performed substantive procedures comprising tests of details on a representative sample of corporate finance transactions, taken on a selective basis, which consisted of obtaining all the associated contractual documentation, analysing the defined clauses and evaluating whether the conditions established by the financial reporting framework applicable to the Group for recognising the income (milestone achievement) had been met. Furthermore, for that sample of transactions, we recalculated the fee income received by the Group in accordance with the aforementioned conditions.

In addition, we requested written confirmation for certain balances receivable for which an allowance had not been recognised at 31 December 2024, in order to check with the customers whether the related corporate finance services had actually been provided at year-end. Where applicable, we questioned the successful outcome of the service provision under analysis by checking whether the aforementioned success fees had been collected.

Lastly, we checked that the disclosures included in the notes to the accompanying consolidated financial statements in connection with this matter were in conformity with those required by the applicable accounting regulations.

Other Information: Consolidated Directors' Report

The other information comprises only the consolidated directors' report for 2024, the preparation of which is the responsibility of the Parent's directors and which does not form part of the consolidated financial statements.

Our audit opinion on the consolidated financial statements does not cover the consolidated directors' report. Our responsibility relating to the consolidated directors' report, in accordance with the audit regulations in force, consists of:

- a) Solely checking that the consolidated non-financial information statement, certain information included in the Annual Corporate Governance Report and the Annual Directors' Remuneration Report, to which the Spanish Audit Law refers, have been furnished as provided for in the applicable legislation and, if this is not the case, reporting this fact.
- b) Evaluating and reporting on whether the other information included in the consolidated directors' report is consistent with the consolidated financial statements, based on the knowledge of the Group obtained in the audit of those consolidated financial statements, as well as evaluating and reporting on whether the content and presentation of this section of the consolidated directors' report are in conformity with the applicable regulations. If, based on the work we have performed, we conclude that there are material misstatements, we are required to report that fact.

Based on the work performed, as described above, we observed that the information described in section a) above had been furnished as provided for in the applicable legislation and that the other information in the consolidated directors' report was consistent with that contained in the consolidated financial statements for 2024 and its content and presentation were in conformity with the applicable regulations.

Responsibilities of the Directors and Audit and Risk Control Committee of the Parent for the Consolidated Financial Statements

The Parent's directors are responsible for preparing the accompanying consolidated financial statements so that they present fairly the Group's consolidated equity, consolidated financial position and consolidated results in accordance with EU-IFRSs and the other provisions of the regulatory financial reporting framework applicable to the Group in Spain, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the Parent's directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors

either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Parent's audit and risk control committee is responsible for overseeing the process involved in the preparation and presentation of the consolidated financial statements.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the audit regulations in force in Spain will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

A further description of our responsibilities for the audit of the consolidated financial statements is included in Appendix I to this auditor's report. This description forms part of our auditor's report.

Report on Other Legal and Regulatory Requirements

European Single Electronic Format

We have examined the digital files in European Single Electronic Format (ESEF) of Alantra Partners, S.A. and companies that make up, together with the Company, the Alantra Group for 2024, which comprise the XHTML file including the consolidated financial statements for 2024 and the XBRL files with the tagging performed by the Group, which will form part of the annual financial report.

The directors of Alantra Partners, S.A. are responsible for presenting the annual financial report for 2024 in accordance with the format and markup requirements established in Commission Delegated Regulation (EU) 2019/815 of 17 December 2018 ("ESEF Regulation"). In this regard, the Annual Corporate Governance Report and the Annual Directors' Remuneration Report were included by reference in the consolidated directors' report.

Our responsibility is to examine the digital files prepared by the Parent's directors, in accordance with the audit regulations in force in Spain. Those regulations require that we plan and perform our audit procedures in order to ascertain whether the content of the consolidated financial statements included in the aforementioned digital files corresponds in full to that of the

consolidated financial statements that we have audited, and whether those consolidated financial statements and the aforementioned files were formatted and marked up, in all material respects, in accordance with the requirements established in the ESEF Regulation.

In our opinion, the digital files examined correspond in full to the audited consolidated financial statements, and these are presented and have been marked up, in all material respects, in accordance with the requirements established in the ESEF Regulation.

Additional Report to the Parent's Audit and Risk Control Committee

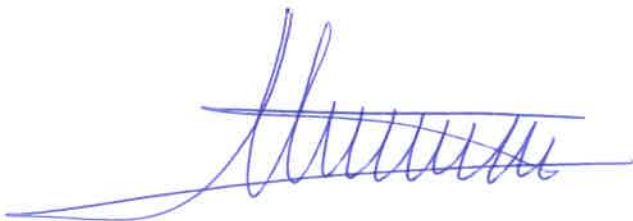

The opinion expressed in this report is consistent with the content of our additional report to the Parent's audit and risk control committee dated 27 March 2025.

Engagement Period

The Annual General Meeting held on 25 April 2025 appointed us as the Group's auditors for a period of one year from the year ended 31 December 2023, i.e., for 2024.

Previously, we were designated pursuant to a resolution of the General Meeting for the period of one year and have been auditing the financial statements uninterrupted since the year ended 31 December 2015.

DELOITTE AUDITORES, S.L.
Registered in ROAC under no. S0692

Antonio Ríos Cid
Registered in ROAC under no. 20245

Appendix I to our auditor's report

Further to the information contained in our auditor's report, in this Appendix we include our responsibilities in relation to the audit of the consolidated financial statements.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

As part of an audit in accordance with the audit regulations in force in Spain, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Parent's directors.
- Conclude on the appropriateness of the use by the Parent's directors of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the Parent's audit and risk control committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Parent's audit and risk control committee with a statement that we have complied with relevant ethical requirements, including those regarding independence, and we have communicated with it to report on all matters that may reasonably be thought to jeopardise our independence, and where applicable, on the related safeguards.

From the matters communicated with the Parent's audit and risk control committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter.

Notes 1 to 31 of the accompanying Notes to the consolidated financial statements and the Annex form an integral part of the consolidated statement of cash flows for the year ended 31 December 2024.

Translation of consolidated financial statements originally issued in Spanish and prepared in accordance with the regulatory financial reporting framework applicable to the Group in Spain (see Notes 2 and 31). In the event of a discrepancy, the Spanish-language version prevails.

Alantra Partners, S.A. and companies comprising the Alantra Group

Notes to the Consolidated Financial Statements
for the year ended
31 December 2024

1. Description of the Alantra Group

Alantra Partners, S.A. (hereinafter, the Company) was incorporated in Madrid (Spain) on 11 November 1997 as Dinamia Capital Privado, Sociedad de Capital Riesgo, S.A. The deed for the takeover of N Más Uno IBG, S.A. (hereinafter, N+1 IBG) by the Company was entered in the Madrid Companies Register on 20 July 2015. This transaction resulted in N Más Uno IBG, S.A. ceasing to exist and the Company changing its name to Nmás1 Dinamia, S.A. and also losing its status as a private equity firm. On 4 January 2017, as a result of the change to the Group's name, the Company changed its name to the present one (see further below).

The Company's corporate purpose therefore encompasses the following activities:

1. Provision of financial advisory services.
2. Management of any property or assets, in accordance with any prevailing legal requirements.
3. Acquisition and holding of shares and equity stakes in other companies whose corporate purpose is, pursuant to any prevailing legal requirements, financial brokerage, management of any type of asset including investment funds or portfolios of any type, and provision of all types of investment services.
4. Acquisition, holding and disposal of shares or equity stakes in any type of company; granting participating loans or other forms of finance to any type of company; investment in any securities or financial instruments, assets, movable property or real estate, or rights, in accordance with any prevailing legal requirements, in order to generate a return on said shares or equity stakes in companies and investments.

The activities comprising the corporate purpose may be performed by the Company in whole or in part, or indirectly through ownership of shares or equity stakes in companies with an identical or similar corporate purpose.

At 31 December 2024 and 2023, the Company carried out its business in Spain from its offices at calle José Ortega y Gasset 29 in Madrid.

The Bylaws and other public information may be consulted at the Company's registered office and on its website (www.alantra.com).

Alantra Partners, S.A. is the parent of a group (hereinafter, the Group or the Alantra Group) comprising various companies carrying out financial advisory and consultancy services to businesses and institutions in Spain and abroad. They also provide investment and associated services; advice on asset management;

advice, administration and management for private equity firms, collective investment schemes (hereinafter, CISs) and companies involved in acquiring direct stakes in companies (see Note 2.14). On 17 May 2024, the Board of Directors of Alantra Solar Energy Advisors, S.L. resolved to open a branch in Italy with offices in Milan. The branch provides the services and activities of Alantra Solar Energy Advisors, S.L. in Italy. As a result, at 31 December 2024 the Group has two branches in Italy (31 December 2023: one branch in Italy).

On 26 September 2016 the Company issued a Material Disclosure (*hecho relevante*) to the Spanish securities exchange authority, the Comisión Nacional del Mercado de Valores (CNMV), regarding the change in the trademark of the Group it heads. Since that date, the subsidiaries in the Alantra Group have approved the respective changes to their corporate names in order to replace "N+1", "Nmás1" or "Nplusone" with "Alantra". With respect to the Company, on 4 January 2017 there was entered in the Companies Registry the change of name from Nmás1 Dinamia, S.A. to Alantra Partners, S.A.

On 29 July 2015, the Company's 17,390,984 new shares were admitted to trading on the Madrid and Barcelona stock exchanges through the Spanish electronic trading platform (*Sistema de Interconexión Bursátil*). These shares were issued for exchange in the Takeover and added to the shares that the Company already had in circulation. Since that date, the Alantra Group's activity described in the paragraph above is therefore performed within a group whose parent is a listed company.

Alantra Equities, Sociedad de Valores, S.A. was incorporated on 10 January 2011. It was solely owned by Nmás1 Research, S.L., (both companies were subsequently merged to create Alantra Equities, Sociedad de Valores, S.A.). Since then, N+1 IBG regained its previous status as parent of a consolidable group of investment services companies. After the Merger, the Alantra Group continued to be a consolidable group of investment services companies and the Company become the parent thereof.

Takeover of the former N Más Uno IBG, S.A. by the Company (reverse merger takeover)

On 18 December 2014, the boards of directors of the Company and N Más Uno IBG, S.A. approved the merger of the Company with N+1 IBG. On 23 February 2015, the boards of both companies approved and co-signed the Joint Merger Plan for both companies. This Joint Merger Plan and the agreements on the Merger were signed off by both companies' shareholders at their respective general meetings held on 29 April 2015. The Merger involved the absorption of N+1 IBG (legal acquiree) by the Company (legal acquirer), with the winding up without liquidation of N+1 IBG and the *en bloc* transfer of all its assets and liabilities to the Company, which acquired by universal succession all N+1 IBG's rights and obligations. As a result of the Merger, N+1 IBG shareholders received shares in the Company by way of exchange, along with cash compensation as per Article 25 of the Act on Structural Changes to Companies to cover any unsettled fractions in one-to-one exchanges.

The Company's portfolio of holdings in investees was simultaneously spun off as part of the planned merger, and transferred en bloc to a new company, Nmás1 Dinamia Portfolio, S.L. (now known as Alantra Private Equity Secondary Fund, Sociedad de Capital Riesgo, S.A.), which was initially solely owned by the Company. This spin-off was the object of the corresponding Spin-off Plan prepared by the Company's Board of Directors who prepared the Joint Merger Plan and approved by the Company's shareholders at the same General Meeting at which the latter was signed off.

The merger balance sheets are those closed by N+1 IBG and the Company at 31 December 2014; both authorised for issue by shareholders at the respective general meetings. Moreover, irrespective of the fact that as legal acquiree, N+1 IBG legally ceases to exist, since the transaction met requirements to be considered a "reverse merger takeover for accounting purposes", the acquirer was N+1 IBG and the Company was the acquiree. Thus, the carrying amount of N+1 IBG's assets and liabilities was not affected by the Merger, while the assets and liabilities of the Company – acquiree for economic purposes – were

recognised at fair value at the time of the Merger, without prejudice to the manner in which the aforesaid spin-off was recognised.

The Merger took effect for accounting purposes on 9 July 2015 when the merger deed was filed at the Madrid Companies Registry, carrying an entry date of 20 July 2015. The conditions precedent stipulated in the Joint Merger Plan had previously been met. The Merger was subject to the special tax regime established in Chapter VIII, Title VII of Act 27/2014 of 27 November, on corporation tax, which was reported to the Spanish tax authorities (see Note 19).

Details of subsidiaries, jointly-controlled entities and associates at 31 December 2024, and relevant information thereon, are provided below:

(direct ownership interest of 32.50% and indirect ownership interest of 16.48% through Access Capital S.A.).
- (3) Alantra Chile SPA holds a 31.48% stake in Landmark Capital, S.A.
- (4) Landmark Capital, S.A. holds a 100% stake in Landmark Capital Asesoría Empresarial Ltda., 99.96% in Landmark Capital Argentina SRL and 100% in Landmark Capital Colombia SAS.
- (5) Singer Capital Markets Ltd holds a 100% interest in Singer Capital Markets Advisory LLP and Singer Capital Markets Securities Ltd.
- (6) Access Capital S.A. has a 67.50% interest in Access Capital Partners Group, S.A.
- (7) Asabys Asset Services, S.L. has a 100% stake in Asabys Partners, S.G.E.I.C., S.A.
- (8) Alantra Private Debt Investment Managers, S.L. holds a 100% stake in Alteralia Management S.à.r.l., Alteralia II Management S.à.r.l., Alteralia III Management S.à.r.l., 75% of Alantra Debt Solutions, S.L., and 49% of Indigo Capital, S.A.S.
- (9) Alantra Investment Pool, S.L. directly owns 49.41% of Alantra Solar Investments, S.L.
- (10) In 2024, as a result of the shareholders agreement entered into, the Group recognised the investment in Alantra Investment Pool, S.L. as an interest in a joint venture.

2. Basis of presentation of the consolidated financial statements and other information

2.1 Regulatory financial reporting framework applicable to the Group

The accompanying consolidated financial statements were authorised for issue by the Board of directors in accordance with the regulatory framework applicable to the Group, which is established in the Spanish Commercial Code and corporate law, and therefore, pursuant to the International Financial Reporting Standards as endorsed by the European Union (hereinafter, IFRS-EU).

The takeover of N+1 IBG (legal acquiree) by the Company (legal acquirer) described in Note 1 resulted in the formation of a listed group of investment service companies, which was therefore required in 2015, for the first time, to prepare the consolidated financial statements pursuant to IFRS-EU.

The Group's consolidated financial statements as at and for the year ended 31 December 2024 were prepared in accordance with IFRS, in conformity with Regulation (EC) no, 1606/2002 of the European Parliament and of the Council of 19 July 2002, under which all companies governed by the law of an EU Member State and whose securities are admitted to trading on a regulated market of any Member State must prepare their consolidated financial statements for the years beginning on or after 1 January 2005 in conformity with the IFRS previously adopted by the European Union.

According to the options available under IAS 1,81, the same as in previous years, the Group elected to present separately, first, a statement displaying the components of consolidated profit or loss and, secondly, a statement that begins with profit or loss for the period and displays the components of other comprehensive income for the period, which in these consolidated financial statements is termed "Other comprehensive income". The consolidated statement of financial position, income statement, statement of other comprehensive income, statement of changes in net equity and cash flow statement presented in these consolidated annual financial statements have been prepared principally using the general model published in CNMV Circular 3/2018, of 28 June, on periodic reporting by issuers of securities admitted to trading on regulated markets, regarding half-yearly financial reports, interim management statements and, where applicable, quarterly financial reports.

2.2 Fair presentation

The consolidated financial statements were prepared by the Board of directors at the Board meeting on 26 March 2025 in accordance with the financial reporting framework applicable to the Group and, in particular, the accounting principles contained therein, to present fairly the Group's consolidated equity and consolidated financial position at 31 December 2024, and the consolidated results of its operations and cash flows in the year then ended, all in accordance with Commission Delegated Regulation (EU) 2019/815. The 2024 consolidated financial statements were prepared from the Company's accounting records and the individual records of the companies that comprise the Group. Since the accounting policies and measurement bases used in preparing the Alantra Group's 2024 consolidated financial statements may differ from those used by certain Group companies, the required adjustments and reclassifications were made on consolidation to unify such policies and bases and to make them compliant with the IFRS adopted by the European Union.

These consolidated financial statements will be submitted for approval by shareholders at the General Meeting, It is expected that they will be approved without any changes. The 2023 consolidated financial statements were approved by shareholders on the general meeting held on 25 April 2024 and filed with the Madrid Companies Register.

Given the magnitude of the figures in the accompanying consolidated financial statements, the Board of directors prepared them including figures in thousands of euros.

The main accounting principles and measurement bases adopted by the Group are detailed in Notes 2.14 and 3.

2.3 Non-obligatory accounting principles applied

No non-obligatory accounting principles were applied. The directors also authorised for issue these consolidated financial statements by taking into account all the obligatory accounting principles and standards with a significant effect thereon. All obligatory accounting principles were applied.

2.4 Main regulatory changes taking place between 1 January and 31 December 2024

Principle standards, amendments to the existing standards and interpretations of standards entering into force in 2024

The following amendments to the IFRS and interpretations thereof entered into force in 2024; not having any material impact on the Alantra Group's consolidated financial statements.

The standards, amendments to existing standards and interpretations approved for use in the EU are described hereon:

- Amendments to IAS 1, Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants. These amendments introduce clarifications relating to the presentation of liabilities as current or non-current, and in particular of liabilities with maturities subject to compliance with covenants. The main changes relate to the following: the right to defer settlement of a liability for at least twelve months after the reporting period must exist at the end of the reporting period; for a liability to be classified as non-current it must be assessed whether the entity has the right to defer its settlement, irrespective of management intentions regarding the exercise of the right; the amendments define "settlement" of a liability as a transfer to the counterparty of cash, goods, services or the entity's own equity instruments that results in the extinguishment of the liability; and it is clarified that the classification of a liability whose terms include an option for the holder to settle it by the transfer of the entity's own equity instruments is not affected by that option if the option is recognised separately as an equity instrument.
- Amendments to IFRS 16, Lease Liability in a Sale and Leaseback. These amendments to IFRS 16 require the seller-lessee to determine lease payments arising from a sale and leaseback in a way that the seller-lessee would not recognise any amount of the gain or loss that relates to the right of use retained by the seller-lessee.
- Amendments to IAS 7, Statement of Cash Flows and IFRS 7, Financial Instruments: Disclosures. These amendments require new disclosures to increase transparency on the nature of supplier finance arrangements. An entity must furnish qualitative and quantitative information that enables users of financial statements to assess the effects of those arrangements on its liabilities and cash flows and on its exposure to liquidity risk.

Principle standards, amendments to the existing standards and interpretations of standards that had not become effective at 31 December 2024

At the date of preparation of the accompanying financial statements, new International Financial Reporting Standards and amendments thereto had been issued, together with interpretations thereof, that were not yet of mandatory application at 31 December 2024. Although in some cases early

application of these standards, amendments or interpretations is permitted, the Group has not yet adopted them because their potential effects are still being analysed.

Following is a detail of the standards, amendments and interpretations approved for use in the European Union:

- Amendments to IAS 21, The Effects of Changes in Foreign Exchange Rates. The amendments specify when a currency is exchangeable into another currency and when it is not and how an entity estimates the exchange rate that will be applicable when a currency is not exchangeable. In addition, the amendments include certain additional disclosures for those cases in which a currency is not exchangeable. The amendments will be effective for annual reporting periods beginning on or after 1 January 2025 with earlier application permitted.

Following is a detail of the standards, amendments and interpretations not yet approved for use in the European Union:

- IFRS 18, Presentation and Disclosure in Financial Statements. The objective of this standard is to set out requirements for the presentation and disclosure of information in financial statements, thereby superseding IAS 1, which is currently in force. The main changes can be summarised as follows: the introduction of obligatory subtotals in the statement of profit or loss; the introduction of five categories for classifying income and expenses in the statement of profit or loss; the establishment of aggregation and disaggregation requirements; the inclusion of obligatory disclosures relating to management-defined performance measures; and the inclusion of changes to enhance the inter-entity comparability of the statement of cash flows. IFRS 18 will be effective for annual reporting periods beginning on or after 1 January 2027 with earlier application permitted.
- IFRS 19, Subsidiaries without Public Accountability: Disclosures. The objective of this standard is to specify the disclosure requirements a subsidiary is permitted to apply in issuing its financial statements, provided that it does not have public accountability and it belongs to a group that produces financial statements that comply with IFRSs. This standard, which an entity may elect to apply and later revoke that election, permits subsidiaries to reduce the disclosures that are normally required by other IFRSs when issuing financial statements. IFRS 19 will be effective for reporting periods beginning on or after 1 January 2027 with earlier application permitted.
- Amendments to IFRS 7, Financial Instruments: Disclosures and IFRS 9, Financial Instruments. Certain necessary amendments are introduced following the post-implementation review of IFRS 9, relating mainly to: settling financial liabilities using an electronic payment system; classifying financial assets with contractual cash flows that are consistent with a basic lending arrangement; classifying non-recourse financial assets; and classifying contractually linked financial assets. In addition, the amendments introduce additional disclosure requirements in IFRS 7 in relation to investments in equity instruments designated as at FVTOCI and with contractual terms that could change the timing or amount of contractual cash flows. The amendments will be effective for annual reporting periods beginning on or after 1 January 2026 with earlier application permitted.
- Annual improvements to IFRSs (volume 11). The objective of these improvements is to enhance the quality of standards by amending, clarifying and/or correcting minor issues, and they will be effective for annual reporting periods beginning on or after 1 January 2026. The improvements are as follows:
 - o IFRS 1, First-time Adoption of International Financial Reporting Standards. Improvements relating to hedge accounting by a first-time adopter.

- IFRS 7, Financial Instruments: Disclosures. Improvements relating to the gain or loss on derecognition, the disclosure of the deferred difference between fair value and transaction price, and the introduction and credit risk disclosures
- IFRS 9, Financial Instruments. Improvements relating to lessee derecognition of lease liabilities and to transaction price
- IFRS 10, Consolidated Financial Statements. Improvements relating to determination of a "de facto agent".
- IAS 7, Statement of Cash Flows. Improvements relating to the cost method.
- IFRS 9, Financial Instruments and IFRS 7, Financial Instruments: Disclosures. Improvements relating to contracts referencing nature-dependent electricity.

2.5 Critical issues regarding valuation and estimation of uncertainty

The consolidated results and determination of consolidated equity are a product of the accounting policies and principles, measurement bases and estimates used by the Board of directors in the preparation of the consolidated financial statements. The main accounting policies and principles and measurement bases used are disclosed in Notes 2.14 and 3.

In preparing the accompanying consolidated financial statements estimates were occasionally made by the Board of directors in order to measure certain assets, liabilities, income, expenses and obligations reported herein. These estimates relate basically to the following:

- The measurement of possible impairment losses on certain assets (see Notes 2.14, 3-e), 3-g), 3-h), 3-i), 3-x), 6, 7, 8, 9, 10, y 11);
- The useful life of property, plant and equipment and of intangible assets (see Notes 3-g), 3-h), 6 and 7);
- The measurement of goodwill impairment and purchase price allocation in business combinations (see Notes 2.14, 6 and 8);
- The judgments used to determine the lease period and the discount rate to be applied when measuring the liability under 16 (see Notes 3-g, 3-i, 7 and 18);
- The fair value of certain financial assets and liabilities (see Notes 3-b), 9 and 17);
- The recoverability of deferred tax assets (see Notes 3-p) and 19); and
- The calculation of any provisions (see Notes 3-v) and 16);

Although these estimates were made on the basis of the best information available at year-end 2024, possible future events may require these estimates to be modified (upwards or downwards) in coming years. Changes in accounting estimates would be applied prospectively in accordance with the requirements of IAS 8, recognising the effects of the change in estimates in the consolidated statement of profit or loss for the affected years.

2.6 Grouping of items

Certain items in the consolidated statement of financial position, consolidated statement of profit or loss, consolidated statement of comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows were aggregated to make them easier to understand; however, whenever the amounts involved are material, the information is broken down in the related notes to the consolidated statement of profit or loss.

2.7 Comparison of information

As required under corporate law, the information relating to 2023 contained in these notes to the consolidated financial statements is presented for comparison purposes only with the information for 2024.

2.8 Environmental impact

Environmental assets are deemed to be assets used on a lasting basis in the Group's operations, whose main purpose is to minimise environmental impact and to protect and restore the environment, including the reduction or elimination of pollution in the future. In view of the activities in which group companies are engaged, the Group has no environmental liabilities, expenses, assets, provisions or contingencies that could have a material effect on its consolidated equity, financial position or results. Therefore, no specific disclosures relating to environmental issues are included in these notes to the consolidated financial statements. The Group takes sustainability risk into account in its decision-making and in any investment advice it provides as part of its activities (see Note 20).

2.9 Minimum own fund requirements

Access to the activity, the supervisory framework and prudential requirements for credit institutions and investment firms, and the minimum capital requirements for said entities and how capital is calculated are governed by Directive 2013/36 of the European Parliament and the Council, of 26 June 2013, on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms (amended by Directive 2019/2034 of the European Parliament and the Council, of 27 November 2019, on the prudential supervision of investment firms) and Regulation (EU) 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms, (amended by Regulation (EU) 2019/2033 of the European Parliament and of the Council, of 27 November 2019, on the prudential requirements of investment firms), govern access to the activity, the supervisory framework and prudential requirements for credit institutions and investment firms, and the capital adequacy requirements for said entities and how said adequacy is calculated. In addition, the options available to the competent domestic authorities under Regulation (EU) 575/2013, applicable to consolidated groups of investment services companies and to Spanish investment services companies whether or not they form part of a consolidated group, with respect to those matters considered necessary for the application of said Regulation, are governed by Circular 2/2014, of 23 June, issued by the Spanish National Securities Market Commission (CNMV), on the exercise of various regulatory options relating to solvency for investment services companies and their consolidated groups (see Note 21).

To guarantee that the capital of investment services companies and, where applicable, their consolidated groups, exceeds that required for them to be authorised to operate, they must comply with a minimum capital adequacy requirement at all times. Since 26 June 2021 this requirement has been determined by Regulation (EU) 2019/2033 of the European Parliament and of the Council, of 27 November 2019, on the prudential requirements of investment firms, amending Regulations (EU) 1093/2010, 575/2013, 600/2014 and 806/2014. Said Regulation (EU) 2019/2033 replaced the

prudential framework set out in Regulation (EU) 575/2013, the prudential requirements of which were based on those of credit institutions, with a specific framework for those investments services companies and, where applicable, their consolidated groups, which are not systemic by virtue of their size and their interconnectedness with other financial and economic actors.

At 31 December 2024, the Group's own funds exceeded the minimum requirements stipulated in the rules in force at the aforesaid date.

2.10 Investment Guarantee Fund and Fund for Orderly Bank Restructuring

At 31 December 2024 and 2023, Alantra Equities, Sociedad de Valores, S.A., Alantra Multi Asset, S.G.I.I.C., S.A.U. and Alantra Capital Markets, S.V., S.A.U. are the group companies party to the Investment Guarantee Fund (*Fondo de Garantía de Inversiones*). Expenses incurred by the Group for contributions to the Investment Guarantee Fund in 2024 and 2023 totalled EUR 15 thousand and EUR 70 thousand, respectively, which are recognised under "Other operating expenses" in the consolidated statement of profit or loss.

At 31 December 2024 and 2023, the Group held 7 shares and 12 shares, respectively, of EUR 200 par value, of the Investment Guarantee Fund's management company (see Note 9).

"Other operating expenses" in the 2023 consolidated statement of profit or loss also includes EUR 2 thousand for the contribution by Alantra Equities, Sociedad de Valores, S.A. and Alantra Capital Markets, Sociedad de Valores, S.A.U, in said year to the Fund for Orderly Bank Restructuring (*Fondo de Reestructuración Ordenada Bancaria*) (31 December 2024: no amount was included in this connection).

2.11 Error correction

No significant errors in the preparation of the accompanying consolidated financial statements were detected that required the figures disclosed in the 2023 consolidated financial statements to be restated.

2.12 Customer service department

Pursuant to Ministry of Economy Order ECO/734/2004 of 11 March on customer care departments and services and customer ombudsmen of financial institutions implementing Act 35/2002 of November 22, on measures to reform the financial system. the Group's subsidiaries Alantra Equities, Sociedad de Valores, S.A., Alantra Multi Asset, S.G.I.I.C., S.A.U., Alantra EQMC Asset Management, S.G.I.I.C., S.A. and Alantra Capital Markets, S.V., S.A.U. established their own customer service departments and regulations that fully and systematically govern the operations of these departments. These developments ensure customers can easily access the complaints system, and that any complaints or claims submitted by them are quickly resolved.

These customer service departments submit reports on their activities in 2024 to the companies' respective boards of directors. The reports state that no complaints or claims were filed by any customers in 2024, no decisions, recommendations or suggestions therefore had to be made in this regard.

2.13 Revenue and expense seasonality

The most significant operations carried out by the Alantra Group fundamentally involve advising, asset management and investment activities. Accordingly, they are not materially affected by seasonal factors within the same year.

2.14 Basis of consolidation

2.14.1 Subsidiaries

Subsidiaries are defined as entities over which the Group has the capacity to exercise control; control is, in general but not exclusively, presumed to exist when the Company owns directly or indirectly 50% or more of the voting rights of the investee or, even if this percentage is lower or zero, when, for example, there are other circumstances or agreements that give the Company control. A company has control over another investee when it is exposed, or has rights to variable returns from its involvement with the investee, and when it has the ability to use its power to affect its returns, even if the aforesaid percentage stake is not held.

The financial statements of the Group's subsidiaries are fully consolidated as per prevailing accounting standards. The following criteria, inter alia, were therefore adopted during consolidation:

1. All material balances and results of transactions carried out between consolidated companies, along with the material results of internal transactions that did not involve third parties were eliminated on consolidation.
2. Minority shareholders' shares in the equity and results of consolidated subsidiaries are shown under "Non-controlling interests" in the consolidated statement of financial position and under "Profit (loss) attributable to non-controlling interests" in the consolidated statement of profit or loss, respectively.
3. On acquisition, the assets, liabilities and contingent liabilities of a subsidiary are recognised at their fair value at the date of acquisition. Any excess of the cost of acquisition over the fair value of the identifiable net assets acquired is recognised as goodwill, Any negative differences are taken to income on the acquisition date (see Notes 3h and 3w).
4. When control over an associate is acquired, the investment prior to the date of acquisition is measured at fair value. Any positive or negative differences compared to the carrying amount are recognised under the line item "Gain (loss) on disposal of financial instruments - Other financial instruments" in the consolidated statement of profit or loss.
5. Any changes in the equity of consolidated subsidiaries as from the date of acquisition that are not due to changes in the percentages of capital held or percentage share of results, or to changes in their valuation adjustments are recognised under "Reserves" in the consolidated statement of financial position.

Loss of control over a subsidiary

When control over a subsidiary is lost, for consolidation purposes only, the profit or loss recognised in the separate financial statements of the company reducing its equity interest must be adjusted as per the following criteria:

- a. The amount relating to the reserves in consolidated companies generated since acquisition is taken to reserves in the company, reducing its equity interest.
- b. The amount relating to income and expenses generated by the subsidiary during the year until the date control is lost is presented based on its substance.
- c. The amounts relating to income and expenses recognised directly in the subsidiary's equity since the acquisition date that have not been taken to consolidated profit or loss are reclassified based on their substance, Associated translation differences are recognised under "Translation differences" in the consolidated statement of profit or loss.
- d. Any profit or loss existing after such adjustments have been made is recognised in the consolidated statement of profit or loss.

If control is lost without divestment of the equity interest in the subsidiary, the result of the transaction is also presented in the consolidated statement of profit or loss.

On the other hand, if the subsidiary in question becomes a jointly-controlled entity or associate, it is consolidated using the equity method on initial recognition at the fair value of the shareholding retained at said date. The balancing entry of the adjustment needed to measure the new equity interest at fair value is recognised as per the criteria described in the previous points.

Lastly, and for consolidation purposes only, an adjustment must be recognised in the consolidated statement of profit or loss to recognise non-controlling interests of income and expenses generated by the subsidiary during the year until the date control is lost, and in the income and expenses recognised directly in Equity transferred to profit or loss statement.

2.14.2 Jointly-controlled entities

A jointly-controlled entity is an entity which, not being a subsidiary, is jointly controlled by the Group and one or more companies not related to the Group. This heading includes joint ventures. Joint ventures are contractual arrangements whereby two or more entities ("venturers") undertake an economic activity or hold assets so that any strategic financial or operating decisions affecting them requires the unanimous consent of all venturers, and those operations and assets are not part of any financial structure other than those of the venturers, Jointly-controlled entities are measured using the equity method, as defined in prevailing accounting standards and below.

2.14.3 Associates

Associates are defined as companies over which the Company is in a position to exercise significant influence, but not control or joint control. This influence is usually evidenced by a direct or indirect holding of 20% or more of the investee's voting rights, unless it can be clearly demonstrated that such influence does not exist, Associates are measured using the equity method, as defined in prevailing accounting standards.

On acquisition, associates are recognised at fair value under "Investments accounted for using the equity method" in the consolidated statement of financial position, Fair value is equal to the share of the investee's equity held, excluding any treasury shares. Goodwill generated due to any excess of the cost of acquisition over the fair value of the identifiable net assets acquired is recognised as part of the value of the equity interest held under "Investments accounted for using the equity method" and not separately under "Intangible assets – Goodwill".

Associates were consolidated using the equity method. Investments in associates were therefore measured for an amount equivalent to the Group's share of the associates' capital, after taking into account the dividends received and other equity eliminations. The profit or loss of associates is recognised for an amount equal to the percentage of equity held in it, increasing or decreasing, as applicable, the carrying amount of the investment in the Group's consolidated statement of financial position. Any increase in value attributed to the identifiable net assets acquired is amortised over the useful lives of said assets. If, as a result of losses incurred by an associate, its equity were negative, the investment would be presented in the Group's consolidated statement of financial position with a zero value, unless the Group is obliged to give it financial support. The corresponding income or expense is recorded under "Results of companies accounted for using the equity method" in the consolidated income statement.

Pursuant to prevailing accounting rules, when there is evidence of impairment of investments in associates, the amount of the impairment is estimated as the negative difference between the recoverable amount (calculated as the higher of fair value of the investment less costs to sell and value in use; value in use is defined as the present value of the cash flows expected to be received on the investment in the form of dividends and those from its sale or other disposal) and the carrying amount. Unless there is better evidence of the recoverable amount of the investment, the estimate of impairment of this asset class is based on the equity of the investee (consolidated where applicable) adjusted for unrealised gains at the date of measurement. Losses due to impairment of these investments are recognised under "Impairment loss/reversal on financial instruments" in the consolidated statement of profit or loss. The reversal of any impairment loss is limited to the carrying amount of the investment that would have been recognised at the reversal date had no impairment loss been recognised.

In accordance with IAS 28, investments in associates held indirectly through a venture capital entity, investment fund, unit trust or similar vehicle may not be accounted for using the equity method. Consequently, if a group has subsidiaries that are classified as "investment entities" for the purposes defined in IFRS 10, the obligation to use the equity method to account for those investees over which the group has significant influence through said entities does not apply. Such investees are measured at fair value through profit or loss and recognised under "Non-current financial assets – At fair value through profit or loss" in the consolidated statement of financial position.

2.14.4 CISs and private equity firms

Where the Group incorporates entities or holds stakes in them in order to provide its customers with access to certain investments, consideration is given pursuant to internal criteria and procedures and considering IFRS 10 as to whether the Group controls them and therefore, whether or not they should be consolidated. These methods and procedures take into consideration, *inter alia*, the risks and rewards retained by the Group, including all material items such as guarantees given or losses associated with the collection of receivables retained by the Group. These entities include CISs and private equity firms managed by the Group, which are not consolidated as the stipulations on the Group's control over them are not met. Specifically, the Group acts as an agent not a principal because it does so in the name of and to the benefit of investors or parties concerned (the principal or principals) and therefore, does not control said undertakings or vehicles when it exercises its decision-making powers.

In the case of both subsidiaries and jointly-controlled entities and associates, the results of companies acquired during the year are included in the consolidated statement of profit or loss from the date of acquisition to year-end. Similarly, the results of subsidiaries disposed of during the year are included in the consolidated statement of profit or loss from the beginning of the year to the date of disposal.

In the case of group companies whose accounting and measurement methods differ from those of the parent, adjustments based on the Group's criteria were made upon consolidation in order to present the consolidated financial statements on a like-for-like basis.

Details of consolidated companies and the most relevant information thereon at 31 December 2024 and 2023, including the most relevant disclosures on acquisitions and disposals in said periods are provided below:

Investments in group companies at 31 december 2024:

(12) Companies whose financial statements are audited by Deloitte.

Separate financial statements

The separate financial statements of the Group's parent (Alantra Partner, S.A.) were prepared in accordance with the Spanish General Chart of Accounts (*Plan General de Contabilidad*) approved by Royal Decree 1514/2007 of 16 November, which has been amended by Royal Decree 602/2016 and by Royal Decree 1/2021, and the sector-specific versions thereof. The Group recognises its investments in subsidiaries, associates and jointly-controlled entities at cost in the separate financial statements, as stipulated in the Spanish General Chart of Accounts.

The financial statements of Alantra Partners, S.A. at 31 December 2024 and 2023 are as follows:

ALANTRA PARTNERS, S.A.

Main transactions during the year 2024

Change of the consolidation method of Alantra Investment Pool, S.L.

Alantra Investment Pool, S.L. was incorporated on 5 February 2020 for an indefinite term in order to centralise the interests in the investment vehicles held by the Group. Initially, this company was wholly owned by the Group. On 27 February 2020 the Mutua Group was incorporated as a reference partner of the Group's alternative asset management division through the acquisition of 20% of the capital of Alantra Investment Managers, S.L. and a joint investment agreement in the funds and other products managed by the Group (through Alantra Investment Pool, S.L.). In accordance with the investment agreement in the funds and other products managed by the Group, the Group sold 4,990 shares of Alantra Investment Pool, S.L. (representing 49.90% of its capital), retaining an ownership interest of 50.10%. The parties acquired the obligation to reach a joint investment in such products in the following four years of EUR 100 million.

On 31 December 2023, the deadline for assuming the investment commitments was reached. The shareholders agreement regulates the relationships between the shareholders and the company as well as the regime applicable to the company's decision-making. In accordance with the shareholders agreement and the control principle defined in accounting regulations (IFRS 10), since 1 January 2024, Alantra has not been able to direct the Company's relevant activities unilaterally and, in particular, acquiring new investment commitments in vehicles managed by the Group will require the joint agreement of the shareholders and, therefore, Alantra does not exercise control thereover. Accordingly, at 31 December 2024, the Alantra Group reevaluated the analysis concerning the control of Alantra Investment Pool, S.L. and concluded that control had been lost in light of the shareholders agreement, and it will recognise its investment in Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method in accordance with IAS 28.

In 2024, as a result of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method, the Group no longer holds a direct interest in companies owning solar PV power generation plants; Alteralia Real Estate Debt, F.I.L.; Alantra Private Equity Secondary Fund, S.C.R., S.A.; Alantra Private Equity Fund, III, S.C.R., S.A.; Alantra Private Equity Fund, III, F.C.R.; Sabadell Asabys Health Innovation Investments, S.C.R., S.A.; Sabadell Asabys Health Innovation Investments II, F.C.R.; Asabys Top Up Fund, F.C.R.; Titan II Infrastructure, F.C.R.; Rhea Secondaries, F.C.R.; Alantra Desarrollo Solar, F.C.R.E., S.A.; Mercapital Spanish Buy-Out Fund III Continuation, F.C.R.; Titán Infraestructuras, F.C.R. and N-Sun Energy, S.L. (see Note 9.2).

Partial disposal of Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A.

Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. was incorporated on 14 September 2020. On 23 September 2022, Alantra Investment Managers, S.L. sold 1,830 shares of Alantra Enagás Energy Transition, S.G.E.I.C., S.A. to a third party for an immaterial amount. On the same date, this company's share capital was increased through the issue of new shares with a charge to monetary contributions. On the same date, this company's share capital was increased through the issue of new shares with a charge to monetary contributions. Accordingly, at 31 December 2022 Alantra Investment Managers, S.L. held 56% of the share capital thereof. On 4 November 2022, Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. was registered in the Administrative Register of Closed-End Investment Entity Management Companies of the CNMV.

On 23 September 2022, a shareholders agreement was entered into which provided for cross-options on all the shares of Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. held by a non-controlling shareholder (25% of its share capital). Under these options the Group has the obligation to purchase, acquire and pay the agreed price for all the aforementioned shares and the non-controlling shareholders have the right to sell those shares to the Group (non-controlling shareholders' put option). The terms and conditions, dates, scenarios and amounts to be disbursed for the exercise of these options are included in the aforementioned shareholders

agreements. The accounting policy for the recognition of the liability generated by these options, and of the subsequent changes therein, is described in the "Acquisition of additional ownership interest in Alantra AG and obtainment of control" section (see below).

On 28 February 2023, the Group increased the ownership interest held by it in the share capital of Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. by 1%, as a result of the divestment by a non-controlling shareholder of its equity interest for an immaterial amount. Thus, at 31 December 2023 the Group held a 57% stake in the share capital of this company.

Subsequent to 2024 year-end, the Group increased by 19.37% the ownership interest held by it in the share capital of Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. This transaction was performed through the transfer of 1,830 shares to the Company for an immaterial amount and the acquisition of 36,750 treasury shares by Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. As a result of the above-mentioned transaction, the amount of the cross options, EUR 934 thousand, was reclassified to "current financial liabilities – Other financial liabilities" in the consolidated statement of financial position as at 31 December 2023.

On 20 February 2024, as part of the agreements entered into, the change in the name of Alantra Enagás Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. to Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. was registered in the Mercantile Registry.

On 27 June 2024, the Group reduced by 4.38% its ownership interest in the share capital of Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. This transaction was performed through the transfer of 3,948 shares to executives of the company and the acquisition of 315 treasury shares by Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. In addition, on the same date, 35,508 of the company's treasury shares were retired and a capital increase of 6,187 shares was conducted with a charge to unrestricted reserves which was subscribed in full by the shareholders of Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. in proportion to their respective ownership interests in the company's share capital.

As a result, at 31 December 2024, Alantra Investment Managers, S.L. holds 71.99% of its share capital.

Acquisition of an additional equity interest in Alantra AG:

On 4 July 2018, Alantra Partners, S.A. reached an agreement for the acquisition of an ownership interest representing 55% of the dividend rights and 30% of the voting power of Alantra AG, a Swiss company engaging in the provision of financial advisory services in corporate transactions. This ownership interest was additional to the one held since 2014, representing 25% of the dividend rights and 50% of the voting power of Alantra International Corporate Advisory, S.L. Consequently, following the aforementioned acquisition, the Group, through the Company and Alantra International Corporate Advisory, S.L., owns 80% of the voting power and dividend rights of Alantra AG.

Also on 4 July 2018, an agreement was entered into among shareholders (Group and non-controlling interests) which addressed various matters relating to the governance of Alantra AG.

Lastly, the transaction was completed and the Group obtained control on 25 July 2018.

The main terms and conditions of the transaction were as follows:

- Delivery of 571,488 new shares of Alantra Partners, S.A. (following a capital increase approved by the General Meeting), which were subscribed and paid by the (non-controlling) shareholders of Alantra AG, as consideration for the non-monetary contribution of 29,998 Alantra AG shares representing 29.998% of the voting power and 14.999% of the dividend rights, as well as 80,000

certificates representing 40% of Alantra AG's dividend rights but not carrying any voting power. The Company shares received by the non-controlling shareholders as part of the deal will be subject to a lock-up of up to six years. This agreement was automatically terminated at the end of the aforementioned six-year period, i.e., in 2024.

The Group and the non-controlling shareholders agreed to exchange the cash flows relating to the earnings obtained in 2021 to 2023 (initially 2018 to 2020) from, respectively, the Alantra AG dividend rights acquired by the Group and the dividend rights of the Company shares issued in the capital increase carried out for the aforementioned acquisition and subscribed by the non-controlling shareholders. During the financial year 2021, the parties have agreed that the right of usufruct over the shares subject to exchange of Alantra will be Alantra International Corporate Advisory, S.L. U instead of Alantra Partners, S.A. This agreement was automatically terminated in 2024.

Lastly, as described below, the agreements between the Group and the non-controlling shareholders included the grant of cross-options (put and call options) on the 20% of the dividend and voting rights still held by the non-controlling shareholders. In 2020 the maturity date of these cross options was extended to 31 March 2024 and 30 June 2024, with all the other conditions concerning these options remaining unchanged.

In the shareholder agreements, cross options on all shares of Alantra AG still held by the minority shareholders, which correspond to 20% of the economic and political rights, were agreed. Pursuant to these options, Alantra International Corporate Advisory, S.L. has the obligation to purchase, acquire and pay the agreed price for all the aforementioned shares in the first quarter of 2024 (initially 2021), and the non-controlling shareholders have the right to sell those shares to the Group in the three months thereafter (non-controlling shareholders' put option), if the call option has not been exercised beforehand.

On 10 June 2024 Alantra International Corporate Advisory, S.L. exercised the purchase option and acquired 20,000 shares from the non-controlling shareholders, representing 20% of the share capital of Alantra AG, for a total of EUR 1,500 thousand. As a result of this transaction, the Group derecognised the financial liability associated with the sale option granted to the non-controlling shareholders, and the lock-up agreements and the agreement to exchange cash flows relating to the earnings in the period 2021-2023 were terminated (see Note 11).

Accordingly, the Group's ownership interest in Alantra AG increased to 100%.

Agreement with the non-controlling shareholders of Alantra Equities, S.V., S.A.

On 19 July 2021, certain non-controlling shareholders of Alantra Equities, S.V., S.A. formalised among themselves agreements to sell shares of the aforementioned company, which has partially financed the Group in exchange for a right of usufruct over 10.247% of the share capital of Alantra Equities, S.V., S.A. until 31 May 2024.

On 26 February 2024, one of the non-controlling shareholders mentioned above entered into an agreement to sell its entire ownership interest in Alantra Equities, S.V., S.A. The shares sold by that non-controlling shareholder were acquired by Alantra Equities, S.V., S.A., new non-controlling shareholders and former shareholders of the company. The acquisitions with the non-controlling shareholders were instrumented in different agreements with Alantra Equities, S.V., S.A. and with Alantra Partners, S.A. In this transaction, Alantra Equities, S.V., S.A. acquired 6.10% of the share capital and sold 4.50% at a deferred variable price equal to the dividends and distributions from the date of the agreement until 31 December 2028, while Alantra Equities, S.V., S.A. retained treasury shares representing 1.60% of the share capital.

On the same date, a shareholders agreement was entered into, superseding the previous agreement signed on 19 July 2021, whereby cross-options were provided for on all the shares of Alantra Equities, S.V., S.A. held by the non-controlling shareholders, corresponding to 49.99% of the share capital.

Therefore, the Group is required to purchase, acquire and pay the agreed price for all of those shares and the non-controlling shareholders have the right to sell those shares to the Group (non-controlling shareholders' put option). The terms and conditions, dates, scenarios and amounts to be disbursed for the exercise of these options are included in the aforementioned shareholders agreement. The accounting policy for the recognition of the liability generated by these options and of the subsequent changes therein is described in the section entitled "Acquisition of an additional equity interest in Alantra AG" (see above).

Accordingly, at 31 December 2024, "Non-current financial liabilities – Other financial liabilities" on the liability side of the consolidated statement of financial position includes EUR 4,402 thousand (31 December 2023: EUR 4,712 thousand) relating to the put options held by the non-controlling shareholders of Alantra Equities, S.V., S.A. (see Note 17), and this gave rise to an appropriation to reserves as a result of the fair value measurement of this liability (see Note 14).

Other transactions in 2024

Various transactions with non-controlling shareholders of Alantra International Corporate Advisory, S.L. took place over 2024 for immaterial amounts, whereby Alantra Partners, S.A. increased its ownership interest by 3.19%. As a result, at 31 December 2024, Alantra Partners, S.A. holds 99.60% of the company's share capital.

On 6 February 2024, due to the departure of a non-controlling shareholder, Alantra Corporate Portfolio Advisors, S.L. acquired treasury shares representing 5.55% of the share capital by means of a capital reduction with the retirement of treasury shares. As a result, Alantra Partners, S.A.'s ownership interest in that company increased to 70.59%. The purchase price for the shares consisted of an initial price of EUR 900 thousand. In addition, a deferred variable price was established to be determined on the basis of the level of achievement of certain business indicators in 2024-2026 (see Note 17.1). At 31 December 2024, the Group estimated that variable price at EUR 446 thousand, which was recognised under "Non-current financial liabilities" in the consolidated statement of financial position (see Note 17.1).

As a result of the agreements signed on 20 November 2023 for Alantra Private Debt Investment Managers, S.L. to acquire a stake in the company from a non-controlling shareholder, on 6 February 2024, the resolutions of the Annual General Meeting of Alantra Private Debt Investment Managers, S.L. approving the capital increase thereof were executed in a public deed. In addition, the capital increase through non-cash contributions, which was subscribed in full by Alantra Investment Managers, S.L. and performed by contributing 98,000 shares representing 49% of the share capital of Indigo Capital S.A.S., was approved. The monetary capital increase subscribed in full and paid by the company's non-controlling shareholder was also approved. Following this increase, at 31 December 2024, Alantra Investment Managers, S.L. held 82.50% of the share capital of Alantra Private Debt Investment Managers, S.L. In turn, the indirect ownership interest held by Alantra Partners, S.A. in Indigo Capital, S.A.S. was reduced to 32.34%, resulting in the recognition of a gain of an immaterial amount in "Gain (loss) on disposals of financial instruments – Other financial instruments" in the consolidated statement of profit or loss for 2024.

On 5 April 2024, Alteralia Credit Opportunities Management S.à.r.l., with its registered office in Luxembourg, was incorporated, in which Alantra Private Debt Investment Managers, S.L., which had disbursed EUR 12 thousand, holds all of its share capital.

On 30 April 2024 the sale of all of the shares held by Alantra Corporate Portfolio Advisor, S.L. in UDA Real Estate Data, S.L., a company offering Big Data and AI-based technological services for the real estate industry, was executed in a public deed.

On 21 May 2024, Alantra Corporate Portfolio Advisors International Limited (Ireland) increased its stake in the share capital of Alantra Corporate Portfolio Advisors International Limited Greece by 0.1% as a result of the departure of a non-controlling shareholder, for an immaterial amount. As a result, at

31 December 2024, Alantra Corporate Portfolio Advisors International Limited (Ireland) held all the share capital thereof.

On 29 May 2024, Alantra Business Consultancy Shanghai Co., Ltd. was deregistered from the Shanghai Mercantile Register and was therefore extinguished.

On 14 June 2024, as a result of the departure of a non-controlling shareholder, Alantra Corporate Portfolio Advisors, S.L. increased its ownership interest in the share capital of Alantra Corporate Portfolio Advisors International Limited by 2.95% for an immaterial amount. Accordingly, at 31 December 2024, Alantra Corporate Portfolio Advisors, S.L. held 72.95% of the share capital thereof.

On 24 June 2024, Alantra Investment Managers, S.L., sole shareholder of Brooklin Buy-Out Limited, resolved to dissolve and liquidate the company which was deregistered from the Dublin Mercantile Register on 13 November 2024 and therefore extinguished.

On 11 July 2024, Alantra International Corporate Advisory, S.L., sole shareholder of Quattrocento SAS, resolved upon the dissolution without liquidation of the company which was deregistered from the Paris Mercantile Register on 31 August 2024 and therefore extinguished. As a result of the liquidation of Quattrocento SAS, the ownership interest held by Alantra International Corporate Advisory, S.L. in Alantra France Corporate Finance SAS was increased to 100%.

On 28 April 2023 a shareholders agreement was entered into which stipulated that if Alantra Corporate Finance (DIFC) Limited were to achieve a specified cumulative profit from operations in the period from the date on which control was obtained (the date on which the conditions precedent were satisfied) to 31 December 2024, an additional percentage (7.5%) of the company's dividend rights would be transferred to the non-controlling shareholders who are at the same time executives of this company. This scenario was accounted for in accordance with IFRS 2 "Classification and measurement of share-based payment transactions" (see Note 3-x), whereby the Group recognised staff costs in 2023 of EUR 87 thousand under "Staff costs" in the consolidated statement of profit or loss for that year, corresponding to the best estimate available at that date of the number of equity instruments expected to be delivered in 2024. At 31 December 2023, the Board of directors considered that the agreed conditions for delivery were met; the aforementioned 7.5% of the aforementioned dividend rights had not yet been transferred. On 16 October 2024, Alantra International Corporate Advisory, S.L. delivered the corresponding shares to the non-controlling shareholders reducing its ownership interest in the share capital of Alantra Corporate Finance (DIFC) by 7.5%. As a result, the ownership interest held by Alantra International Corporate Advisory, S.L. in the company decreased to 60.00%.

Various transactions with non-controlling shareholders of Alantra Nordics AB took place over 2024 for immaterial amounts, whereby Alantra International Corporate Advisory, S.L. increased its ownership interest by 5.50%. As a result, at 31 December 2024, Alantra International Corporate Advisory, S.L. held 79.50% of the company's share capital.

On 11 December 2024, as a result of the departure of a non-controlling shareholder, Alantra Corporate Portfolio Advisors, S.L. increased its stake in the share capital of Alantra CPA Iberia, S.L. by 1% for an immaterial amount. As a result, Alantra Corporate Portfolio Advisors, S.L.'s ownership interest in that company increased to 99.50%.

Significant transactions from previous years

Investment in projects to develop solar PV energy generation plants

On 14 May 2021, Alantra Solar New, S.L. was incorporated, with Alantra Investment Managers, S.L. owning a 51% equity interest, for which it disbursed EUR 549 thousand.

On 30 December 2021 a shareholders agreement was entered into which provided for cross-options on all the shares of Alantra Solar Energy Advisors, S.L. held by non-controlling shareholders (49% of its share capital). Under these options the Group has the obligation to purchase, acquire and pay the agreed price for all the aforementioned shares and the non-controlling shareholders have the right to sell those shares to the Group (non-controlling shareholders' put option). The terms and conditions, dates, scenarios and amounts to be disbursed for the exercise of these options are included in the aforementioned shareholders agreements. The accounting policy for the recognition of the liability generated by these options, and of the subsequent changes therein, is described in the "Acquisition of additional ownership interest in Alantra AG and obtainment of control" section (see below). Accordingly, "Non-Current Financial Liabilities – Other Financial Liabilities" on the liability side of the consolidated statement of financial position at 31 December 2024 includes EUR 813 thousand, relating to the put options held by the non-controlling shareholders of Alantra Solar Energy Advisors, S.L. (See note 17).

Alantra Investment Managers, S.L. sold all the shares of Alantra Solar Investments, S.A. (formerly Alantra Real Estate Asset Management, S.A.) to Alantra Investment Pool, S.L., Alantra Desarrollo Solar, S.C.R., S.A. (to which it sold 49.41% each) and to other non-controlling shareholders for immaterial amounts. The aforementioned transaction was executed in a public deed of purchase and sale on 30 December 2021. On that same date, the new shareholders of Alantra Investment Pool, S.L. and Alantra Solar Investments, S.A. (formerly Alantra Real Estate Asset Management, S.A.) made equity contributions of EUR 10,302 thousand and EUR 20,254 thousand for the acquisition of an ownership interest of approximately 10.12% of various companies owning projects to develop solar PV energy generation plants located in Spain and Italy; these amounts were recognised under "Non-Current Financial Assets - Financial Assets at Fair Value Through Other Comprehensive Income" on the asset side of the consolidated statement of financial position.

The consideration of the transaction was a cash consideration of EUR 20,212 thousand that has already been settled, EUR 796 thousand that settled during 2022 and a contingent consideration of up to EUR 4,015 thousand that will be calculated on the basis of the level of development of certain projects at 31 December 2024.

On 29 June 2021, N-Sun Energy, S.L. was incorporated; its company object is the investment in solar renewable energy projects, including investment in marketable securities, property, plant and equipment, companies and projects related to renewable, wind and solar power. Specifically, it will be the vehicle through which the investment in solar PV project companies held by Alantra Solar Investments, S.A. will take place, through two second-tier holding companies: N-Sun Spain Energy Advisors, S.L. and N-Sun Italia Energy Advisors, S.L. ("the second-tier holding companies").

On 2 December 2022, the sole shareholder of N-Sun Energy, S.L. resolved to increase the company's share capital, with the entry of new shareholders, thus reducing the ownership interest of the Alantra Group in the company's share capital through Alantra Investment Pool, S.L. to 1.14%. Also, a shareholders agreement was entered into to regulate the terms and conditions of the shareholders' investment in the company, their relationship and the management thereof.

On the same date, N-Sun Energy, S.L. and Alantra Solar Energy Advisors, S.L. entered into an agreement for the management of N-Sun Energy, S.L. and the supervision of both the second-tier holding companies and the aforementioned solar PV projects.

Also, prior to 2022 year-end, Alantra Solar Investments, S.A. sold a portion of the solar PV plants held in its portfolio to the aforementioned second-tier holding companies for EUR 4,370 thousand, calculated in accordance with a valuation methodology the variables of which take into account the results of the model drawn up by an independent expert to determine prices per megawatt peak (MWp). The Group received EUR 1,941 thousand, of which EUR 2,429 thousand had not been received at 2022 year-end, and this amount was recognised under "Trade and other receivables – Other receivables" on the asset side of the consolidated statement of financial position as at 31 December 2022 (see Note 10.2). These amounts were settled in accordance with a payments schedule subject to the achievement of certain milestones regarding the development of the projects. These amounts were settled in accordance with the payment schedule in 2023.

In addition, the Group has received, as a prepayment, 5% of the fair value of certain projects, the sale of which will be executed in 2023, on the basis of their stage of completion, an amount of EUR 302 thousand, which is recognised under "Other current liabilities" on the liability side of the consolidated statement of financial position as at 31 December 2022 (see Note 12). During 2023, a portion of the solar PV plants were sold for EUR 1.085 thousand, calculated in accordance with a valuation methodology the variables of which take into account the results of the model drawn up by an independent expert to determine prices per megawatt peak (MWp). At 2023 year-end, EUR 697 thousand had not yet been received, and this amount was recognised under "Trade and other receivables – Other receivables" on the asset side of the consolidated statement of financial position as at 31 December 2023 (see Note 10.2). These amounts will be settled in accordance with a payments schedule subject to the achievement of certain milestones regarding the development of the projects. As a result of the aforementioned sale, the Group recognised a net gain of EUR 587 thousand in equity under "Accumulated other comprehensive income - Equity instruments at fair value through other comprehensive income" in the consolidated statement of financial position as at 31 December 2023 (see Notes 9.2 and 15).

In addition, the Group has received, as a prepayment, 5% of the fair value of certain projects, the sale of which will be executed in 2023, on the basis of their stage of completion, an amount of EUR 126 thousand, which is recognised under "Other current liabilities" on the liability side of the consolidated statement of financial position as at 31 December 2023 (see Note 12).

Also, prior to 2023 year-end, Alantra Solar Investments, S.A. sold another portion of the solar PV plants held in its portfolio to the aforementioned second-tier holding companies for EUR 4,618 thousand, calculated in accordance with a valuation methodology the variables of which take into account the results of the model drawn up by an independent expert to determine prices per megawatt peak (MWp), although the related agreement had not been executed at 31 December 2023. Subsequent to year-end, the Group received an advance payment, corresponding to 5% of the fair value of the aforementioned projects—on the basis of their stage of completion—, the sale of which will be executed in 2024.

Within the framework of the initial agreement it was considered that at least 85% of the projects were likely to reach a stage of completion that would enable them to be sold. If this were not the case, the Group would receive the compensation established in the related contractual provisions. In 2023 several of the solar PV plant projects, representing more than 15% of the total, were unable to obtain the necessary permits and, therefore, were deemed to have failed. In this connection, the Group recognised an increase of EUR 1,843 thousand in the aforementioned assets, relating to the amount of the expected compensation, with a credit to "Accumulated other comprehensive income - Equity instruments at fair value through other comprehensive income" in equity in the consolidated statement of financial position as at 31 December 2023 (see Note 9.2).

At 2023 year-end, the fair value, calculated in accordance with a valuation methodology the variables of which take into account the results of the model drawn up by an independent expert to determine prices per megawatt peak (MWp) , of the investment in the solar PV plants recognised in the consolidated balance sheet amounted to EUR 17,895 thousand which gave rise to a net increase in fair value of EUR 2,341 thousand which is recognised in equity under "Accumulated other comprehensive income - Equity instruments at fair value through other comprehensive income" in the consolidated statement of financial position as at 31 December 2023 (see Note 9).

In 2024, as a result of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method, the Group no longer holds a direct ownership interest in Alantra Solar Investments, S.A. (see Note 2.14).

Acquisition of an ownership interest in Avolta Partners SAS without obtainment of control

On 7 April 2022, the Group acquired 33.67% of Avolta Partners, SAS. Avolta is a French firm that provides independent M&A and corporate financial advisory services in the technology industry to start ups and venture capital and private equity entities, among others.

The purchase price of the shares consisted of an initial price of EUR 1,683 thousand in cash and a maximum earn-out of EUR 2,183 thousand which will be determined on the basis of the level of achievement of certain indicators regarding projected net profit for 2023-2024. At 31 December 2022, the Group considered that the conditions necessary for the accrual of the maximum amount of the earn-out were being met. In 2023, as a result of the entity's situation, the full amount of this earn-out of EUR 2,183 thousand was reversed with a credit to "Loss/reversal of loss on impairment of financial instruments" in the consolidated statement of profit or loss at the date of authorisation for issue of these consolidated financial statements, the aforementioned options had not been executed (see Note 17.1).

The Board of directors deem that the right conditions have been fulfilled to consider Avolta Partners, SAS as an associate and that the Alantra Group does not control it. Consequently, the equity stake in Avolta Partners, SAS has been recognised using the equity method under "Investments accounted for using the equity method" on the assets side of the consolidated statement of financial position.

In the process of identifying the net assets acquired, the amount of the investment in Avolta Partners, SAS recognised under "Investments accounted for using the equity method" included EUR 3,609 thousand associated with underlying goodwill. The changes in value of the ownership interest held by the Group in Avolta Partners, SAS are recognised under "Share of Profit or Loss of Entities Accounted for Using the Equity Method" in the consolidated statement of profit or loss.

Restructuring of companies in the asset management business and joint investment agreement, in order to include Grupo Mutua as a reference shareholder

On 26 November 2019, subsequently rectified on 27 December 2019, the Company, as the sole shareholder of Alantra Investment Managers, S.L., resolved to increase the share capital of the latter through the issuance of 47,932 ordinary shares of EUR 1 par value each and a share premium of approximately EUR 60 per share, to be subscribed and paid by means of a non-cash contribution consisting of 100% of Alantra Multi Asset, S.G.I.I.C., S.A.U., 75% of Alantra Debt Solutions, S.L., 100% of Alantra Reim, S.L.U., 46.56% of Baruch Inversiones, S.L. and 100% of Alantra CRU, S.L.U. The purpose of the transaction was to effect the necessary internal reorganisation of the Group's asset management business, in order to centralise it under a single entity, with a view to subsequently including Grupo Mutua as a reference shareholder for this business.

Subsequently, on 5 February 2020, the Group incorporated Alantra Investment Pool, S.L., in order to centralise the holdings of the investment vehicles held by the Group. On 14 May 2020, the Company communicated by means of a Significant Event, following the fulfilment of the corresponding conditions precedent, the incorporation of the Mutua Group as a reference partner of the Group's alternative asset management division, through the acquisition of 20% of the capital of Alantra Investment Managers, S.L. and a joint investment agreement in the funds and other products managed by the Group (through Alantra Investment Pool, S.L.).

The acquisition by Grupo Mutua of 20% of the aforementioned Alantra asset management division was effected through:

- a contribution of EUR 45 million which will be used to finance the plan for the area's growth and international expansion. This contribution was instrumented through the acquisition by Grupo Mutua of 2% of Alantra Investment Managers, S.L. from the Company (by way of a sale) for EUR 3,673 thousand and, simultaneously, a capital increase at Alantra Investment Managers, S.L. involving the issuance of 87,994 shares of EUR 1 par value and a share premium of approximately EUR 468.65 each, which was subscribed in full by Grupo Mutua.
- an additional deferred payment by Grupo Mutua of up to EUR 11.2 million, to be determined on the basis of the degree to which Alantra Asset Management achieves certain business indicators envisaged for 2020-2023; this payment will be made, as the case may be, on the date a liquidity event occurs or, if none has taken place by then, on 1 April 2024. At the

transaction date and at 31 December 2020, the Group considered that the conditions necessary for the accrual of the balance receivable relating to the deferred payment had not been met.

As a result of the above transaction, the Group retained control of Alantra Investment Managers, S.L. and its subsidiaries, and the aforementioned transaction did not have any impact on the consolidated statement of profit or loss, the capital gain obtained being recognised with a credit to reserves of EUR 29 millions.

Lastly, under the agreement for joint investment in the funds and other products managed by the Group, the Company sold 4,990 shares of Alantra Investment Pool, S.L. (representing 49.90% of its share capital) to Grupo Mutua for EUR 19,581 thousand. Since the Group did not lose control of Alantra Investment Pool, S.L., the capital loss incurred, which was not material, was recognised with a charge to reserves in 2020. Furthermore, the two parties have assumed the obligation to achieve a joint investment of EUR 100 million in those products over the next four years.

In 2024, as a result of the shareholders agreement entered into, the Group recognised the investment in Alantra Investment Pool, S.L. as an interest in a joint venture.

Acquisition of a 50% interest in the Landmark Group (operation carried out in 2016)

On 20 April 2016 Alantra International Corporate Advisory, S.L. incorporated Alantra Chile Spa, with a contribution of USD 1 thousand.

As reported in a Material Disclosure on 24 May 2016, Alantra Chile Spa signed a sale-purchase contract on 23 May 2016 to acquire 50% of the shares of Landmark Capital, S.A., a Chilean company and head of a corporate group (hereinafter, the "Landmark Group") with operations in Chile and Argentina, Brazil and Colombia, The company specialises in advising on corporate transactions in Latin America, Landmark Capital, S.A.'s investee companies include Landmark Capital Asesoría Empresarial Ltda., Landmark Capital Argentina SRL and Landmark Capital Colombia SAS.

The sale-purchase was organised in two stages:

- First stage (already completed): at the date of the sale-purchase contract, Alantra Chile Spa acquired 30.0705% of the share capital of Landmark Capital, S.A. for USD 5,011,758.
- Second stage (not completed): acquisition by Alantra Chile Spa of approximately an additional 20% of the Landmark Capital, S.A. share capital in 2019 at a price calculated according to the earnings recorded by the Landmark Capital, S.A. in 2016, 2017 and 2018, However, on 9 June 2017 the Group acquired additional shares of Alantra Chile SPA, bringing its ownership interest to 30.95%. The effective date of this second transaction was established as 1 January 2019, and from this date Alantra Chile SPA would have acquired the rights and obligations pertaining to approximately 50% of the Landmark Group. At the date of preparation of these consolidated financial statements this acquisition had not been performed as neither party had requested it to be performed within the related deadline, and it is not expected to be performed.

The Directors of the Company consider that at 31 December 2024 and 2023 the conditions for considering the Landmark Group as an associate were met and that the Alantra Group did not have control of the Landmark Group. Accordingly, the investment in the Landmark Group was recorded applying the equity method under "Investments accounted for using the equity method" on the assets side of the consolidated statement of financial position at 31 December 2024 and 2023, Based on its performance, this investment was almost entirely impaired at 31 December 2024 and 2023 (see Note 8).

Lastly, on 3 February 2022 Alantra Chile, SpA acquired from a third party six shares of Landmark Capital, S.A., representing 0.53% of its share capital, for an immaterial amount. Accordingly, at 31

December 2024 and 2023 Alantra Chile, SpA owned 31.48% of the share capital of Landmark Capital, S.A.

Other operations

As announced by way of a Material Disclosure dated 11 July 2018, Alantra Partners, S.A. reached an agreement for the acquisition, by Alantra CRU, S.L.U., of Portfolio Solutions Group, the global division of KPMG LLP (UK) which engages in the provision of advisory services for transactions involving credit portfolios, non-performing loans (NPLs) and non-strategic bank assets. Lastly, on 14 August 2018 the Company announced, by way of a Material Disclosure, that the transaction had been completed, following satisfaction of the condition precedent. In addition, on 4 July 2018 a shareholders agreement was entered into which stipulated that if Alantra Corporate Portfolio Advisors International Limited were to achieve a specified cumulative profit from operations in the period from the date on which control was obtained (the date on which the conditions precedent were satisfied) to 31 December 2023 and 2022, an additional percentage (10%) of the company's dividend rights would be transferred to the non-controlling shareholders, who are at the same time executives of this company. This scenario was accounted for in accordance with the amendments to IFRS 2 "Classification and measurement of share-based payment transactions" (see Note 3-x), whereby the Group has recognised under "Personnel expenses" in the consolidated income statements for the financial years ended 31 December 2023 and 2022 an expense of EUR 641 thousand and EUR 639 thousands, respectively, corresponding to its best estimate of the number of equity instruments it expects to release in 2023. At 31 December 2024 and 2023, the Board of directors consider that the agreed conditions for delivery were met, the aforementioned 10% of the dividend rights have not yet been transferred. The Board of directors estimate that it will be performed in the coming months.

On 16 February 2018, Alantra EQMC Asset Management, S.G.I.I.C., S.A., a management company whose corporate purpose is the management of assets and 60% of whose share capital was subscribed by Alantra Investment Managers, S.L. for EUR 360 thousand, was registered in the specific register of the CNMV. A shareholders' agreement was also signed establishing cross options on all the shares in Alantra EQMC Asset Management, S.G.I.I.C., S.A. held by non-controlling shareholders, corresponding to 40% of the total shares. Under said options, the Group has the obligation to acquire all of said shares, paying the agreed price, while the non-controlling shareholders have the right to sell said shares to the Group (non-controlling shareholders' put option). The conditions, dates, scenarios and amounts payable upon the exercising of said options are stated in the shareholders' agreements. The accounting criterion for recognising the liability generated by these options and subsequent measurement is described in the section on "Acquisition of an additional equity interest in Alantra AG involving obtainment of control (operation carried out in 2018)" (see above). Consequently, at 31 December 2024 and 2023, "Non-current financial liabilities - Other financial liabilities" in the consolidated statement of financial position includes EUR 6,792 thousand and EUR 6,011 thousand, respectively, corresponding to the put option in favour of the non-controlling shareholders of Alantra EQMC Asset Management, S.G.I.I.C., S.A. (see Note 17). On measuring the liability at fair value, a charge to reserves was recognised (see Note 14).

On 22 December 2023, due to the departure of a non-controlling shareholder, Alantra Corporate Portfolio Advisors, S.L. acquired treasury shares representing 10.00% of the share capital by means of a capital reduction through the retirement of treasury shares. As a result, Alantra Partners, S.A.'s ownership interest in that company increased to 66.67%. The purchase price for the shares consisted of an initial price of EUR 1,800 thousand and EUR 200 thousand in the form of an accrued dividend receivable. In addition, a deferred variable price was established to be determined on the basis of the level of achievement of certain business indicators in 2024-2026 (see Note 17.1). At 31 December 2024 and 2023, the Group estimated that variable price at EUR 891 thousand, which was recognised under "Non-current financial liabilities" in the consolidated statement of financial position (see Note 17.1).

3. Accounting policies and measurement bases

The following accounting principles, policies and measurement bases were applied in the preparation of the Group's 2024 consolidated financial statements:

a) Definitions and classification of financial instruments

i. Definitions

A "financial instrument" is a contract that gives rise to a financial asset at one entity and a financial liability or equity instrument at another entity simultaneously.

An "equity/capital instrument" is any agreement that evidences a residual interest in the assets of the issuing entity after deducting all of its liabilities.

A "financial derivative" is a financial instrument, the value of which changes in response to a change in an observable market variable (such as an interest rate, exchange rate, financial instrument price or market index), whose initial investment is very small compared to other financial instruments with a similar response to changes in market factors, and which is generally settled at a future date.

ii. Classification of financial assets for measurement and presentation purposes

Financial assets are initially presented in the consolidated statement of financial position, firstly according to whether they are "current" or "non-current" (see Note 3.k). Moreover, financial assets are classified into the following categories for the purposes of measurement and assignment to line items based on the contractual cash flow characteristics of the assets and the Group's business model:

- At amortised cost

Financial assets classified in this measurement category involve a business model that entails holding a financial asset to collect contractual cash flows and, in accordance with the terms and conditions of the contract, cash flows are received on specified dates that are solely payments of principal and interest on the principal amount outstanding.

This measurement category therefore comprises loans to third parties that, even if they are not contractual in nature, are not remunerated according to the gross profit or loss obtained by the borrower, and accounts receivable (primarily from the Group providing services). It also includes any reverse repurchase agreements and deposit accounts at credit institutions held by the Group and maturing within three months.

This measurement category also includes: "Non-current financial assets – At amortised cost" and "Current financial assets – At amortised cost"; "Trade receivables for sales and services" and "Other receivables" under "Trade and other receivables"; and "Other non-current assets", "Other current assets" and "Cash and cash equivalents" on the consolidated statement of financial position.

- At fair value through other comprehensive income (equity)

Debt securities classified in this measurement category involve a business model that entails collecting contractual cash flows and selling the asset and, in accordance with the terms and conditions of the contract, cash flows are received on specified dates that are solely payments of principal and interest on the principal amount outstanding. It also includes equity instruments comprising investments in entities that are not subsidiaries, joint ventures or associates, designated

voluntarily and at the start and irrevocably in this category and that cannot be classified as held for trading.

Consequently, in the Group's case, this measurement category includes the stakes held in closed-end entities (basically venture capital companies and funds). It was decided to irrevocably classify all of these in this category, which means the aforesaid amounts cannot be taken to profit or loss if the investment is sold; only dividends received are recognised as income.

This measurement category includes "Current/non-current financial assets – At fair value through other comprehensive income" in the consolidated statement of financial position.

- At fair value through profit or loss

This category includes financial assets held for trading and any other assets that cannot be or are not classified at amortised cost or at fair value through other comprehensive in accordance with the requirements set out in the previous sections. Financial assets held for trading are those acquired with the intention of selling them in the near term or which are part of a portfolio of identified financial instruments that are managed together and for which there is evidence of a recent pattern of short-term profit-taking, along with derivatives not designated as hedging instruments.

Consequently, the Group includes in this measurement category: loans to third parties remunerated according to the gross profit or loss obtained by the borrower; investments in collective investment undertakings and listed equities; financial derivatives not deemed to be accounting hedges; and subsidiaries over which the Group has significant influence through an "investment vehicle" (see Note 2.14.4). This category also includes financial assets that are managed jointly with financial liabilities, eliminating significantly any inconsistencies in recognition or valuation.

This measurement category includes "Current/non-current financial assets – At fair value through profit or loss" in the consolidated statement of financial position.

Financial assets are reclassified if, and only if, the aim of an entity's business model changes significantly. No assets were reclassified during the year and no reclassifications are envisaged.

"Investments accounted for using the equity method" includes equity/capital instruments in jointly-controlled entities and associates (see Note 2.14), except those classified as "Other financial assets at fair value through profit or loss".

iii. Classification of financial liabilities for measurement and presentation purposes

Financial liabilities are initially presented in the consolidated statement of financial position as "current" or "non-current" (see Note 3-k), and subsequently based on their nature. The greater part of the Group's financial liabilities includes debts and payables by the Group that have arisen from the purchase of goods or services in the normal course of business and those which, while not having commercial substance, cannot be classed as derivative financial instruments. The Group's financial liabilities are recognised under "Non-current financial liabilities", "Other current liabilities", "Non-current financial liabilities", "Trade and other payables" and "Other current liabilities" on the liabilities side of the consolidated statement of financial position, All are classified, for measurement purposes, as financial liabilities at amortised cost.

The Group also recognises certain financial liabilities under "Trade and other payables – Other payables" (see Note 18), which are jointly managed with certain assets classified "At fair value through profit or loss" (see Note 9.1). For measurement purposes, these liabilities are designated as financial liabilities at fair value through profit or loss.

Non-current financial liabilities - Other financial liabilities" also includes financial liabilities arising from the recognition of put options (minority put) arising as a result of the agreements with the partners or non-controlling shareholders of Alantra EQMC Asset Management, S.G.I.I.C., S.A., Alantra Equities, S.V. and Alantra Solar Energy Advisors, S.L. (see Notes 2.14 and 17).

In addition, since the entry into force of IFRS 16 "Leases" in 2019, the lessor must recognise a liability for the present value of the lease payments and a right-of-use asset for the underlying asset during the lease period (see Note 3.i). The liability is recognised under "Non-current financial liabilities - Other financial liabilities" or "Current financial liabilities - Other financial liabilities" according to the lease payment period (see Note 17).

Financial liabilities cannot be reclassified.

b) Measurement and recognition of gain (loss) on financial assets and liabilities

Financial assets and liabilities are initially recognised at fair value which, in the absence of evidence to the contrary, is deemed to be the transaction price. This amount is then adjusted by the transaction costs that are directly attributable to the acquisition of the financial asset or issuance of the financial liability, except for financial instruments recognised, where applicable, at fair value through profit or loss. Financial assets and liabilities are subsequently measured at each year-end as follows:

i. Measurement of financial assets

Financial assets classified for measurement purposes as "at amortised cost" are initially measured at fair value (which, unless evidence exists to the contrary, is equal to the transaction price), including any directly attributable transaction costs. Subsequently, these assets are measured at amortised cost using the effective interest rate method, "Amortised cost" is understood to be the acquisition cost of a financial asset or liability plus or minus, as appropriate, the principal repayments and the accumulated amortisation taken to the consolidated statement of profit or loss for the difference between the initial cost and the maturity amount. In the case of financial assets, amortised cost furthermore includes any reductions for impairment or uncollectability. However, balances expected to be collected within one year from the reporting date are measured at their nominal value, insofar as the effect of not discounting them is not significant.

The "effective interest rate" is the discount rate that exactly matches the carrying amount of a financial instrument to all its estimated cash flows of all kinds over its remaining life. For fixed-rate financial instruments, the effective interest rate coincides with the contractual rate of interest at the time of acquisition, adjusted as necessary for any commissions or fees which by their nature are assignable to a rate of interest. In the case of floating-rate financial instruments, the effective interest rate coincides, where applicable, with the rate of return prevailing in all connections until the first revision of the benchmark interest rate.

On the other hand, financial assets classified for measurement purposes as "At fair value through other comprehensive income" or "At fair value through profit or loss" are initially measured at "fair value" including, in the case of the former, any directly attributable transaction costs. Subsequently, both categories of assets are measured at fair value and any changes in the fair value of assets classified as "at fair value through other comprehensive income" are recognised in equity under "Accumulated other comprehensive income" until they are disposed of. Subsequently, these latter assets are reclassified to profit or loss in the case of debt instruments and to reserves in the case of equity instruments. In the Group's case, all of the assets classified in this category are equity instruments and any changes in fair value are recognised, net of their tax effect, under "Items that will not be subsequently reclassified to profit or loss for the period - Equity instruments at fair value through other comprehensive income". As the name suggests, any changes in the fair value of other financial assets "at fair value through profit or loss" are recognised with a charge or credit to profit or loss.

The fair value of a financial instrument on a given date is the amount at which the asset could be exchanged between knowledgeable, willing parties in an arms' length transaction on that date. Fair value is determined without deducting transaction costs incurred on disposal. The most objective and common reference for the fair value of a financial instrument is the price that would be paid for it on an organised, transparent and deep market ("quoted price" or "market price") (see Note 29).

If there is no market price for a given financial instrument, its fair value is estimated on the basis of the price established in recent transactions involving similar instruments and, in the absence thereof, of valuation techniques sufficiently used by the international financial community, taking into account the specific features of the instrument to be measured and, particularly, the various types of risk associated with it. Nevertheless, the limitations of the valuation models that have been developed and the possible inaccuracies in the assumptions required by these models may give rise to the fair value thus estimated of a financial instrument differing somewhat from the price at which the instrument could be bought or sold on the valuation date.

Disclosures on the fair value of financial instruments, their classification and the measurement bases used are provided in Note 29.

The amounts at which the financial assets are recognised represent, in all material respects, the Group's maximum exposure to credit risk at each reporting date.

ii. Measurement of financial liabilities

Financial liabilities classified for measurement purposes as "Debts and payables" are initially measured at fair value (which, unless evidence exists to the contrary, is equal to the transaction price), including any directly attributable transaction costs. These financial liabilities are then measured at amortised cost, while any accrued interest is recognised under "Finance costs" in the consolidated statement of profit or loss. However, balances expected to be paid within one year from the reporting date are measured at their nominal value, insofar as the effect of not discounting them is not significant.

Furthermore, financial liabilities classified for measurement purposes as "Financial liabilities at fair value through profit or loss" are wholly measured at their fair value, using the same criteria as used for the financial assets with which they are jointly managed.

Lastly, changes in the value of financial liabilities originating from put options to non-controlling interests (see section i) are recorded with an offsetting in reserves (see Note 2.14).

iii. Recognition of fair value changes

As a general rule, changes in the fair value of financial assets and liabilities are recognised with a balancing entry in the consolidated statement of profit or loss. A distinction is made between the changes resulting from the accrual of interest or dividends (which are recognised under "Finance income" or "Finance costs", as appropriate); those arising from the impairment of asset quality and those arising for other reasons, which are recognised for their net amount under "Loss/reversal of loss on impairment of financial instruments" in the consolidated statement of profit or loss.

However, changes in the fair value (gains or losses) of "Financial assets at fair value through profit or loss" and "Financial liabilities at fair value through profit or loss" are recognised, net, under "Changes in fair value of financial instruments". Any changes deriving from reclassifications of assets are recognised under "Gain (loss) on reclassification of financial assets at amortised cost to financial assets at fair value" or "Gain (loss) on reclassification of financial assets at fair value through other comprehensive income" in the consolidated statement of profit or loss.

Any changes in fair value involving financial assets "at fair value through other comprehensive income", which in the Group's case solely comprise equity instruments, are recognised, net of their tax effect,

in equity ("Accumulated other comprehensive income – Items that will not be subsequently reclassified to profit or loss for the period – Equity instruments at fair value through other comprehensive income").

Financial assets are only derecognised when the contractual rights to the cash flows expire or the risks and rewards incidental to ownership of the financial assets have been substantially transferred to third parties, Similarly, financial liabilities are only derecognised when the obligations that gave rise to them have been settled or when they have been acquired, whether with a view to cancellation or resale, Any gains or losses are recognised under "Gain (loss) on disposal of financial instruments".

Lastly, details of the profit (loss) of companies accounted for using the equity method are provided in Note 2.14.

c) Derecognition of financial assets and liabilities

The accounting treatment of transfers of financial assets depends on the extent to which the risks and rewards associated with the transferred assets are transferred to third parties:

1. If substantially all the risks and rewards of the assets transferred are transferred to third parties – unconditional sales, sales under an agreement to repurchase them at their fair value at the date of repurchase, sales of financial assets with a purchased call option or written put option that is deeply out of the money, and other similar cases – the transferred financial asset is derecognised and any rights or obligations retained or created in the transfer are recognised simultaneously.
2. If the Group retains substantially all the risks and rewards associated with the transferred financial asset – sale of financial assets under an agreement to repurchase them at a fixed price or at the sale price plus interest, a securities lending agreement in which the borrower undertakes to return the same or similar assets, and other similar cases – the transferred financial asset is not derecognised and continues to be measured by the same criteria as those used before the transfer. However, the following items are recognised:
 - a. An associated financial liability, for an amount equal to the consideration received and subsequently measured at amortised cost.
 - b. The income from the transferred financial asset not derecognised and any expense incurred on the new financial liability – recognised directly in profit and loss.
3. If the Group neither transfers nor retains substantially all the risks and rewards associated with the transferred financial asset – sale of financial assets with a purchased call option or written put option that is not deeply in or out of the money and other similar cases – the following distinction is made:
 - a. If the transferor does not retain control of the transferred financial asset, the asset is derecognised and any rights or obligations retained or created in the transfer are recognised.
 - b. If the transferor retains control of the transferred financial asset, it continues to recognise it for an amount equal to its exposure to changes in value and recognises a financial liability associated with the transferred financial asset. The net carrying amount of the transferred asset and the associated liability is the amortised cost of the rights and obligations retained, if the transferred asset is measured at amortised cost, or the fair value of the rights and obligations retained, if the transferred asset is measured at fair value.

Accordingly, financial assets are only derecognised when the cash flows they generate have been extinguished or when substantially all the inherent risks and rewards have been transferred to third parties. Similarly, financial liabilities are only derecognised from the consolidated statement of financial

position when the obligations that gave rise to them have been settled or when they have been acquired, whether with a view to cancellation or resale.

d) Offsetting

Asset and liability balances are offset and therefore, reported in the consolidated statement of financial position at their net amount, when, and only when, they arise from transactions for which a contractual or legal right of set-off exists and there is an intention to settle them on a net basis, or to realise the asset and settle the liability simultaneously, and that one of the parties involved is a financial institution.

e) Impairment of financial assets

A financial asset is considered to be impaired – and therefore its carrying amount is adjusted to reflect the effect of impairment – when there is objective evidence that events have occurred which:

- In the case of debt instruments (loans and debt securities), give rise to an adverse impact on the future cash flows that were estimated at the transaction date.
- In the case of equity instruments, mean that their carrying amount may not be fully recovered.

As a general rule, the carrying amount of impaired financial instruments is adjusted with a charge to the consolidated statement of financial position for the period in which the impairment becomes evident, and the reversal, if any, of previously recognised impairment losses is recognised in the consolidated statement of financial position for the period in which the impairment ceases to exist or is reduced. When the recovery of any recognised amount is considered unlikely due to impairment, the amount is written off, without prejudice to any actions that the Group may initiate to seek collection until its contractual rights are extinguished due to expiry of the statute-of-limitations period, forgiveness or any other cause.

The impairment model in IFRS 9 is based on expected loss and is the same for all financial assets. An impairment allowance will be recognised for any losses expected over the next 12 months or expected losses over the life of the asset. A simplified approach can be used, which is what the Group does, to recognise the expected credit loss over the life of all its trade and other receivables. The Group has its own model for measuring the risk posed by its debtors and estimating expected losses based on the probability of default and exposed balances based on available debtor portfolio information. The general criterion in this model is that a balance receivable is deemed to be irrecoverable and has to be fully impaired after the debtor has been 12 months in arrears. These criteria are applied when there is no other objective evidence that a balance receivable will not be settled such as insolvency proceedings. The other financial instruments – primarily other current and non-current financial assets at amortised cost – are monitored on a case-by-case basis to determine if credit risk has increased. In the case of all these assets, the effect of calculating expected loss using the simplified approach rather than debtors' credit risk status is not significant.

Losses due to impairment are recognised under "Loss/reversal of loss on impairment of financial instruments" in the consolidated statement of profit or loss.

Impairment losses on "Investments accounted for using the equity method" are estimated and recognised by the Group pursuant to the criteria described in Note 2.14.

f) Recognition of income and expenses

The paragraphs below summarise the most significant criteria applied by the Group in recognising income and expense:

i. Interest income and expenses and similar items

Interest income and expenses and similar items are generally recognised on an accrual basis using the effective interest method under "Finance income" and "Finance costs", respectively, in the consolidated statement of profit or loss. Dividends received from other companies not included in the Group's scope of consolidation are recognised as income under "Finance income" in the consolidated statement of profit or loss when the Group's right to receive them arises. Interest and dividends accrued prior to the acquisition date are not recognised in the consolidated statement of profit or loss, and the corresponding asset is cancelled when these items are collected.

ii. Income and expenses from provision of services

Income and expenses from provision of services (processing and execution of orders, preparation of investment reports and financial analysis, management and administration of CISs and private equity firms, discretionary portfolio management, and the provision of business advisory services, search for and placement of packages in secondary markets and marketing of collective investment schemes, etc, – see Note 24), all basically comprising commissions and similar fees, are recognised in the consolidated statement of profit or loss using different criteria depending on their nature, The main fees and commissions are as follows:

Income from the provision of services is recognised by reference to the stage of completion of the transaction at the reporting date, provided the outcome of the transaction can be estimated reliably. This income is recognised in the consolidated statement of profit or loss in accordance with criteria based on the nature of the revenues, the most significant of which are:

- Those arising as a result of transactions and services that extend over a prolonged period of time, which are recognised over the life of the transaction or service.

This type of income from provision of services includes that from the management and administration of CISs, the management and administration of private equity firms, discretionary portfolio management, and the provision of business advisory services (excluding performance fees) and from marketing collective investment schemes, and is included in the balance of "Revenue – Revenue from rendering of services" in the consolidated statement of profit or loss.

Part of the aforementioned income from the management and administration of Collective Investment Schemes is variable, being based on the performance of the investment under management. In these cases, the Group reviews, and if necessary adjusts, the income recognised from said fees if at any time after recognition (within the crystallisation period of one year) there is any likelihood the fees must be refunded, if returns fall in this later period.

In this category of expenses, those from agency, marketing of collective investment schemes, third-party management and customer representation services are included in "Revenue – Transfers to third parties for joint execution" in the consolidated statement of profit or loss.

- Those relating to services provided in a single act, which are recognised when the single act is carried out.

This type of income includes commissions charged for the provision of financial advisory services which accrue in line with the performance of the transactions (performance fees) in accordance with the contractual terms established. In these cases, the performance fee accounts for almost all or a large part of the remuneration earned on each individual contract and, furthermore, the contractual benchmark hurdle is highly sensitive to factors outside the Group's control, such as the actions of third parties. For this type of income, therefore, it is very important to pass the benchmark hurdle, as the recognition of ordinary income will be postponed until this has taken place.

In addition, this type of income from the provision of services includes performance fees based on the final gains generated by the Capital Risk Funds and Capital Risk Firms managed by the Group on the sale of their investments.

This type of income from the provision of services also includes the revenues from securities brokerage services, identifying and placing bundles on secondary markets, and preparing investment and financial analysis reports which are recorded under "Revenue – Revenue from rendering of services" in the consolidated statement of profit or loss.

iii. Non-finance income and costs and other operating income

Income and expenses are recognised on an accrual basis, i.e., when the actual flow of the related goods and services occurs, regardless of when the resulting monetary or financial flow arises.

g) Property and equipment

This line item comprises the cost of furniture, facilities, computer hardware and other property and equipment owned by the Group, all classified as "Property and equipment for own use" given its intended purpose.

This line item also includes right-of-use assets associated with lease contracts as a result of the application of IFRS 16 where the underlying asset is an item of property, plant or equipment. The accounting policies associated with lease contracts are detailed in Note 3.i.

Property and equipment is initially measured at acquisition cost or production cost, and subsequently reduced by any accumulated depreciation or impairment losses.

Depreciation is calculated by applying the straight-line method to the acquisition cost of the assets less their residual value.

The depreciation charge for the year is recognised under "Depreciation and amortisation" in the consolidated statement of profit or loss and is basically calculated using the following depreciation rates (based on the average years of estimated useful life of the various assets):

	Annual Depreciation Rate
Facilities	10%
Computer hardware	25%
Furniture	10%
Other property and equipment	10%
Right-of-use (*)	29.15%

(*) Calculated using the weighted average lease period at 31 December 2024 – see Note 3.i.

At each statement of financial position date, the Group assesses whether there are any internal or external indications that the carrying amount of an item of property or equipment exceeds its recoverable amount, in which case the asset is written down to the recoverable amount and the future depreciation charges are adjusted in proportion to the written-down carrying amount and the new remaining useful life, should it need to be reestimated.

Similarly, if there is an indication of a recovery in the value of an impaired item of property or equipment, the Group recognises the recovery of the impairment loss recognised in prior periods and adjusts the future depreciation charges accordingly. Under no circumstances may the recovery

of an impairment loss on an asset increase its carrying amount above the amount at which it would have been stated if no impairment losses had been recognised in prior years.

The Group recognises any impairment losses on these assets with a charge to "Impairment of non-current assets" in the consolidated statement of profit or loss.

The estimated useful lives of the items of property and equipment for own use are reviewed at least at the end of the reporting period with a view to detecting significant changes therein. If changes are detected, the useful lives of the assets are adjusted by correcting the depreciation charge to be recognised in the consolidated statement of profit or loss in future years on the basis of the new useful lives.

Any gain (loss) on the sale of an item of property or equipment is recognised under "Gain (loss) on disposal of non-current assets" in the consolidated statement of profit or loss.

Upkeep and maintenance expenses relating to property and equipment for own use are recognised as an expense in the period in which they are incurred. Conversely, costs incurred that increase capacity or efficiency or extend the useful life of the assets are capitalised as part of the cost of the related assets.

h) Intangible assets

Other intangible assets

These assets are identifiable (i.e., separable from other assets) non-monetary assets without physical substance which arise from contractual or other legal rights or which are developed internally by the Group. They are only recognised when their cost can be estimated reliably and when it is considered probable that they will generate future economic benefits.

Intangible assets are recognised initially at acquisition or production cost and subsequently measured at cost less any accumulated amortisation and impairment losses.

All the Group's assets included under "Other intangible assets" have a finite useful life and comprise software acquired for valuable consideration and developments acquired by the Group. The estimated useful lives of the items of these intangible assets are reviewed at least at the end of the reporting period with a view to detecting significant changes therein. If changes are detected, the useful lives of the assets are adjusted by correcting the amortisation charge to be recognised in the consolidated statement of profit or loss in future years on the basis of the new useful lives.

These intangible assets are amortised over their finite useful lives, applying similar criteria to those used to amortise property, plant and equipment. The annual percentages applied are on average 20% for software and 33.33% for development.

Charges for the amortisation of these assets are recognised under "Amortisation and depreciation" in the consolidated statement of profit or loss.

The Group recognises any impairment losses on these assets with a charge to "Impairment of non-current assets" in the consolidated statement of profit or loss. The criteria used to recognise the impairment losses on these assets and, where applicable, the recovery of impairment losses recognised in prior years are similar to those used for property and equipment (see Note 2 g).

Any gain (loss) on the sale of an intangible asset is recognised under "Gain (loss) on disposal of non-current assets" in the consolidated statement of profit or loss.

Goodwill

Goodwill represents advance payments made by the acquirer for future economic benefits arising from the assets that are not individually and separately identifiable and recognisable. It is calculated as the difference between the fair value of the assets acquired and liabilities assumed and the cost of the business combination, both at the acquisition date.

Goodwill is assigned to one or more cash-generating units that are expected to benefit from synergies deriving from the business combination. Cash generating units are the smallest identifiable groups of assets that generate cash inflows for the Group that are largely independent of the cash inflows generated from other assets or groups of assets of the Group. Each unit or units to which goodwill is assigned:

- Represents the lowest level within the entity at which goodwill is monitored internally.
- Is not larger than an operating segment.

Cash generating units to which goodwill has been allocated are tested for impairment, with the goodwill assigned included in their carrying amount. This testing is done at least annually or whenever there are indications of impairment.

Goodwill arising upon the acquisition of companies with a functional currency other than the euro is measured in the functional currency of the acquiree and is translated to euros at the exchange rate prevailing on the consolidated statement of financial position.

Goodwill is never amortised but is periodically tested for impairment and written down if there is any evidence thereof.

Impairment of a cash-generating unit to which goodwill has been assigned is determined by comparing the unit's carrying amount – adjusted by any goodwill attributable to non-controlling interests if non-controlling interests are not measured at fair value – and its recoverable amount.

A cash-generating unit's recoverable amount is the higher of fair value less costs to sell and value in use. Value in use is calculated as the discounted value of projected future cash flows estimated by the unit's management based on the latest available budgets for forthcoming years. The main assumptions used in the calculation are: a sustainable growth rate to extrapolate cash flows in perpetuity and a discount rate for discounting the cash flows (see Note 6). Any impairment losses are recognised under "Impairment of non-current assets" in the consolidated statement of profit or loss. Impairment losses on goodwill are not reversed in subsequent periods.

If the carrying amount of a cash generating unit is greater than its recoverable amount, the Group recognises an impairment loss. The impairment loss is allocated, first, to reduce the carrying amount of any goodwill allocated to the unit and, second, if losses remain to be allocated, to reduce the carrying amount of the other assets of the unit; with any remaining loss being assigned in proportion to the carrying amount of each of the assets of the unit. If the option of measuring non-controlling interests at fair value has been applied, there will be recognised the impairment of the goodwill attributable to those non-controlling interests.

i) Assets under management

Assets managed by the Group that are owned by third parties are not recognised in the consolidated statement of financial position. Income from such activity is recognised under "Revenue" in the consolidated statement of profit or loss (see Note 25).

j) Personnel expenses

Pension plan and other post-employment commitments

The Group had no material pension plan commitments with its staff at the 2024 and 2023 reporting closes.

Termination benefits

Under current Spanish legislation, the Group is required to pay termination benefits to employees whose employment is terminated when certain conditions are met. Compensation paid to employees laid off in 2024 and 2023 is recognised under "Personnel expenses" in the consolidated statement of profit or loss (see Note 25). The Board of directors considered that at 31 December 2024 and 2023, there were no reasons for booking an additional provision for such commitments at said dates.

k) Income tax

Income tax expenses or income tax rebates include both current and deferred tax expense or income and are recognised under "Income tax" on the consolidated statement of financial position.

A temporary difference exists when there is a difference between the carrying amount of an asset or liability and its tax base. The tax base of an asset or liability is the amount attributed to that asset or liability for tax purposes. A taxable temporary difference is one that will generate a future obligation for the Group to make a payment to the related tax authorities. A deductible temporary difference is one that will generate a right for the Group to a rebate or a reduction in the tax charge in the future.

Tax credits and deductions and tax loss carryforwards are amounts that, after performance of the activity or obtainment of the profit or loss giving entitlement to them, are not used for tax purposes in the related tax return until the conditions for doing so established in the tax regulations are met, and the Group considers it probable that they will be used in future periods.

Current tax assets and liabilities are the taxes that are expected to be recoverable from or payable to the related tax authorities within 12 months from the date they are recognised. Deferred tax assets and liabilities are amounts of income tax expected to be recoverable or payable, respectively, in future periods.

Deferred tax liabilities are recognised for all significant taxable temporary differences. Deferred tax assets arising from deductible temporary differences and from tax credits and rebates and tax loss carryforwards are only recognised when it is deemed probable that the Group will generate future taxable profits against which these assets may be utilised.

Deferred tax assets and liabilities are not recognised in connection with the initial recognition of an asset or liability in a transaction that is not a business combination and that, at the time of the transaction, affects neither accounting profit (loss) nor taxable profit (tax loss).

The deferred tax assets and liabilities recognised are reassessed each year in order to ascertain whether they still exist, and the appropriate adjustments are made on the basis of the findings of the analyses performed.

Article 7 of Act 16/2012 of 27 December, adopting various tax measures aimed at consolidating public finances and boosting economic activity, establishes that depreciation and amortisation of property and equipment, intangible assets and investment property for the tax periods beginning in 2013 and 2014 for those entities that, in those years, did not meet the requirements established in sections 1, 2 or 3 of Article 108 of the Consolidated Spanish Corporate Tax Act (approved by Royal Decree-Law

4/2004 of 5 March) will be deducted from the tax base up to 70% of that which would have been tax deductible if this percentage had not been applied, pursuant to sections 1 and 4 of Article 11 of this act. Any depreciation or amortisation charges that are not tax deductible pursuant to this article will be deducted on a straight-line basis over 10 years or, optionally, over the useful life of the asset as from the first tax period beginning in 2015. Moreover, Additional Transitional Provision 37 of Corporate Tax Act 27/2014 of 27 November, establishes that taxpayers subject to the tax rate stipulated in section 1 of Article 29 of said act and to whom the limit on tax-deductible depreciation and amortisation charge set forth in Article 7 of Act 16/2012 of 27 December, applies will be entitled to deduct from the tax liability 5% of the amounts in the tax base (2% in the tax periods beginning in 2015) deriving from depreciation and amortisation charges not deducted in the tax periods commencing in 2013 and 2014.

Article 13,2 of Spanish Corporate Tax Act 27/2014 of 27 November provides that impairment losses on property, plant and equipment, on investment property, on intangible assets (including goodwill), on securities representing a share of the capital or equity of entities and on debt securities are not considered tax deductible expenses. In this respect, Transitional Provision 15 of Corporate Tax Act 27/2014 of 27 November provides that the reversal of impairment losses on property, plant and equipment, investment property, intangible assets and debt securities that were considered tax deductible in tax periods begun prior to 1 January 2015 will be included in the Corporate Tax base for the tax period in which their value is recovered for accounting purposes; and Transitional Provision 16 of said Corporate Tax Act provides that the reversal of impairment losses on securities representing a share of the capital or equity of entities that were taken as tax deductible in the Corporate Tax base in tax periods begun prior to 1 January 2013 (in accordance with the provisions of the then prevailing Royal Decree 4/2004 of 5 March which approved the revised text of the Corporate Tax Act), irrespective of their accounting allocation in the profit or loss statement, will be included in the tax base for the period in which the value of equity at year-end exceeds the value at the start of the year, in proportion to their share, taking into account the contributions or returns of contributions made therein, and limited by said excess. For these purposes, the positive difference between the value of equity at the end and start of the year, on the terms of this paragraph, will be understood to correspond, first, to impairment losses that have been taken as tax deductible.

Corporation Tax Law 27/2014, of 27 November, establishes, inter alia, a reduction over two years of the standard corporate income tax rate which was 30% until 31 December 2014. Since 1 January 2016 the rate has been 25%.

Lastly, Article 16 of Corporate Tax Act 27/2014 of 27 November provides that net financial expenses will be deductible up to the limit of 30 percent of operating profit for the year (within the meaning given in said article). In any event, net financial expenses of EUR 1 million will be deductible for the tax period.

Following the amendment to Law 27/2014, of 27 November, on Corporate Income Tax, introduced by Article 61 of Law 22/2021, of 28 December, on the General State Budget for 2022 (with effect for tax periods starting from 1 January 2022, and in force indefinitely), the net tax payable by companies whose turnover is less than 20 million euros in the 12 months prior to the date on which the tax period begins, or who file consolidated tax returns in accordance with Chapter VI, Title VII of the Corporate Income Tax Law, irrespective of the amount of their net turnover, may not be less than 15% of their tax base, plus or minus the amounts resulting from the application of Article 105 of said Corporate Income Tax Law, less the Investment Reserve required per Article 27 of Law 19/1994, of 6 July, amending the Economic and Tax Regime governing the Canary Islands. This amount is treated as the minimum income tax payable. This amendment does not apply to companies that are taxed at the rates established in Sections 3, 4 and 5 or Article 29 of the Corporate Income Tax Law or to entities governed by Law 11/2009, of 26 October, regulating listed public limited companies operating in the real estate market.

As a result of the takeover described in Note 1, at its meeting on the 22 July 2015 the Company's Board of Directors resolved that the Company would file consolidated tax returns with the Alantra Group of which it is parent (see Note 19) and includes certain group companies.

Further, as a result of the aforementioned merger, at its meeting on 22 July 2015 the Company's Board of Directors agreed to file VAT returns under the special regime for the new tax group of which it is parent (see Note 19) and includes certain group companies.

Lastly, there are currently a further two tax groups within the Alantra Group for income or similar tax purposes, one in Spain and the other in the United Kingdom.

The Company filed individual tax returns prior to the Merger described in Note 1 because it did not pertain to a group.

l) Consolidated statement of cash flows

The following terms are used in the consolidated statement of cash flows:

- Cash flows: inflows and outflows of cash and cash equivalents, which are considered current, highly liquid investments that have little risk of changing in value.
- Operating activities: the principal revenue-producing activities of the Group, and other activities that are not investing or financing activities.
- Investing activities: the acquisition and disposal of non-current assets and other investments not included in cash and cash equivalents.
- Financing activities: activities that result in changes in the size and composition of the equity and borrowings of the Group provided these are not operating activities.

In preparing the consolidated statements of cash flows, "Cash and cash equivalents" were considered to be short-term, highly liquid investments that are subject to an insignificant risk of changes in value, The Group therefore classifies the balances of current accounts and any time deposits or those concerning reverse repurchase agreements under "Cash and cash equivalents" on the assets side of the consolidated statement of financial position (see Note 13).

A reconciliation of the carrying amount of the liabilities arising from the Group's financing activities is set out in Note 17, distinguishing those changes that generate cash flows from those that do not.

m) Consolidated other comprehensive income

The consolidated statement of other comprehensive income presents the income and expenses generated by the Group as a result of its business activity in the year. A distinction is made between income and expenses recognised in the consolidated statement of profit or loss, on one hand, and, on the other, income and expenses recognised directly in consolidated equity pursuant to prevailing laws and regulations.

Accordingly, this statement presents:

- a. The consolidated profit or loss for the period.
- b. Net income and expense recognised temporarily in consolidated equity (and therefore subsequently taken to profit and loss for the period).
- c. Net income and expense recognised definitively in consolidated equity (and therefore not subsequently taken to profit and loss for the period).
- d. The income tax incurred in respect of the items indicated in b) and c) above.

- e. Total recognised income and expense, calculated as the sum of all of the above (total comprehensive income for the period).

Changes in income and expense recognised in consolidated equity as hedging transactions, debt instruments at fair value through other comprehensive income, translation differences or share in other comprehensive income from investments in joint ventures and associates, as well as other income and expenses are broken down into:

- a. Valuation gains (losses): includes the amount of income, net of expenses incurred in the year, recognised directly in consolidated equity.
- b. Amounts transferred to profit or loss: includes the amount of the revaluation gains and losses previously recognised in equity, albeit in the same year, which are recognised in the consolidated statement of profit or loss.
- c. Other reclassifications: includes, where applicable, the amount of the transfers made in the year between line items in accordance with current regulations.

The amounts of these items are presented gross and the related tax effect is recognised under "Income tax", except for amounts relating to entities accounted for using the equity method which are presented net of the tax effect.

n) Consolidated statement of changes in equity

The consolidated statement of changes in equity presents all the changes in consolidated equity, including any arising from changes in accounting policies and from the correction of errors. This statement accordingly presents a reconciliation between the carrying amount of each component of consolidated equity at the beginning and the end of the period, grouping changes into the following headings according to their nature:

- a. Adjustments for changes in accounting criteria and restatements to correct errors: include the changes in consolidated equity arising as a result of the retrospective adjustments and restatements of the balances in the consolidated financial statements due to changes in accounting policies or to the correction of errors.
- b. Total comprehensive income for the period: includes, in aggregate form, the total items recognised in the consolidated statement of recognised income and expense.
- c. Transactions with partners and owners: includes any items recognised in relation to capital increases and decreases, dividend pay-outs, transactions with treasury shares and own equity instruments, and other transactions with partners and owners.
- d. Other changes in equity: includes the remaining items recognised in consolidated equity, including allocations of profit, equity-instrument-based payments, transfers between consolidated equity items, and any other increases or decreases in consolidated equity.

o) Foreign currency transactions

The Group's functional currency and presentation currency in its consolidated financial statements is the euro. Therefore, transactions in currencies other than the euro are deemed to be foreign currency transactions and are recognised by applying the exchange rates prevailing at the date of the transaction.

Balances in foreign currencies are translated to euros in two consecutive phases:

- Translation of foreign currency to the functional currency (currency of the primary economic environment in which the entity operates) and
- Translation to euros of the aforesaid balances in the functional currencies of the entities with a non-euro functional currency.

Exchange differences arising on translating foreign currency balances into the functional currency of consolidated entities are generally recognised net under "Exchange differences" in the consolidated statement of profit or loss. As an exception to this rule, exchange differences concerning financial instruments measured at fair value through profit or loss are recognised in the consolidated statement of profit or loss together with all other changes that may affect the fair value of the instrument, and exchange differences arising on non-monetary items measured at fair value through equity are recognised under "Items that can be subsequently reclassified to profit or loss for the period – Translation differences" in the consolidated statement of financial position until they are realised.

At the reporting date, monetary assets and liabilities denominated in foreign currencies are translated to euros at the rates then prevailing. Any resulting gains or losses, where applicable, are recognised directly in the consolidated statement of profit or loss in the year in which they arise.

The gain generated on the acquisition of a business abroad is recognised in the same functional currency as the business and converted at the rate prevailing at the end of the reporting period.

Income and expenses arising from exchange differences on intragroup payables and receivables denominated in a currency other than the functional currency of one of the parties are not eliminated on consolidation. Unless the payable or receivable is part of a net investment in a foreign company, said differences are recognised in the consolidated statement of profit or loss.

The exchange rates used by the Company in translating the foreign currency balances to euros for the purpose of preparing the financial statements, taking into account the criteria mentioned above, were the official rates published by the European Central Bank.

In 2024 and 2023, the Group held cash in foreign currencies (i.e., currencies other than the functional currency of each company at individual level).

Translation of financial statements denominated in foreign currencies

The financial statements of subsidiaries with a functional currency other than the presentation currency (the euro) were translated to euros as follows:

- The assets and liabilities in their consolidated statement of financial position were translated at the exchange rates prevailing at the end of the reporting period.
- Equity items were translated at historical exchange rates.
- Profit or loss statement items and the corresponding reserves were translated at the cumulative average exchange rates for the period in which they arose. Pursuant to that policy, the Group considers that during the year there were significant variations in exchange rates which, due to their relevance for the accounts as a whole, required application of the exchange rate prevailing at the transaction date instead of the aforesaid average exchange rates.
- Any resulting exchange differences were recognised as a separate component of equity under "Items that can be subsequently reclassified to profit and loss for the period – Translation differences" or "Non-controlling interests".

When control, joint control or a significant influence over a company with a functional currency other than the euro is lost, the translation differences recognised as a component of equity relating to that company are recognised in profit or loss at the same time as the gain or loss on the disposal is recognised. If the investee with a functional currency other than the euro is a jointly-controlled entity or associate and it is partially disposed of, without giving rise to a change in its classification as an investee or the jointly-controlled entity becomes an associate, only the proportional part of the translation differences is recognised in profit or loss, If an ownership interest in a subsidiary with these characteristics is disposed of without losing control over said company, this proportional part of the cumulative translation difference is attributed to the share of non-controlling interests.

The exchange values in euros of the main consolidated asset and liability balances held by the Group in foreign currencies at 31 December 2024, classified according to their nature, are detailed below:

	Thousands of Euros			
	Exchange Value			
	US Dollar	Pound Sterling	Other Currencies	Total Foreign Currencies
Assets:				
Intangible assets – Goodwill (Note 6)	18,814	31,636	14,446	64,896
Property and equipment (Note 7)	3,152	12,616	1,412	17,180
Investments accounted for using the equity method (Note 8)	-	18,402	203	18,605
Non-current financial assets (Note 9)	441	-	198	639
Trade and other receivables – Trade receivables (Note 10)	6,218	6,980	1,895	15,093
Trade and other receivables – Other receivables (Note 19)	-	5,554	125	5,679
Current financial assets (Note 11)	-	-	-	-
Others current financial assets (Note 12)	-	1,316	42	1,358

Current financial liabilities (Note 17)	383	141	1,653	2,177
Non-Current Provisions (Note 16)	74	94	-	168
Trade and other payables- (Note 18)				
Payables to suppliers	377	1,794	234	2,405
Other payables	2,784	8,060	3,896	14,740
Current tax liabilities	7	90	214	311
Others current liabilities (Note 12)	56	-	-	56
Total liabilities	5,679	22,796	9,423	37,898

The effect of translating values in the functional currencies of the foreign companies to the Company's functional currency is recognised under "Items that can be subsequently reclassified to profit and loss for the period – Translation differences". The breakdown of this line item by company at 31 December 2024 and 2023 is as follows:

	Currency	Thousands of Euros	
		31-12-2024	31-12-2023
Alantra AG (2)	Swiss franc	2,917	3,035
Alantra Corporate Finance, LLP (2)	Pound sterling	1,742	324
Alantra Chile SPA (2) (4)	Chilean peso	(790)	(677)
Alantra US Corporation, LLC (2) (3)	US dollar	1,513	92
Alantra Investment Advisory (Shanghai) Co. Ltd (2)	Chinese yuan	95	84
Alantra Hong Kong Limited (2)	Hong Kong dollar	113	92
Alantra Corporate Finance México, S.A. de C.V. (2)	Mexican peso	(62)	(165)
Singer Capital Markets Ltd. (1) (5)	Pound sterling	38	(750)
Alantra Nordics, AB (2) (6)	Swedish krona	(63)	(40)
Alantra Corporate Portfolio Advisors International Limited (2) (7)	Pound sterling	33	(102)
Alantra Partners International Limited (formerly Alantra ICA UK Ltd)(2)	Pound sterling	152	1
EQMC GP, LLC (2)	US dollar	(1)	(1)
Alantra Corporate Finance (DIFC) Limited (2)	US dollar	64	(18)
		5,751	1,875

(1) Companies consolidated using the equity method (see Note 2.14)

(2) Fully consolidated companies (see Note 2.14).

(3) Includes the effect of the homogenisation of the consolidated Alantra, LLC and Alantra Tech USA, LLC which is fully consolidated and whose functional currency is the US dollar.

- (4) Includes the effect of unifying the treatment of subsidiary Landmark Capital S.A., which is consolidated using the equity method and whose functional currency is the Chilean peso.
- (5) Includes the effect of unifying the treatment of subsidiary Singer Capital Markets Ltd, which is consolidated using the equity method and whose functional currency is the Pound sterling.
- (6) Includes the effect of unifying the treatment of subsidiary Denmark ApS, which is fully consolidated and whose functional currency is the Danish krone.
- (7) Includes the effect of unifying the consolidation of Alantra Corporate Portfolio Advisors International Limited which is fully consolidated and has the Pound sterling as its functional currency.

p) Provisions and contingencies

In preparing the consolidated financial statements, the Board of directors distinguish between:

- a. Provisions: balances payable for an amount that is estimated to cover present obligations, arising from past events, whose nature is clearly specified but of uncertain timing or amount, the settlement of which is expected to result in an outflow of resources embodying economic benefits. These obligations may arise as a result of:
 - A legal or contractual obligation.
 - A tacit or implicit obligation deriving from the creation by the Group of a valid expectation on the part of third parties with regard to its discharge of certain responsibilities. These expectations are created when the Group publicly accepts certain responsibilities or by means of an established pattern of past behaviour or published policies.
 - The virtually certain trend in regulation in certain aspects, specifically draft legislation which the Group will certainly be bound by.

Over the ordinary course of its operations, the Group is subject to the supervision of competent regulatory bodies. The Board of directors do not expect any matters to arise as a result of the actions of these bodies that would have a significant impact on the accompanying consolidated financial statements.

Provisions are quantified using the best information available regarding the consequences of the obligating event and are re-estimated at each reporting date, taking into account the financial effect if significant. The same provisions are applied to meet the specific obligations for which they were initially recognised and are reversed, totally or partially, whenever said obligations disappear. They are recognised under "Non-current provisions" and "Current provisions" in the consolidated statement of financial position according to their nature.

- b. Contingent liabilities: possible obligations that arise from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more future events not wholly within the control of the Group. They include present obligations whose settlement is not likely to generate an outflow of cash resources embodying economic benefits or whose amount cannot be quantified in a sufficiently reliable manner.
- c. Contingent assets: possible assets that arise from past events and whose existence is conditional on, and will be confirmed only by, the occurrence or non-occurrence of events beyond the control of the Group. Contingent assets are not recognised in either the consolidated statement of financial position or the consolidated statement of profit or loss, but their existence is disclosed in the accompanying notes wherever it is deemed probable that they will give rise to an inflow of resources embodying economic benefits.

Contingent liabilities are recognised neither in the consolidated statement of financial position nor in the consolidated statement of profit or loss (except for those recorded in a business combination), but are disclosed in the consolidated financial statements.

At the end of 2024 certain litigation and claims were in process against the Company arising from the ordinary course of its operations. The Board of directors and external lawyers consider that it is unlikely these legal proceedings will prejudice the Company and that it is not necessary to recognise a provision at year-end 2024.

q) Segment reporting

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses and whose operating results are regularly reviewed by the Group’s most senior operating decision-maker (Board of Directors) to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment reporting as per applicable standards (IFRS 8) for the main business units, geographies and main customers is provided in Note 28.

4. Distribution of the Company’s profit

a) Distribution of the Company’s profit

At the General Meeting on 25 April 2024, shareholders approved the proposed distribution of the Company’s profit for the year ended 31 December 2023.

The proposed distribution of the Company’s 2024 profit that the Board of Directors will bring before the General Meeting for approval is shown below, together with the proposal approved for 2023:

	Thousands of Euros	
	2024	2023
Basis of distribution:		
Net profit for the period	16,967	24,969
Distribution:		
Legal reserve	-	-
Other reserves	11,248	21,911
Final dividend	5,719	3,058
Interim dividends-	-	-
Approved prior to year-end	-	-
	16,967	24,969

b) Earnings per share

i. Basic earnings per share

The Group’s basic earnings per share is calculated by dividing its net profit for a specific period by the weighted average number of shares outstanding during said period, excluding the average number of treasury shares held in the period.

Accordingly:

	Thousands of Euros	
	2024	2023
Net profit for the period attributable to the parent	7,050	5,504
Weighted average number of shares outstanding	38,233,477	38,233,477
Conversion of convertible debt	-	-
Adjusted number of shares	38,233,477	38,233,477
Basic earnings per share (euros)	0.18	0.13

ii. Diluted earnings per share

The Group's diluted earnings per share is calculated by dividing net profit for the period attributable to ordinary shareholders, adjusted for the effects of dilutive potential ordinary shares and the weighted average number of ordinary shares outstanding during the period plus the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares of the Company.

The diluted earnings per share would therefore be:

	Thousands of Euros	
	2024	2023
Net profit for the period attributable to the parent	7,050	5,504
Adjusted number of shares	38,233,477	38,233,477
Basic earnings per share (euros)	0.18	0.13

Treasury stock from 2024 and 2023 has been taken into account to calculate the adjusted number of shares.

5. Remuneration and other benefits to the Company's Board of Directors and Key Management Personnel

5.1 Remuneration of the Board of Directors

As per the Company's Bylaws, board members will be remunerated as follows for performing their duties as such:

- A fixed annual fee; and
- Per diems for attending meetings of the Board of Directors and the Board committees on which they serve.

On approval by shareholders at the General Meeting, board remuneration can consist of the delivery of shares or share options. At the General Meeting, shareholders will, where applicable, set the maximum number of shares that can be assigned each year, the price or system for calculating the strike price of the options, or the value of the shares that may be used as a reference, and the duration of the plan. This method of remuneration has not been used to date.

Each board member's remuneration for serving on the Board will be determined by the Board of Directors taking into account his/her duties and responsibilities, positions held on board committees and other relevant objective factors.

An individual breakdown of the remuneration of the Company's board members, showing fixed pay and *per diems* for attending the meetings of the Board and board committees in 2024 and 2023 is as follows:

Board Member	Type of Director	Euros			
		2024		2023	
		Fixed Remuneration	Per Diem	Fixed Remuneration	Per Diem
Mr. Santiago Eguidazu Mayor	Executive	54,000	16,500	54,000	12,000
Mr. Santiago Bergareche Busquet (3)	External	54,000	16,500	54,000	10,500
Mr. José Javier Carretero Manzano	External	36,000	30,000	36,000	23,250
Mr. Luis Carlos Croissier Batista	Independent	45,000	33,000	45,000	26,250
Mr. Jorge Mataix Entero	Proprietary	36,000	20,250	36,000	16,500
Mr. José Antonio Abad Zorrilla	Proprietary	36,000	17,250	36,000	15,000
Ms. María Luisa Garaña Corces	Independent	36,000	22,500	36,000	21,000
Ms. Silvia Reina Pardo	Proprietary	36,000	16,500	36,000	12,000
Ms. Catherine Lewis (1)	Independent	36,000	21,750	24,400	8,250
Ms. Berta de Pablos-Barbier (2)	Independent	24,500	9,750	-	-
		393,500	204,000	357,400	144,750
		597,500		502,150	

(1) Catherine Lewis was appointed a director of the Company on 27 April 2023.

(2) Berta de Pablos-Barbier was appointed a director of the Company on 25 April 2024.

(3) Santiago Bergareche tendered his resignation as director of the Company on 2 December 2024, and his resignation became effective from 1 January 2025.

The Board of Directors also agreed to the payment of an additional fixed remuneration in 2024 and 2023 to the following Directors for their additional dedication to their duties as Directors:

	Euros	
	2024	2023
Mr. José Javier Carretero Manzano	40,000	40,000
Mr. Luis Carlos Croissier Batista	40,000	40,000
Ms. María Luisa Garaña Corces	20,000	20,000
Ms. Berta de Pablos-Barbier	3,000	-
Ms. Catherine Lewis	-	3,000
	103,000	103,000

At the end of the 2024 financial year, the number of directors of Alantra Partners, S.A. is ten directors, 6 men and 4 women (nine directors, 6 men and 3 women, at the end of the 2023). The Board of Directors, at its meeting held on 27 April 2023, resolved to increase the number of directors to 10, in order to facilitate the appointment of a new member to help increase the diversity of the Board in terms of gender, internationalisation and specialisation from 2024.

At its meeting held on 2 December 2024, the Board of Directors resolved to appoint by co-optation Ignacio de Cáceres Cabrero as the Company's CEO with effect from 1 January 2025. This resolution will be submitted for ratification by the shareholders at the next General Meeting, which will foreseeably be held at the end of April 2025.

The amount accrued in this respect was EUR 701 thousand and EUR 605 thousand in 2024 and 2023, respectively, recorded under "Other operating expenses" in the 2024 and 2023 consolidated statement of profit or loss (see Note 26). At 31 December 2024 and 2023, some EUR 286 thousand and EUR 235 thousand, respectively were pending payment in this respect, which are included under "Trade and other payables - Other payables" on the liabilities side of the consolidated statement of financial position (see Note 18). This amount was settled prior to the preparation of the financial statements.

In 2024, EUR 650 thousand was effectively paid for this concept (EUR 602 thousand in 2023).

At 31 December 2024 and 2023, no loans or advances had been granted to the Company's serving and former board members, and no guarantee obligations or pension or life insurance commitments had been assumed on their behalf.

In 2024 and 2023, the Company recorded EUR 34 thousand and EUR 26 thousand, respectively, under "Other operating expenses" in the 2024 and 2023 consolidated statement of profit or loss in respect of the premiums paid for civil liability insurance covering damages caused by acts or omissions of Directors.

5.2. Remuneration of Key Management Personnel and members of the Board of Directors as directors of the Company

At 31 December 2024 and 2023, the Group had four senior managers in both years, (not including the executive director). Based on this figure, total remuneration to key management personnel in 2024 was EUR 2,344 thousand; recognised under "Personnel expenses" in the consolidated statement of profit or loss (EUR 2,025 thousand at 31 December 2023) - see Note 25 -. The amount actually paid for this item in 2024 was EUR 2,025 thousand (EUR 2,650 thousand in 2023). At 31 December 2024, EUR 1,125 thousand was payable for this concept and recognised under "Trade and other payables - Other payables" on the liabilities side of the consolidated statement of financial position (31 December 2023: EUR 981 thousand). These were practically all pending at the date of preparation of the accompanying consolidated financial statements. In addition, at 31 December 2024, EUR 632 thousand were outstanding in relation to other remuneration items (31 December 2023: EUR 457 thousand).

In addition, in 2021, loans were granted to certain members of the Group's senior management, amounting to EUR 2,330 thousand, for the acquisition of 150,000 treasury shares from the Company, of which EUR 9 and 58 thousand were repaid during 2024 and 2023 (see Note 9.3). These loans accrue interest at a floating rate tied to the Euribor + 1%.

In 2024, the Chairman of the Board of Directors, Mr Santiago Eguidazu Mayor, as executive director, received a fixed remuneration of 300 thousand euros and a variable remuneration of 375 thousand euros (a fixed remuneration of 300 thousand euros and no variable remuneration in 2023). as remuneration for his activities, approved by the Board of Directors at the proposal of the Appointments and Remuneration Committee. At 31 December 2024 and 2023, euros 450 and 75 thousand, respectively, are outstanding in this connection and are recognised under "Trade and other payables - Other payables" on the liability side of the consolidated statement of financial position. The amount effectively settled for this item during the financial year 2024 amounts to 300 thousand euros (2,261 thousand euros in the financial year 2023). At the date of authorisation for issue of these consolidated annual accounts, had been settled in this connection.

This bonus has two components: i) a quantitative component (requiring the approval of the Company's audit committee) equivalent to 3.2% of the Company's pre-tax profit, excluding the result of operations or accounting adjustments not realised in cash or cash equivalents, which the Company's Audit Committee is required to verify; and ii) a qualitative component calculated according to criteria, indicators and/or parameters determined annually by the Appointments and Remuneration Committee, and is linked to targets that include, principally, the following: (i) the development of the skills of the team of professionals that works for the Company's group, (ii) the sustainability of revenue streams, (iii) encouraging sound and effective risk management, capable of fostering responsible behaviour at the entity and promoting awareness of the risks attaching to its activities and prudence in the assumption of those risks, (iv) compliance with the sustainability initiatives established by the Company's competent body, (v) the design and execution of corporate operations that contribute to the generation of value for society, and (vi) maximising shareholder value. The amount established in the paragraph above may be adjusted upward or downward by up to 60% to reflect the extent to which these targets are met (this percentage was approved by the Company's General Meeting on 27 April 2023).

The Remuneration Policy for the previous year established that, if during the term of the policy (i) Directive (EU) 2019/2034 on the prudential supervision of investment firms were to be transposed into Spanish legislation, and (ii) the financial supervisor were to remove the current limiting restrictions on the ratio of the variable to the fixed components of the total remuneration of the key executives, the fixed component of the executive chairman's remuneration would revert to EUR 300,000 and the percentage to be used for the adjustment, upwards or downwards, of the variable remuneration would once again be 60%. Given that in 2023 the circumstances provided for in the Remuneration Policy for 2022 did in fact arise, this reversal of conditions was effected, effective for accounting purposes from 1 January 2023.

The Company has not established any deferral period for the payment of the amounts accrued and payable in respect of the Chairman of the Board of Directors' variable remuneration.

The Company has not established any malus clause with respect to the Chairman of the Board of Directors' variable remuneration, but it has established a claw-back clause for the recovery of remuneration accrued and paid in the event that the Company restates its annual financial statements and, as a result of said restatement, the figures used to calculate the remuneration are smaller than those originally used. In addition, clauses were introduced that allow the variable remuneration to be deferred over a period of three to five years and a portion of the variable remuneration to be paid in shares of the Company or other similar non-cash instruments, subject to certain conditions.

The Company has made a payment in kind to the Chairman of the Board of Directors comprising 50% of the payments for the health insurance policy covering his immediate family, amounting to EUR 2 thousand. The Company has not made any payments in kind to any other member of the Board of Directors.

At 31 December 2024 and 2023, no loans or advances had been granted to the Company's serving and former key management personnel, and no guarantee obligations or pension or life insurance commitments had been assumed on their behalf.

5.3 Information regarding directors' conflicts of interest

At year-end 2024, none of the Board of directors had reported to the Board of Directors any situation of direct or indirect conflicts between the interests of the Company and their own or those of related parties.

5.4 Board members' ownership interests in the Company

Pursuant to Act 26/2003 of 17 July, amending Securities Market Act 24/1988 of 28 July, and the Corporate Enterprises Act, the Company is required to disclose any ownership interests in the Company held by the board members of Alantra Partners, S.A.

A breakdown of the ownership interests in the Company of members of the Board of Directors at 31 December 2024 and 2023 is as follows:

	31/12/2024 (1)				31/12/2023 (1)			
	Total Shares	Total Shares	Total Shares	Total Shares	Total Shares	Percentage Ownership Interest	Direct	Indirect
Mr. Santiago Eguidazu Mayor	6,811,571	17.63%	-	6,811,571	6,811,571	17.63%	-	6,811,571
Mr. Santiago Bergareche Busquet	4,522	0.01%	4,522	-	14,351	0.04%	14,351	-
Mr. José Javier Carretero Manzano	20,090	0.05%	20,090	-	20,090	0.05%	20,090	-
Mr. Luis Carlos Croissier Batista	-	-	-	-	-	-	-	-
Mr. Jorge Mataix Entero	2,684,573	6.95%	158,102	2,526,471	2,754,780	7.13%	167,038	2,587,742
Mr. José Antonio Abad Zorrilla	2,764,132	7.16%	70,000	2,694,132	2,764,132	7.16%	70,000	2,694,132
Ms. María Luisa Garaña Corces	-	-	-	-	-	-	-	-

Ms. Berta de Pablos-Barbier	-	-	-	-	-	-	-	-
	12,284,888	31.80%	252,714	12,032,174	12,364,924	32.01%	271,479	12,093,445

(1) At 31 December 2024 and 2023, the Company's capital was represented by 38,631,404 shares.

6. Intangible assets

a) Goodwill

At 31 December 2024 and 2023, "Intangible assets – Goodwill" on the assets side of the consolidated statement of financial position included goodwill generated from the acquisition of shares conferring control of the following companies:

	Year Control Taken	Thousands of Euros	
		31/12/2024	31/12/2023
By investee:			
Alantra Equities, Sociedad de Valores, S.A.	2010	499	499

		67,248	65,247

The movement recorded in 2024 and 2023 in the balance of "Intangible assets – Goodwill" on the assets side of the consolidated statement of financial position is shown below:

	Thousands of Euros	
	2024	2023
Balance at the beginning of the period	65,247	65,403
Additions	-	-
Impairment	-	(965)
Other changes (*)	2,001	809
Balances at the end of the period	67,248	65,247

(*) Correspond to exchange differences. Also includes the change due to the sale of all of the shares of UDA Real Estate Data, S.L. in 2024 (see Note 2.14).

In 2023 the Group's directors recognised an impairment loss for part of the goodwill associated with Alantra LLC (Boston) of EUR 965 thousand under "Impairment and losses" in the 2023 consolidated income statement (31 December 2024: no amount was included in this connection).

As mentioned in Note 3-h, the cash generating units ("CGUs") to which goodwill has been assigned are periodically tested for impairment, with their carrying amount including the part of goodwill assigned. This testing is done at least annually or whenever there are indications of impairment.

Both the fair values of the CGUs and the assignment of fair value to their assets and liabilities are based on estimates and assumptions which the Group's management have considered appropriate for the circumstances. However, changes in the measurement assumptions used could give rise to a difference in the result of the impairment testing.

The impairment testing calculation uses three key assumptions, which are the ones to which the amount of recoverable value is most sensitive:

- The cash flows projections made by the Group's management, based on the latest available budgets for the next 5 years.
- The constant sustainable growth rate to extrapolate the cash flows, as from the fifth year (2029), beyond the period covered by the budgets or forecasts.
- The rate for discounting future cash flows, which is the same as the cost of capital assigned to each CGU, and which is composed of a risk-free rate plus a premium reflecting the inherent risk of each of the businesses evaluated.

The approach used by the Group's management to determine the values of these assumptions is based both on their projections or, where applicable, on past experience. Those values are uniform with external information sources. Also, the measurement of the two most significant goodwills (CGU assigned to Alantra, LLC – Boston and CGU assigned to Alantra Corporate Finance, LLP) were reviewed by an independent expert (not the Group's external auditor).

Discussed below are the main characteristics (key assumptions, discount rate, growth rates and sensitivity analysis) used in impairment testing of the most important cash generating units:

The measurement methodology used to determine the value in use of the Alantra, LLC (Boston) CGU was to discount the future free cash flows associated with that business for a projection period of five years (until 2029). This was done on an expected cash flow basis involving analysing several possible future scenarios regarding the extent and duration of the pandemic and its impacts on the businesses, i.e. considering various possible cash flow forecasts and assigning probabilities to each scenario. This value in use was determined with the assistance of an independent expert. The key variables on which

the financial projections and each scenario are constructed come from estimates of the future revenues and expenses of that company. The present value of future cash flows to be distributed used to determine value in use was calculated using as the discount rate the yield on risk-free assets plus a specific risk premium commensurate with the business analysed. As per this method, the discount rate was 12.05%. The residual value was estimated as the present value of perpetual income as from the last year of the projection (based on the average normalised net operating profit for the projection period) and considering a nominal annual growth rate of 1%. The growth rate of residual value was also analysed for sensitivity, which was determined at between 0.30% and 1.80%, while the sensitivity of the discount rate was between 11.05% and 13.05%. In addition, as a check, the measurement metric used by the independent expert was the comparable transaction multiples method. As a result of the aforementioned methods. No impairment losses have been identified (31 December 2023: impairment losses of EUR 965 thousand).

The measurement methodology used to determine the value in use of the Alantra Corporate Finance, LLP CGU was to discount the future free cash flows associated with that business for a projection period of five years (until 2029). This was done on an expected cash flow basis involving analysing possible several scenarios regarding the extent and duration of the pandemic and its impacts on the businesses, i.e. considering various possible cash flow forecasts and assigning probabilities to each scenario. This value in use was determined with the assistance of an independent expert. The key variables on which the financial projections and each scenario are constructed come from estimates of the future revenues and expenses of that company. The present value of future cash flows to be distributed used to determine value in use was calculated using as the discount rate the yield on risk-free assets plus a specific risk premium commensurate with the business analysed. As per this method, the discount rate was 12.52%. The residual value was estimated as the present value of perpetual income as from the last year of the projection (based on the average normalised net operating profit for the projection period) and considering a nominal annual growth rate of 1%. The growth rate of residual value was also analysed for sensitivity, which was determined at between 0.30% and 1.80%, while the sensitivity of the discount rate was between 11.52% and 13.52%. In addition, as a check, the measurement metric used by the independent expert was the comparable transaction multiples method. As a result of the aforementioned methods, no impairment losses arose.

The measurement methodology used by the Group's specialised department to obtain the value in use of the Alantra AG CGU was to discount the future free cash flows associated with that business for a five-year projection period (until 2029). The key variables on which the financial projections are constructed come from estimates of the future revenues and expenses of that company. The present value of future cash flows to be distributed used to determine value in use was calculated using as the discount rate the yield on risk-free assets plus a specific risk premium commensurate with the business analysed. As per this method, the discount rate was 8.80%. The residual value was estimated as the present value of perpetual income as from the last year of the projection (based on the average normalised net operating profit for the projection period) and considering a nominal annual growth rate of 1%. The growth rate of residual value was also analysed for sensitivity, which was determined at between 0.5% and 1.5%, while the sensitivity of the discount rate was between 7.80% and 9.80%. As a result of this analysis, no impairment losses arose.

b) Other intangible assets

The balance of this heading on the assets side of the consolidated statement of financial position at 31 December 2024 records software and developments acquired by the Group for EUR 197 thousand (EUR

445 thousand at 31 December 2023). Shown below is the movement recorded in this heading in 2024 and 2023:

	Thousands of Euros					
	Software		Development (*)		Total	
	2024	2023	2024	2023	2024	2023
Cost:						
Balance at the beginning of the period	1,792	1,766	432	432	2,224	2,198
Additions	69	29	-	-	69	29
Disposals	(17)	(3)	(432)	-	(449)	(3)
Other changes	-	-	-	-	-	-
Balances at the end of the period	1,844	1,792	-	432	1,844	2,224

Balance at the beginning of the period	(1,347)	(988)	(432)	(432)	(1,779)	(1,420)
Allowances	(315)	(362)	-	-	(315)	(362)
Disposals	15	3	432	-	447	3
Other changes	-	-	-	-	-	-
Balances at the end of the period	(1,647)	(1,347)	-	(432)	(1,647)	(1,779)
Intangible assets, net	197	445	-	-	197	445

(*) This item corresponds mainly to developments recognised at the date on which UDA Real Estate Data, S.L. was acquired. These assets were fully amortised in 2021.

(**) Also includes the disposal of other intangible assets of UDA Real Estate Data, S.L. as a result of the sale of all of the shares of that company in 2024 (see Note 2.14).

Fully amortised intangible assets in use amounted to EUR 1,151 thousand and EUR 920 thousand at 31 December 2024 and 2023 respectively.

At 31 December 2024 and 2023 there were no intangible assets acquired or transferred under a finance lease.

At year-end 2024 and 2023 the Directors of the Company did not regard it necessary to record any impairment of other intangible assets.

7. Property and equipment

The changes in "Property and equipment" on the assets side of the consolidated statement of financial position in 2024 and 2023, entirely comprising property and equipment for own use, were as follows:

	Thousands of Euros					
	Fixtures	Computer Hardware	Furniture	Property and Equipment in Progress	Rights of use	Total
Cost:						
Balances at 1 January 2023	4,134	4,183	1,521	280	45,675	55,793

Allowances (Note 3-g)	-	-	-	-	-	-
Disposals	-	-	-	-	-	-
Other changes (*)	-	-	-	-	-	-
Balance at 31 December 2024	-	-	-	-	-	-
Property and equipment, net:						
Balances at 31 December 2023	5,114	1,361	1,272	50	30,653	38,450
Balances at 31 December 2024	4,565	1,105	1,137	24	25,996	32,827

(*) Mainly includes the effect of translation of fixed asset balances in foreign currency.

Fully depreciated property and equipment in use amounted to EUR 2,994 thousand at 31 December 2024, EUR 2,222 thousand at 31 December 2023.

Property and equipment are covered by appropriate insurance policies. The directors of the Company estimate that the risks to which those fixed assets are subject are sufficiently covered.

All the right-of-use assets associated with lease contracts at 31 December 2024 and 2023 corresponded to offices. The movements in 2024 correspond mainly to office relocations in Paris and Frankfurt, as well as the renovation work undertaken at offices occupied by the Group. The disposals relate mainly to the termination of lease contracts in the cities in which the Group has relocated its head offices, principally Hong Kong, Birmingham, Milán, Copenhagen, Paris y Frankfurt.

The breakdown of liabilities associated with lease contracts by maturity date is as follows (see Note 17):

Lease liabilities (discounted)	Thousands of Euros	
	2024	2023
Less than one year	6,491	6,392
One to five years	19,133	22,294
After five years	3,142	4,366
	28,776	33,052

At 31 December 2024, the weighted average lease term is 4.94 years (2023: 5.40 years).

Assumptions are also used to calculate the discount rate since, in certain situations, the implicit interest rate in the lease cannot be obtained. For the calculation of the present value of lease installments, the Group uses the risk-free rate at the lease start date, adjusted to the country, currency, and term, plus a margin that incorporates the Group's own risk. At 31 December 2024, the weighted average of the incremental borrowing rates applied for discounting the lease liabilities recognized in the consolidated statement of financial position is 1.51% (2023: 1.19%).

8. Investments accounted for using the equity method

This line item comprises the equity/capital instruments issued by Alantra Group investees, which are associated and jointly-controlled entities accounted for using the equity method.

a) Breakdown

Details of this line item on the assets side of the consolidated statement of financial position at 31 December 2024 and 2023, contractual currency and whether or not investees' securities are listed or non-listed are as follows:

	Thousands of Euros	
	31-12-2024	31-12-2023

(*) In 2024, as a result of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method, the Group no longer had control of the company (see Note 2.14).

Material disclosures on associates belonging to the Alantra Group in 2024 and 2023, respectively, are included in Note 2.14.

Since all the companies included in the previous table generated net profits in 2024, the Group recognised these in the consolidated statement of profit or loss. These profits attributable to the Group totalled EUR 14,574 thousand in 2024 (2023: EUR 8,113 thousand), recognised under "Share of profit (loss) of companies accounted for using the equity method" in the consolidated statement of profit or loss (see Note 23).

The amount attributable to Singer Capital Markets Ltd. includes the consolidated figures of the sub-group comprising Singer Capital Markets Ltd. , Singer Capital Markets Advisory LLP (and Singer Capital Markets Securities Ltd. This amount includes EUR 696 thousand of implicit goodwill generated from the Group's acquisition of Nplus1 Singer Ltd shares in 2012 (see Note 2.14). Said implicit goodwill was generated in sterling, the functional currency of Nplus1 Singer Ltd, and was converted to the Group's functional currency at the rate prevailing at the end of the reporting period.

The amount corresponding to Landmark Capital, S.A. includes the consolidated figures of the sub-group comprising Landmark Capital, S.A., Landmark Capital Asesoría Empresarial Ltda., Landmark Capital Argentina SRL and Landmark Capital Colombia SAS. At 31 December 2018 said amount included EUR 1,447 thousand (net of impairment) in respect of the implicit goodwill generated on the Group's acquisition in 2016 of shares of Landmark Capital, S.A. (see Note 2.14). In 2019, the Group recognised an impairment loss for the entire amount of this goodwill of EUR 1,419 thousand under "Loss/reversal of loss on impairment of financial instruments" in the 2019 consolidated income statement (see Note 28).

The amounts corresponding to Avolta Partners, SAS, Iroise Partners, SAS and 33N Ventures, Lda include EUR 1,425 thousand, EUR 675 thousand and EUR 612 thousand, respectively, in respect of the implicit goodwill generated as a result of these acquisitions made by the Group in 2024 and 2023 - see Note 2.14. In 2023, as a result of the situation facing the entity in 2023 and the fact that the conditions established for accrual of the contingent consideration initially envisaged at the acquisition date were not met, an impairment loss of EUR 2,183 thousand was recognised on the ownership interest in Avolta

Partners, SAS with a charge to "Loss/reversal of loss on impairment of financial instruments" in the consolidated statement of profit or loss.

The amount corresponding to Access Capital Partners Group, S.A. includes the consolidated figures of the sub-group of which this company is the parent. At 31 december 2024 and 2023 this amount includes EUR 31,873 thousand associated with underlying goodwill and EUR 9,131 thousand corresponding to contractual rights arising from relations with the customers of the acquired business (client list), being principally fund management agreements with defined useful lives, as a result of the acquisition in 2022 and 2019 by the Group of Access Capital Partners Group, S.A. y de Access Capital S.A. (see Note 2.14). Said client list is amortised using the reducing balance method, in line with its performance, over an estimated period of five years. Said amortisation amounted to EUR 1,402 thousand and EUR 1,804 thousand in 2024 and 2023, respectively, and is charged to "Share of profit (loss) of companies accounted for using the equity method" in the 2024 and 2023 consolidated income statements with the other results contributed by this investee (see Note 23).

The amount corresponding to AMCHOR Investment Strategies, S.G.I.I.C., S.A., Indigo Capital, S.A.S. and Asabys Asset Services, S.L. (which includes the consolidated securities of Asabys Partners, S.G.E.I.C., S.A. of which it holds 100% of the share capital) include EUR 4,202 thousand, EUR 300 thousand and EUR 705 thousand, respectively, associated with implicit goodwill and EUR 2,914 thousand, EUR 1,257 thousand and EUR 696 thousand, respectively, associated with contractual rights arising from relations with clients from the acquired business - client list - generated as a result of the acquisitions by the Group, during financial years 2021 and 2020, of shares of AMCHOR Investment Strategies, S.G.I.I.C., S.A., Indigo Capital, S.A.S. and Asabys Asset Services, S.L. (see Note 2.14). These customer lists are amortised based on the evolution of their activity, over a period estimated at approximately six years. Said amortisations are amounted to EUR 598 thousand, EUR 961 thousand, during 2024 and 2023, which are recognised under "Results of entities accounted for using the equity method" in the consolidated income statement for 2024 and 2023, together with the other results contributed by such investees (see Note 2).

The method used by the Group's specialist department to measure the value in use of the cash generating unit assigned to Access Capital Partners Group, S.A. was to discount future cash flows associated with this business over a five-year projection period (until 2029).

At 31 December 2024 the Board of directors did not deem it necessary to recognise any impairment of goodwill other than those already disclosed.

9. Non-current financial assets

The breakdown of this line item at 31 December 2024 is as follows:

	Thousands of Euros			
	At fair Value Through Profit or Loss	At Fair Value Through Other Comprehensive Income	At Amortised Cost	Total
Balances at 1 January 2024	33,193	80,110	12,662	125,965

- (1) Fair value calculated on the basis of the last net asset value published by each investee at the measurement date.
- (2) Coordinated, managed and administrated by Alantra Multi Asset, S.G.I.I.C., S.A.U. (formerly Alantra Asset Management, S.G.I.I.C., S.A.U.) (an Alantra Group company).
- (3) This entity is coordinated, managed and administrated by Alantra EQMC Asset Management, S.G.I.I.C., S.A. (an Alantra Group company).
- (4) In 2024, as a result of consolidating Alantra Investment Pool, S.L. as a joint venture accounted for using the equity method, the Group holds a reduced position in the vehicle (see Note 2.14).

Details of the fair value of "Financial assets at fair value through profit or loss" are provided in Note 29.

In 2024 the Group did not make any redemptions in Mutuafondo Corto Plazo, Fondo de Inversión fund (EUR 4,004 thousand in 2023), obtaining profits totalling that are recognised under "Change in fair value of financial instruments" and "Loss/reversal of loss on impairment of financial instruments" in the consolidated income statement for 2024 totalling EUR 1,113 thousand (EUR 1,180 thousand in 2023).

In 2024 Alantra Multi Asset, S.G.I.I.C., S.A. did not make any redemptions and did not subscribed any Class E units of QMC III, Fondo de Inversión Libre amounting EUR 295 thousand (redemptions EUR 162 thousand in 2023), within the framework of a multi-year incentive programme to certain employees of this entity, approved by the entities board. This interest is managed together with a financial liability, thereby significantly eliminating inconsistencies in recognition and measurement.

At 31 december 2023, Alantra EQMC Asset Management, S.G.I.I.C., S.A. held a position in Class C units of EQMC, Fondo de Inversión Libre for amount of EUR 2,454 thousand. This interest was managed together with a financial liability, thereby significantly eliminating inconsistencies in recognition and measurement.. On 28 June 2024 2,133 Class C units of EQMC, Fondo de Inversión Libre were redeemed for an amount of EUR 87 thousand. Subsequently, on 31 December 2024, all of the remaining Class C units of EQMC, Fondo de Inversión Libre were redeemed for EUR 2,561 thousand in accordance with the maturity date agreed in the aforementioned long-term incentive programme (2023: 4,881 units for EUR 192 thousand). As a result of that transaction, at 31 December 2024 the Group did not hold an interest in EQMC, Fondo de Inversión Libre. In addition, at 31 December 2024 and 2023, The fair value of these shares at 31 December 2024 and 2023 is EUR 2,561 and 2,454 thousand, respectively, which coincides with the amounts payable to these employees recognised under "Trade and other

payables - Other payables" on the liability side of the consolidated statement of financial position (see Note 18).

In addition, in 2021 the Group received shares in Intensify, Reputation.com y Rinse, INC amounting to USD 650 thousand (EUR 221 thousand, EUR 221 thousand and EUR 44 thousand, respectively) as consideration for the provision of certain business and consultancy services. In addition, in 2022 a new ownership interest in DISTRISOCIAL, S.L. was included in this connection and a portion of those remaining was sold, leaving a final balance on 2024 and 2023 amounting to EUR 201 and 190 thousand.

At 31 December 2024 and 2023 EUR 34 thousand were included in both years corresponding to a loan granted initially to Nueva Capital Privado Inversiones, S.L. – limited partner of Nmás1 Private Equity Fund US No.1, L.P., Nmás1 Private Equity Fund US No.2, L.P. and Nmás1 Private Equity Fund US No.3, L.P. The loan will remain in force until the date on which the aforementioned investment complex is completed. Due to the financial position of these entities, part of the aforementioned loan was impaired in 2018. There were no changes in 2024 and 2023.

In addition, at 31 December 2024 and 2023 EUR 50 thousand were included in both years in relation to shares of DIVA-E Management Beteiligungs GmbH which the Group acquired on 12 April 2016. This ownership interest was fully impaired in 2024.

Also, in 2024 the Group acquired shares in Aquacorp, S.L. for EUR 23 thousand.

In November 2017 Alantra Capital Privado, SGEIC, S.A.U. (an Alantra Group company) granted several credit facilities to staff with a maximum limit equal to 56.083% of their commitments to pay in to the structure of Alantra Private Equity Fund III, which manages this company, and subject to pledging the units acquired as collateral. These employees used the finance to partly settle some of the payment commitments assumed. These credit agreements expire on the same day as the fund's settlement period ends, and therefore any amounts borrowed over the drawdown period must be repaid by employees on the expiration date. On 6 March 2023, Alantra Capital Privado, S.G.E.I.C., S.A.U. transferred a portion of these credit facilities to Alantra Investment Managers, S.L. (an Alantra Group company). At 31 December 2024 these loans at fair value totalled EUR 1,010 thousand (EUR 1,845 thousand at 31 December 2023). The change in their fair value was taken to the 2024 consolidated income statement under "Change in fair value of financial instruments".

In addition, in April 2021 and July 2023, Alantra Debt Solutions, S.L. (an Alantra Group company) conceded certain loans to employees for an amount up to 50% of its disbursement commitments in the fund Alteralia II S.C.A., SICAV-RAIF, which at 31 December of 2024 and 2023 amounted to EUR 370 thousand and EUR 262 thousand. These employees used the finance to partly settle some of the payment commitments assumed. These credit agreements expire on the same day as the fund's settlement period ends, and therefore any amounts borrowed over the drawdown period must be repaid by employees on the expiration date. At 31 December 2024 and 2023 these loans at fair value totalled EUR 443 thousand and EUR 315 thousand. The change in their fair value was taken to the 2024 and 2023 consolidated income statement under "Change in fair value of financial instruments".

Also, in March 2023 Alantra Investment Managers, S.L. (an Alantra Group company) granted certain credit facilities to employees with a maximum limit equal to 56.00% of their payment commitments to the Alantra Private Equity Fund IV structure managed by Alantra Capital Privado, S.G.E.I.C., S.A.U., and subject to the constitution of a security interest in the shares that were acquired. The employees in question used the credit exclusively to partially finance payment of the commitments they had assumed. These credit facilities mature on the same day as the Fund's settlement period ends, and therefore any amounts borrowed over the drawdown period must be repaid by the employees on the maturity date. At 31 December 2024 and 2023, the fair value of these loans amounted to EUR 183 and EUR 294 thousand, respectively. The change in their fair value is recognised under "Change in fair value of financial instruments" in the consolidated statement of profit or loss for 2024 and 2023.

Finally, at 31 December 2023 this heading was included the usufruct granted over 10.247% of the share capital of Alantra Equities, S.V., S.A. amounting to EUR 14 thousand (see Note 2.14). Such usufruct expired on 31 May 2024.

9.2 Financial assets at fair value through other comprehensive income

- (10) In 2024, as a result of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method, includes non-current financial assets in which the Group no longer has a direct position (see Note 2.14).

The amounts committed with respect to certain risk capital vehicles and hedge funds and the Group's disbursement commitments at 31 December 2024 are as follows:

	Thousands of Euros	
	Initial Amount Committed	Outstanding Disbursement Commitments
Alteralia S.C.A., SICAR (*)	132	111
33N Cybersecurity and Infrastructure Software Fund FCRE	4,000	2,240
Indigo Capital II, Fondo de Inversión Alternativa	50	2
Indigo Capital III, Fondo de Inversión Alternativa	180	104

(*) Following its investment period, new disbursements may only be requested in very exceptional circumstances as explained in its prospectus.

Details of the fair value of "Financial assets at fair value through other comprehensive income" are provided in Note 29.

In 2024, as a result of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method, the Group no longer holds a direct ownership interest in companies owning solar PV power generation plants. Alteralia Real Estate Debt, F.I.L.; Alantra Private Equity Secondary Fund, S.C.R., S.A.; Alantra Private Equity Fund, III, S.C.R., S.A.; Alantra Private Equity Fund, III, F.C.R.; Sabadell Asabys Health Innovation Investments, S.C.R., S.A.; Sabadell Asabys Health Innovation Investments II, F.C.R.; Asabys Top Up Fund, F.C.R.; Titan II Infrastructure, F.C.R.; Rhea Secondaries, F.C.R.; Alantra Desarrollo Solar, F.C.R.E., S.A.; Mercapital Spanish Buy-Out Fund III Continuation, F.C.R.; Titán Infraestructuras, F.C.R. and N-Sun Energy, S.L. (see Note 2.14).

March Solerenergy, F.C.R.E., S.A., a vehicle to which the Group made the initial contribution of EUR 15 thousand was incorporated in 2023. Also in 2023, Alantra N-Sun, F.C.R.E., a vehicle to which the Group invested EUR 318 thousand was incorporated.

In 2015 the Group signed several contracts with Alteralia Management, S.à.r.l. to subscribe Special Class and Class C shares of Alteralia S.C.A., SICAR amounting to EUR 6,358 thousand. On 31 October 2023, the Group subscribed new Special-Class shares amounting to EUR 17 thousand. On 25 April 2024, the Group subscribed new Special Class shares amounting to EUR 1 thousand. In 2024 the Group has not received distributions (EUR 339 thousand in 2023). Furthermore, in 2023 the Company received dividends of EUR 82 thousand, recognised under "Finance income" in the 2023 consolidated income statements.

On 28 December 2017 Alteralia II S.C.A., SICAR was incorporated, with the Group making a disbursement of EUR 30 thousand. In 2022 new disbursements of EUR 308 thousand were made. In 2023 the Group also received redemptions amounting to EUR 175 thousand (31 December 2024: no amount was included in this connection). Furthermore, in 2023 Alteralia II S.C.A., SICAR distributed dividends of EUR 117 thousand, respectively, to the Group recognised under "Finance income" in the 2023 consolidated income statements, respectively. (31 December 2024: no amount was included in this connection).

In 2023 the Group made payments into Alteralia III S.C.A., SICAR amounting to EUR 2,839 thousand. In addition, in 2023 redemptions totalling EUR 1,150 thousand were received.

Also, in 2024 the Group made redemptions of EUR 44 thousand to the private equity entity Nmás1 Private Equity Fund II (in liquidation), managed by Alantra Capital Privado, S.G.E.I.C., S.A. In addition, in 2024, Nmás1 Private Equity Fund II (in liquidation) distributed dividends to the Group amounting to

EUR 849 thousand which are recognised in "Revenue - Revenue from rendering of services" in the consolidated statement of profit or loss for 2024.

In addition, in 2022, the Company subscribed EUR 300 thousand in a hedge fund called Alteralia Debt Fund III, FIL. Subsequently, in 2023 the Company redeemed EUR 294 thousand.

In 2022, Alantra Capital Privado S.G.E.I.C., S.A.U. formed a European venture capital fund called 33N Cybersecurity and Infrastructure Software Fund FCRE. Following various transactions as part of the formation of the vehicle, at 31 December 2024 the Group had an irrevocable commitment to invest in the aforementioned fund to subscribe units amounting to up to EUR 4,000 thousand (31 December 2023: EUR 14,000 thousand), and had paid a total of EUR 1,760 thousand (2023: EUR 1,340 thousand). In 2023, the Group redeemed a gross amount of EUR 2,293 thousand in order to match the capital paid by all the investors. In 2024, the Group paid EUR 1,004 thousand and redeemed a gross amount of EUR 472 thousand in order to match the capital paid by all the investors (in 2023 the Group redeemed a gross amount of EUR 2,293 thousand to match the capital paid by all the investors).

In addition, in 2024, the Group subscribed EUR 48 thousand and EUR 76 thousand in Indigo Capital II, Fondo de Inversión Alternativa and Indigo Capital III, Fondo de Inversión Alternativa, respectively, which have their registered offices in France and are managed by Indigo Capital, S.A.S., an AIF management company in the European economic space under the freedom to provide services.

Adjustments due to changes in the fair value of "Financial assets at fair value through other comprehensive income" are recognised, net of the corresponding tax effect, in consolidated equity under "Items that will not be subsequently reclassified to profit or loss for the period - Equity instruments through other comprehensive income". At 31 December 2024 and 2023, details of "Items that will not be subsequently reclassified to profit or loss for the period - Equity instruments through other comprehensive income" in the consolidated statement of financial position are as follows:

	1,789	824	80,110	9,150

(*) In 2024, as a result of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method, includes non-current financial assets in which the Group no longer has a direct position (see Note 2.14). The heading "Accumulated other comprehensive income - Equity instruments at fair value through other comprehensive income" of equity for the year 2024 includes the valuation adjustments of these vehicles in the amount of 9,752 thousand euros.

9.3 Financial assets at amortised cost

Details of this line item on the assets side of the consolidated statement of financial position at 31 December 2024 and 2023, by nature, are as follows:

	Thousands of Euros	
	31/12/2024	31/12/2023
Equity instruments	-	-
Debt securities	-	-
Derivatives	-	-
Other financial assets	6,209	12,662
	6,209	12,662

Details of "Financial assets at amortised cost" at 31 December 2024 and 2023 are as follows:

	Thousands of Euros	
	31/12/2024	31/12/2023
Other financial assets		
Employee loans	4,668	11,264
Deposits	1,388	1,113

La Banque d'Affaires	5	5
Tamsi, S.L.	-	-
Segur Ibérica, S.A.	-	-
	6,209	12,662

"Guarantees" in the previous table comprises the security deposit given by the Company to secure the lease of the offices from which it conducts business, set at EUR 1,395 thousand and EUR 1,120 thousand at 31 December 2024 and 2023, respectively (recognised in the amount of EUR 1,388 thousand and EUR 1,113 thousand at 31 December 2024 and 2023 following the application of the simplified impairment method in accordance with IFRS 9 – see below).

The account balance also included EUR 631 thousand in both financial years corresponding to a loan that has been fully impaired since 2016, granted by the Group to Segur Ibérica, S.A. on 7 September 2011 (EUR 559 thousand corresponding to the loan principal and EUR 72 thousand corresponding to the interest accrued to date).

In addition, on 29 November 2017 the Group granted a credit facility of up to GBP 1.5 million to the former shareholders of Alantra Corporate Finance, LLP. At 25 January 2019 said facility had been partly drawn down for the amount of GBP 353 thousand. At the same time, separate contracts were signed with each shareholder ending on the date that the lock-up obligations concerning the Company's shares expire. In 2024 and 2023, EUR 88 and EUR 126 thousand, respectively, of the aforementioned credit facility were repaid. In 2024 and 2023 an immaterial amount of interest was generated, recognised under "Finance income" in the 2024 and 2023 consolidated income statements. Moreover, at the 2024 and 2023 year-ends, the Group converted the aforementioned Pound-sterling loan to its functional currency at the year-end exchange rate.

Lastly, the Group granted certain loans to employees of the Group totalling EUR 4,668 thousand and EUR 11,264 thousand at 31 December 2024 and 2023, as detailed below:

At 31 December 2024, these included nine loans totalling EUR 3,659 thousand granted on 30 September 2021 to certain employees of the Alantra Group to acquire a total of 233,000 treasury shares of the Company (see Note 14) - three of the loans were granted to members of the Group's senior management. Said loans bear floating interest tied to Euribor + 1% and mature on 30 September 2027. These loans are secured by a security interest on the shares which, in turn, restricts the transfer thereof to third parties. Purchase options were also granted in favour of the Company which may be executed in different scenarios relating to an employee departing from or leaving the group. The repurchase price of the shares if the purchase option is exercised will be set contractually although the employees are liable for the whole loan under a personal guarantee.

At 31 December 2024, the loans also included a loan for EUR 13 thousand granted on 17 December 2020, to an employee of an Alantra Group company for the acquisition of shares of Alantra CPA Iberia, S.L. (two loans for a total of EUR 40 thousand granted on 17 December 2020, to two employees of an Alantra Group company for the purchase of shares of Alantra CPA Iberia, S.L. - see Note 2.14). Said loan bears floating interest tied to Euribor + 1% and matures on 31 December 2026. Purchase options were also granted in favour of the Company which may be executed in different scenarios relating to

an employee departing from or leaving the group. The Company may exercise a purchase option on the shares in the event of severance of the employees on whatever grounds from Alantra CPA or the Alantra Group. The price for the exercise of the purchase option varies depending on the grounds for the severance of the employees although the employees are liable for the entire loan under their personal guarantee.

They include two loans to certain employees for a total of EUR 102 thousand granted on 19 July 2021 for the acquisition of shares of Alantra Equities, S.V., S.A. (see Note 2.14.). These loans bear fixed annual interest tied to Euribor + 1%, mature on 29 February 2024 and are secured by a security interest on the shares which, in turn, restricts the transfer thereof to third parties. Purchase options were also granted in favour of the Company which may be executed in different scenarios relating to an employee departing from or leaving the group. The Company may exercise a purchase option on the shares in the event of severance of the employees on whatever grounds from Alantra Equities, S.V., S.A. or the Alantra Group. The price for the exercise of the purchase option varies depending on the grounds for the severance of the employees although the employees are liable for the entire loan under their personal guarantee. On 14 March 2025 the novation of the aforementioned loans was agreed and their maturity extended to 29 February 2028.

They include two loans to certain employees for a total of EUR 732 thousand granted on 26 February 2024 for the acquisition of shares of Alantra Equities, S.V., S.A. (see Note 2.14.). These loans bear fixed annual interest tied to Euribor + 1%, mature on 29 February 2031 and are secured by a security interest on the shares which, in turn, restricts the transfer thereof to third parties. Purchase options were also granted in favour of the Company which may be executed in different scenarios relating to an employee departing from or leaving Alantra Equities, S.V., S.A. or the Group. The Company may exercise a purchase option on the shares in the event of severance of the employees on whatever grounds from Alantra Equities, S.V., S.A. or the Alantra Group. The price for the exercise of the purchase option varies depending on the grounds for the severance of the employees although the employees are liable for the entire loan under their personal guarantee.

On 26 February 2024, collection rights were agreed vis-à-vis employees of the Alantra Group for EUR 162 thousand for the purchase of shares of Alantra Equities, S.V., S.A. Those collection rights mature on 31 December 2028. Purchase options were also granted to Alantra Equities, S.V., S.A. which may be executed in different scenarios relating to an employee departing from or leaving that company or the Group. Alantra Equities, S.V., S.A. may exercise a purchase option on the shares in the event of severance of the employees on whatever grounds from Alantra Equities, S.V., S.A. or the Alantra Group. The price for the exercise of the purchase option varies depending on the grounds for the severance of the employees although the employees are liable for the entire loan under their personal guarantee.

In 2024 loans granted to employees maturing within twelve months for a total of EUR 2,269 thousand were reclassified to "Current financial assets - Financial assets at amortised cost" on the asset side of the consolidated statement of financial position (see Note 11).

9.4 Impairment losses

At 31 December 2024 EUR 8 thousand (31 December 2023: EUR 7 thousand) corresponded to impairment losses recognised as per the simplified approach used by the Group (see Note 3-e) under "Non-current financial assets - At amortised cost". Movement in these are recognised under "Loss/reversal of loss on impairment of financial instruments" (see Note 27) in the consolidated income statement.

10. Trade and other receivables

10.1 Trade receivables

a) Breakdown

At 31 December 2024 and 2023, "Trade and other receivables – Trade receivables" on the assets side of the consolidated statement of financial position was as follows:

	Thousands of Euros	
	31-12-2024	31-12-2023
By category and situation of the transactions:		
Fees and commissions	7,499	5,129
Business and advisory services	44,426	28,781
Impaired assets	2,631	3,196
Valuation adjustments– Impairment losses	(2,631)	(3,196)
Other receivables	2,786	242
	54,711	34,152
By currency:		
Euro	39,618	24,924
Other currencies	15,093	9,228
	54,711	34,152

At 31 December 2024 and 2023, "Fees and commissions" in the above table comprises the receivable associated with commission accrued by the Group in the years ended on these dates (see Note 24), for the management of the vehicles.

All the balances included in this line item are payable on demand.

b) Impairment losses

The changes during 2024 and 2023 in impairment losses associated with financial assets recognised under "Trade and other receivables – Trade receivables" on the assets side of the consolidated statement of financial position were as follows:

	Thousands of Euros	
	2024	2023
Balance at the beginning of the period	3,196	3,972
Impairment losses with a charge to profit and loss (*)	282	425
Reversal of impairment losses credited to income (*)	(689)	(1,113)
Writeoffs	(10)	(48)
Translation differences	(148)	(40)
Balances at the end of the period	2,631	3,196

(*) Amounts recognised under "Gain (loss) on disposals of financial instruments – Other financial instruments" in the consolidated statement of profit or loss (see Note 27).

Impaired assets

At 31 December 2024 and 2023, financial assets classified as loans and deemed to be fully impaired due to the associated credit risk totalled EUR 2,631 thousand and EUR 3,196 thousand, respectively.

Of this amount, at 31 December 2024 EUR 159 thousand (31 December 2023: EUR 93 thousand) corresponded to impairment losses recognised on application of the expected loss model. The remaining amount basically comprises impairment losses recognised by the Group having detected objective evidence of impairment after analysing the balances on a case-by-case basis.

10.2 Other receivables

At 31 December 2024 and 2023, "Trade and other receivables – Other receivables" on the assets side of the consolidated statement of financial position comprised receivables from public entities, excluding income tax rebates, totalling EUR 5,912 thousand and EUR 4,491 thousand, respectively (see Note 19).

In 2023, the Group recognised EUR 697 thousand relating to the amount receivable arising from sales of certain solar PV projects held by Alantra Solar Investments, S.A. under "Trade and other receivables – Other receivables" on the asset side of the consolidated statement of financial position as at 31 December 2023 (see Note 2.14). These amounts have been settled in accordance with a payments schedule subject to the achievement of certain milestones regarding the development of the projects.

Also, in 2023 this heading included EUR 895 thousand relating to liquidating dividends receivable from the various companies the Group resolved to liquidate in that year. In 2024 these amounts were collected in full.

At 31 December 2024 a further EUR 30 thousand (EUR 27 thousand at 31 December 2023) corresponded to impairment losses recognised as a result of applying the expected loss model.

11. Current financial asset at amortised cost

As a result of the corporate action in Alantra AG (see Note 2.14 in the section on "Acquisition of an additional equity interest in Alantra AG involving obtainment of control"), the Group recognised a receivable at 31 December 2023 the Group had recognised balance of EUR 982 thousand pending collection as per the agreement to exchange cash flows related with earnings in the period 2018-2020 and extended in 2021 to the period 2021-2023. In 2024 this amount was settled in full and the agreement to exchange cash flows was terminated (see Note 2.14).

At 31 December 2024, the heading includes two loans for a total of EUR 1,224 thousand (31 December 2023: two loans for EUR 1,133 thousand recognised in "Non-current financial assets - Non-current financial assets at amortised cost" in the consolidated statement of financial position at that date) granted on 5 December 2018 and 1 March 2019, respectively, to two employees of Alantra Group companies for the acquisition of 50,000 and 50,000 treasury shares of the Company, respectively. Said loans bear floating interest tied to Euribor + 1% and mature on 5 December 2022 and 1 March 2023, respectively. These loans are secured by a security interest on the shares which, in turn, restricts the transfer thereof to third parties. Purchase options were also granted in favour of the Company which may be executed in different scenarios relating to an employee departing from or leaving the group. The repurchase price of the shares if the purchase option is exercised will be set contractually although the employees are liable for the whole loan under a personal guarantee. At the end of 2024 the terms and conditions of those loans were being renegotiated.

In addition, at 31 December 2024, the heading includes three loans for a total of EUR 468 thousand (31 December 2023: EUR 621 thousand recognised in "Non-current financial assets - Non-current financial assets at amortised cost" in the consolidated statement of financial position at that date) granted on 21 April 2021 to certain employees of the Alantra Group for the acquisition of 35,000 treasury shares of the Company (see Note 14). Said loans bear floating interest tied to Euribor + 1% and mature on 21 April 2025. These loans are secured by a security interest on the shares which, in turn, restricts the transfer thereof to third parties. Purchase options were also granted in favour of the Company which may be executed in different scenarios relating to an employee departing from or leaving the group. The repurchase price of the shares if the purchase option is exercised will be set contractually although the

employees are liable for the whole loan under a personal guarantee. At the end of 2024 the terms and conditions of the matured loans were being renegotiated.

At 31 December 2024 the heading includes certain loans for EUR 424 thousand, granted on 15 November 2021 to employees of the Alantra Group for the acquisition of 47,088 shares of Alantra International Corporate Advisory, S.L. Said loans bear floating interest tied to Euribor + 1%, mature on 15 November 2025 and are secured by a security interest on the shares which, in turn restricts the transfer thereof to third parties. Purchase options were also granted in favour of the Company which may be executed in different scenarios relating to an employee departing from or leaving the group. The Company may exercise a purchase option on the shares in the event of severance of the employees from the Alantra Group on whatever grounds. The price for the exercise of the purchase option varies depending on the grounds for the severance of the employees although the employees are liable for the entire loan under their personal guarantee. In 2024 EUR 4,861 thousand of the loans were repaid early following the repurchase by the Company of the majority of the shares of Alantra International Corporate Advisory, S.L. At the end of 2024 the early repayment of the two outstanding loans totalling EUR 424 thousand was being negotiated.

Lastly, the heading includes various loans to employees granted by certain Group companies for a total of EUR 193 thousand (31 December 2023: EUR 697 thousand recognised in "Non-current financial assets - Non-current financial assets at amortised cost" in the consolidated statement of financial position as at that date).

At 31 December 2023, impairment losses, in accordance with IFRS 9 and the simplified impairment method applied by the Group (see Note 3-e), were estimated at EUR 4 thousand, the change in which is recognised under "Impairment losses/reversals on financial instruments" in the consolidated income statement (amount not significant at 31 December 2024) (see Note 27).

12. Other current assets and liabilities

"Other current assets" on the assets side of the consolidated statement of financial position at 31 December 2024 and 2023 included prepaid expenses of EUR 3,523 thousand and EUR 2,602 thousand, Impairment losses as a result of application of IFRS 9 and as per the simplified approach used by the Group (see Note 3) on current assets have been estimated at EUR 17 thousand (EUR 9 thousand at 31 December 2023), this movement being recognised under "Loss/reversal of loss on impairment of financial instruments" in the consolidated income statement (see Note 27).

At 31 December 2024, "Other current liabilities" includes accrued income of EUR 1,515 thousand (31 December 2023: EUR 1,074 thousand).

13. Cash and cash equivalents

a) Breakdown

Details of "Cash and cash equivalents" at 31 December 2024 and 2023 are as follows:

	Thousands of Euros	
	31-12-2024	31-12-2023
Cash:		
Current accounts	92,800	103,948
Cash	47	56
	92,847	104,004
Other cash equivalents:		
Deposit accounts at credit institutions	-	-
	-	-
Impairment losses:	(41)	(69)
	92,806	103,935

At 31 December 2024 impairment losses as a result of application of IFRS 9 and as per the simplified approach used by the Group (see Note 3-e) on cash and cash equivalents have been estimated at EUR 41 thousand (EUR 69 thousand at 31 December 2023), this movement being recognised under "Loss/reversal of loss on impairment of financial instruments" in the consolidated income statement (see Note 27).

Income generated from current accounts in 2024 totalled EUR 1,878 thousand and was recognised in "Finance income" in the consolidated statement of profit or loss (2023: no material amount for the Group in this connection).

Details of the current accounts held by the Group at 31 December 2024 and 2023 are as follows:

Capital

On 13 December 2016 the General Meeting of the Company resolved to increase the share capital by issuing and placing in circulation 1,262,652 ordinary shares with a nominal value of EUR 3 each and a share premium of approximately EUR 6,525 per share. The full amount of the capital increase was wholly subscribed and paid in by the former shareholders of Alantra, LLC. Also, on 13 December 2016 the General Meeting resolved to increase its share capital by issuing and placing in circulation 604,124 ordinary shares with a nominal value of EUR 3 each and share premium of approximately EUR 6,228 per share. The increase was fully subscribed and paid in by certain shareholders of Alantra International Corporate Advisory, S.L. by way of a non-monetary contribution of 509,012 shares of Company Alantra International Corporate Advisory, S.L. On 4 January 2017 there was recorded in the Companies Registry of Madrid the deed executed on 20 December 2016 notarising the resolutions on the capital increases approved by the Extraordinary General Meeting of Shareholders of the Company on 13 December 2016.

As a result, at 31 December 2016 the share capital stood at EUR 106,610,880, represented by 35,536,960 shares each with a nominal value of EUR 3.

On 21 November 2017, the Company's General Meeting voted to increase capital by issuing 1,635,592 new ordinary shares with a par value of EUR 3 each and a share premium of EUR 8.79 per share, which were fully subscribed and paid up by the former partners of Alantra Corporate Finance, LLP through a non-monetary contribution of 54.85% of Alantra Corporate Finance, LLP's capital,

As a result, at 31 December 2017 the share capital stood at EUR 111,517,656.00 represented by 37,172,552 shares each with a nominal value of EUR 3.

On 25 July 2018, the Company's Extraordinary General Meeting voted to increase share capital by issuing and placing 1,458,852 ordinary shares of EUR 3 par value each and with a share premium of approximately EUR 12.15 per share. These had been subscribed and paid by certain partners through non-monetary contributions of 40% of the capital of Italian company, Alantra, S.r.l., 40% of the capital of the French company, Alantra France Corporate Finance S.A.S, and shares and units representing 29.998% of the political rights and 54.999% of the economic rights of the Swiss company, Alantra AG.

As a result, the Company's capital amounted to EUR 115,894,212.00, represented by 38,631,404 shares of EUR 3 par value each.

All shares are of the same class and carry the same economic and political rights. These shares are listed on the electronic trading platforms of the Madrid and Barcelona stock exchanges.

Details of the Company's shareholders with stakes of 3% or higher at 31 December 2024 (as per the register of significant holdings kept by the CNMV) are as follows:

Shareholders	2024

(*) The indirect shares correspond to vehicles managed by Santa Lucía Vida y Pensiones S.A., Compañía de Seguros y Reaseguros.

On 26 March 2015 the shareholders of N+1 IBG signed a "Shareholders' Agreement on the Company generated from the merger of Dinamia Capital Privado, Sociedad de Capital Riesgo, S.A. and N Más Uno IBG, S.A. – Share Lock-up obligations" whereby the shareholders of the Company via N+1 IBG agreed not to transfer the shares in the Company obtained in the swap effected to carry out the Merger for a specific period of time determined according to the nature of the shareholder, Said agreement came into force on

the date the Merger was recorded in the Mercantile Register and was automatically cancelled after four years from that date.

Furthermore, after the issuance of the shares that have been received by the former shareholders of Alantra, LLC and certain shareholders of Alantra International Corporate Advisory, S.L.U., certain shareholders' agreements came into effect whereunder the new shareholders agreed to a lock-up of the shares of the Company obtained in the capital increases approved by the General Meeting of the Company on 13 December 2016 for a specified period of time. Those agreements came into effect on 18 January 2017 and were automatically cancelled four years later.

Furthermore, after the issuance of the shares that were received by the former shareholders of Alantra Corporate Finance, LLP and certain shareholders of Alantra International Corporate Advisory, S.L., certain shareholders' agreements came into effect whereunder the new shareholders agreed to a lock-up of the shares of the Company obtained in the capital increases approved by the General Meeting of the Company on 21 November 2017 for a specified period of time. These agreements came into effect on 20 December 2017 and were automatically cancelled on 30 June 2021 for nine shareholders and on 30 June 2023 for six shareholders.

Lastly, following the issue of shares received by the non-controlling shareholders of Alantra AG, Alantra s.r.l. and Alantra France Corporate Finance S.A.S., a number of associative arrangements came into force to ensure new shareholders assume certain lock-up obligations in connection with the Company's shares obtained through the capital increase approved by the Company's Extraordinary General Meeting on 25 July 2018 for a period of six years. These arrangements were terminated in 2024.

Share premium

The Spanish Corporate Enterprises Act expressly permits the use of the share premium to increase capital and establishes no specific restrictions as to its use.

In 2024 and 2023 the Company's General Meeting did not approve any distributions to shareholders with a charge to share premium.

Reserves

The breakdown, by type, of this line item in the consolidated statement of financial position at 31 December 2024 and 2023 is as follows:

	Thousands of Euros	
	31-12-2024	31-12-2023
Legal reserve	23,178	23,178
Statutory reserve	13	13
Other reserves	38,727	7,939
Reserves in consolidated companies	(28,017)	6,381
Reserves in companies accounted for using the equity method	5,029	4,215
	38,930	41,726

Legal and statutory reserve

Companies posting a profit in a financial year must transfer 10% of profit to the legal reserve until the balance of this reserve reaches at least 20% of the share capital, except when losses from previous years reduced the Company's equity to less than its share capital. In the latter case, profit shall be allocated to offset such losses until equity equals share capital and will transfer 10% of the remaining profit to the corresponding legal reserve.

The legal reserve may be used to increase capital, provided that the remaining reserve balance does not fall below 10% of the increased share capital. Otherwise, until the legal reserve exceeds 20% of share capital, it can only be used to offset losses, provided that sufficient other reserves are not available for this purpose.

At 31 December 2024 and 2023 the Company's legal reserve amounted to EUR 23,178 thousand and the statutory reserve amounted to EUR 13 thousand.

Other reserves

"Other reserves" includes freely distributable reserves, Reserves are negative as a result of the takeover described in Note 1 and the need to redefine share N+1 IBG's capital.

Furthermore, "Other reserves" likewise included at 31 December 2024 and 2023, among other items, the negative reserve generated as a result of the capital increases carried out by Alantra Partners, S.A. and subscribed and paid in by the shareholders of Alantra AG, Alantra France Corporate Finance, S.A.S., Quattrocento, S.A.S, and Alantra, s.r.l., by way of a non-monetary contribution of shares representing 55%, 21%, 100% y 40% of said entities, in the amount of EUR 948 thousand.

Reserves in consolidated companies

The breakdown, by company, of this line item in the consolidated statement of financial position at 31 December 2024 and 2023 is as follows:

	Thousands of Euros	
	31/12/2024	31/12/2023
Alantra Investment Managers, S.L. (*) (***)	33,899	28,454

(*) As part of the acquisition operations of the additional 55% of Alantra AG, the constitution of Alantra EQMC Asset Management, S.G.I.I.C., S.A., the existing partners agreement in Alantra Equities, S.V., S.A. and the shareholders' agreement of Alantra Solar Energy Advisors, S.L. Put options were agreed on all or part of the shares of the aforementioned companies of which the minority shareholder is the owner at any given time, thus recording a financial liability for the fair value of the best estimate of the amount to be paid under the heading “Non-current financial liabilities – Other financial liabilities” in the consolidated statement of financial position as of December 31, 2024 (see Note 17). Also, in 2022 a shareholders agreement was entered into which provided for cross-options on all the shares of Alantra Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. held by a non-controlling shareholder (25% of its share capital). Therefore, in the chapter “Non-controlling interests” of the consolidated statement of financial position, the amounts attributed to minority interests of Alantra AG, Alantra EQMC Asset Management, S.G.I.I.C., S.A., Alantra Equities, S.V., S.A. were not recorded, Alantra Solar Energy Advisors, S.L and Energy Transition, Sociedad Gestora de Entidades de Inversión de Tipo Cerrado, S.A. during the year 2023 that are reflected in the results attributed to minority interests in the consolidated income statement. In the same way, the results obtained by those companies acquired or incorporated during the year 2022 are reflected in the results attributed to minority interests in the consolidated income statement, only in the corresponding part.

(**) Related to the non-controlling interests in the consolidated subgroups Alantra Investment Pool, S.L., Alantra Corporate Portfolio Advisors, S.L., Alantra Corporate Portfolio Advisors International, Ltd, Alantra Investment Managers, S.L., Alantra International Corporate Advisory, S.L., Alantra Corporate Finance China, S.A. and Alantra Nordics AB.

The changes in 2024 and 2023 in the balance of "Non-controlling interests" in the consolidated statement of financial position were as follows:

	Thousands of Euros
Balance at 31 December 2023	86,239
Profit (loss) for 2023 attributable to non-controlling interests	5,866
Other changes in equity attributable to non-controlling interests (*)	338
Others (**)	(13,195)
Balance at 31 December 2023	79,248
Profit (loss) for 2024 attributable to non-controlling interests	6,969
Other changes in equity attributable to non-controlling interests (*)	51
Others (**)	(56,242)
Balance at 31 December 2024	30,026

(*) Included, basically, the increase in the value of the solar PV plants held through Alantra Solar Investments, S.L.

(**) Including, basically, the effect of the corporate transactions performed in 2024 and 2023 and, as the most significant impact, the payment of dividends. In particular, in 2024, the effect of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method. In particular, in 2023, the acquisition of shares Deko Data Analytics, S.L., and Alantra Corporate Portfolio Advisors S.L., and the acquisition of 28% of Alantra Tech USA LLC. -see Nota 2.14

At 31 December 2022, Mutuamad Inversiones, S.A.U. held 20% of Alantra Investment Managers, S.L. In addition, Canepa European Activist Holdings, S.à.r.l. and 62 Inverness Participaciones, S.L. held 30% and 10%, respectively, of the share capital of Alantra EQMC Asset Management, S.G.I.I.C., S.A. Finally, Solarig Global Services, S.A. held 30% of the share capital of Alantra Solar Energy Advisors, S.L.

16. Non-current provisions

At 31 December 2024 and 2023 this balance also included provisions made by certain foreign companies for various concepts of EUR 1,022 thousand and EUR 1,368 thousand, respectively. At 31 December 2024 and 2023 "Non-current provisions" on the liabilities side of the consolidated statement of financial position included an allowance of EUR 1,477 thousand in both years, recognised in the normal course of the Group's business.

Additionally, at 31 December 2023 this heading included EUR 2,956 thousand corresponding to the Group's directors best estimate of the variable remuneration accrued as a result of the talent retention agreement established for the Investment Banking team. In 2024 and 2023, EUR 3,006 thousand and EUR 3,378 thousand of this amount was allocated and reclassified to "Trade and other payables - Remuneration payable" on the liability side of the consolidated statement of financial position. This amount had not been paid at the date of authorisation for issue of these consolidated financial statements. In addition, EUR 215 thousand of this provision were used in 2023. (31 December 2024: no amount was included in this connection). The change relates solely to the exchange rate effect.

The movements recorded in 2024 and 2023 in the balance of "Non-current provisions" in the consolidated statement of financial position are shown below:

	Thousands of Euros
Balances at 1 January 2023	10,447
Assigned	(3,378)
Allocations with a charge to income (*)	95
Recoveries released to income	(1,094)
Liquidated	(269)
Balances at 31 December 2023	5,801
Assigned	(3,006)
Allocations with a charge to income (*)	143
Recoveries released to income	(36)
Liquidated	(403)
Balances at 31 December 2024	2,499

(*) Charged to "Other operating expenses" and "Personnel expenses" in the consolidated income statement.

17. Financial liabilities

17.1 Non-current financial liabilities

At 31 December 2024 "Non-current financial liabilities – Other financial liabilities" in the consolidated statement of financial position includes the financial liabilities totalling EUR 6,792 thousand, EUR 4,402 thousand and EUR 813 thousand in relation to the put options for the minority shareholders of Alantra EQMC Asset Management, S.G.I.I.C., S.A., Alantra Equities, S.V., S.A. and Alantra Solar Energy Advisor, S.L., respectively, agreed in the shareholders agreement between the parties. At 31 December 2023 included totalling EUR 6,011 thousand and EUR 2,201 thousand, EUR 4,712 thousands and EUR 436 thousands, corresponding to the put options for the minority interests of Alantra EQMC Asset Management, S.G.I.I.C., S.A., Alantra AG, Alantra Equities, S.V., S.A., Alantra Solar Energy Advisor, S.L., respectively. Said put options imply the recognition of a liability at fair value in substitution of the recognition of minority shareholders of each of the aforementioned companies (see Note 2.14).

At 31 December 2024 the difference between the financial liability and minority interests was therefore recognised under "Reserves" in the consolidated statement of financial position at 31 December 2024 (see Note 14).

As a result of the entry into force of IFRS 16, the Group recognised at 31 December 2024 and 2023 liabilities associated with lease agreements amounting to EUR 22,275 thousand and EUR 26,660 thousand, respectively (see Note 7).

Also, at 31 December 2024 and 2023, the Group recognised EUR 1,337 thousand and EUR 891 thousand, respectively, relating to the earn-out to be paid to two non-controlling shareholder and one non-controlling shareholder, respectively, on the sale by the latter of its interest in Alantra Corporate Portfolio Advisors, S.L. (see Note 2.14).

In addition, at 31 December 2024 and 2023, this heading includes allowances as per the agreement to sell Alantra CPA Iberia, S.L. shares (see Note 2.14).

Lastly, at 31 December 2022 this includes EUR 2,183 thousand relating to the maximum earn-out arising from the acquisition of Avolta Partners, SAS, which was determined on the basis of certain indicators on the expected net profit for 2023-2024 (see Note 2.14). The Group considered that the conditions necessary for the accrual of the aforementioned earn-out were being met. However, at 31 December 2023, as a result of the situation of this entity in 2023, the Group considered that those conditions would not be met, and the aforementioned amount was released in full with a credit to

“Loss/reversal of loss on impairment of financial instruments” in the consolidated statement of profit or loss of such year.

17.2 Current financial liabilities

As a result of the entry into force of IFRS 16, the Group recognised at 31 December 2023 and 2022 liabilities associated with lease agreements amounting to EUR 6,491 thousand and EUR 6,392 thousand (see Note 7).

At 31 December 2023 “Current financial liabilities – Other financial liabilities” includes the Group’s estimate of the dividends payable to Alantra AG as per the initial agreement on exchanging cash flows associated with earnings during the period 2018-2020, extended in 2022 to the period 2021-2023 (see Notes 2.14 and 12) amounting to EUR 983 thousand (EUR 926 thousand at 31 December 2022). This position was settled on 10 June 2024 (see Note 2.14).

Finally, at 31 December 2023 “Non-current financial liabilities – Other financial liabilities” also included, as a consequence of the agreed with Alantra Energy Transition, S.G.E.I.C., S.A., an amount of EUR 924 thousand, which was entirely liquidated during 2024 (see Note 2.14).

A reconciliation of the carrying amount of the liabilities arising from the Group’s financing activities is set out below, distinguishing those changes that generate cash flows from those that do not:

	01/01/2024	Cash Flows	No Cash Flow Impact				31/12/2024
			Exchange Rate	Change in Fair Value	Reclassifications	Other

18. Trade and other payables

18.1 Suppliers

At 31 December 2024 and 2023, "Trade and other payables – Payables to suppliers" included the balances payable by the Group to various suppliers in connection with its normal operations (see Note 26).

18.2 Other payables

"Trade and other payables – Other payables" on the liabilities side of the consolidated statement of financial position at 31 December 2024 and 2023 were as follows:

	Thousands of Euros	
	31-12-2024	31-12-2023
Wages and salaries payable (Notes 5 and 25)	50,301	38,667
Tax payables (Note 19)	13,087	11,418
Other debts	1,970	2,478
	65,358	52,563

The balance of the line item "Wages and salaries payable" above includes remuneration payable to members of the Company's Board and Executive Committee totalling EUR 361 thousand at 31 December 2024 (31 December 2023: EUR 310 thousand) -see Note 5-.

At 31 December 2024, "Wages and salaries payable" also includes remuneration payable to the Group's key management personnel of EUR 1,757 thousand (31 December 2023: EUR 981 thousand) -See note 5.

"Wages and salaries payable" at 31 December 2024 also includes EUR 45,444 thousand (EUR 34,754 thousand at 31 December 2023) in remuneration pending payment to employees.

"Wages and salaries payable" in the above detail includes the fair value of the units repaid at 31 December 2024 before the redemption of all the Class C units of EQMC, Fondo de Inversión Libre for EUR 2,561 thousand (31 December 2023: EUR 2,454 thousand), the amount coinciding with the Group's debts to certain employees of Alantra EQMC Asset Management, S.G.I.I.C., S.A. arising from the multi-annual extraordinary incentive programme.

At 31 December 2024 it also includes EUR 178 thousand (31 December 2023: EUR 168 thousand) in relation to the balance payable by the Group to certain employees of Alantra Multi Asset, S.G.I.I.C., S.A. in relation to the same item (see Note 9.1).

Lastly, at 31 December 2024, "Other debts" in the above detail includes the dividends payable by Alantra EQMC Asset Management, S.G.I.I.C., S.A., Baruch Inversiones, S.L., Alantra Debt Solution, S.L., Alantra Energy Transition, S.G.E.I.C., S.A. and Alantra CPA Iberia, S.L. to the minority shareholders amounting to EUR 1,240 thousand, EUR 337 thousand, EUR 80 thousand, EUR 87 thousand and EUR 4 thousand, respectively (at 31 December 2023, "Other debts" in the above detail included the dividends payable by Alantra EQMC Asset Management, S.G.I.I.C., S.A., Alantra Investment Managers, S.L., Alantra Debt Solution, S.L. and Alantra CPA Iberia, S.L. to the minority shareholders amounting to EUR 1,200 thousand, EUR 1,000 thousand, EUR 100 thousand and EUR 11 thousand, respectively).

19. Tax matters

The Company applies the consolidated tax regime regulated by Chapter VII of Title VII of the Spanish Income Tax Law. The Company files consolidated income tax returns together with other Spanish companies in the Alantra Group, the parent of which is the Company itself. The Alantra Group includes another consolidated tax group in Spain, headed by Alantra Corporate Portfolio Advisory, S.L.; all other Spanish companies file individual income tax returns. Pursuant to current income tax legislation, all Alantra Group companies in Spain are taxed at a rate of 25% (see Note 3-p). Furthermore, Alantra International

Corporate Advisory, S.L. is taxed in the United Kingdom on the income obtained from Alantra Corporate Finance, LLP, and files consolidated income tax returns as part of the tax group it forms together with Alantra Partners International Limited. The Alantra Group files consolidated income tax returns in two jurisdictions besides Spain, the UK and Italy. All other Alantra Group companies are taxed for income and similar tax purposes in their respective jurisdictions, on an individual basis, and are subject to the applicable tax rate in force in each of them.

Lastly, for VAT purposes, the Company is taxed under the special tax regime for VAT groups, forming part of a VAT group, of which it is the parent, together with other Spanish companies in the Alantra Group.

i. Current tax receivables and payables

At 31 December 2024 and 2023, "Trade and other receivables – Other receivables" on the assets side of the consolidated statement of financial position included the following balances with public authorities (see Note 10):

	Thousands of Euros	
	31-12-2024	31-12-2023
VAT recoverable	5,912	4,491
Other receivables from public authorities	-	-
	5,912	4,491

At 31 December 2024 and 2023, "Trade and other payables – Other payables" on the liabilities side of the consolidated statement of financial position included the following balances with public authorities (see Note 18):

	Thousands of Euros	
	31-12-2024	31-12-2023
VAT payable	8,519	6,284
Tax withholdings payable	3,286	2,575
Social security payable	1,282	2,559
	13,087	11,418

At 31 December 2024 and 2023 the provision for corporate income tax of the companies inside the tax group (see Note 3-p), net of withholdings and payments on account, have a balance receivable of EUR 2,897 thousand and 11,455 thousand, respectively, recognised under "Trade and other receivables – Deferred tax assets" in the consolidated statement of financial position.

In addition, the provision relating to the income tax of the companies not included in the tax group, net of withholdings and prepayments, presented an account receivable of EUR 3,491 thousand and an account payable of EUR 1,265 thousand, recognised in "Trade and other receivables – Current tax assets" on the asset side of the consolidated statement of financial position as at 31 December 2024 and in "Trade and other payables - Current tax liabilities" on the liability side of the consolidated statement of financial position as at 31 December 2024, respectively (a receivable of EUR 6,260 thousand and a payable of EUR 1,038 thousand recognised in "Trade and other receivables – Current tax assets" on the asset side of the consolidated statement of financial position and in "Trade and other payables - Current tax liabilities" on the liability side of the consolidated statement of financial position as at 31 December 2023, respectively).

ii. Reconciliation of accounting profit and taxable income (tax loss)

The reconciliation of the accounting profit to the taxable income (tax loss) for income tax purposes (consolidated tax group of Alantra Partners, S.A. – Tax Group) for 2024 and 2023 is as follows:

	Thousands of Euros	
	2024	2023
Profit for the period before tax	17,746	13,603
Permanent differences:		
Decreases	(21,644)	(15,824)
Increases	2,138	2,823
Temporary differences:		
Decreases	(5)	(5)
Increases	4,244	3,985
Tax loss carryforwards applied	-	-
Taxable income (tax loss)	2,480	4,582

“Permanent differences – Decreases” for 2024 and 2023 breaks down as follows:

	Thousands of Euros	
	2024	2023
Profit before tax of companies outside the tax group	21,420	14,730
Revision of non-deductible provisions	-	1,094
Gains from investees	-	-
Others	224	-
Permanent differences	21,644	15,824

“Permanent differences – Increases” for 2024 and 2023 breaks down as follows:

	Thousands of Euros	
	2024	2023
Provisions and impairment	-	-
Donations	1	-
Others	2,137	2,823
Permanent differences	2,138	2,823

“Temporary differences” for 2024 and 2023 breaks down as follows (consolidated tax group):

	Thousands of Euros	
	2024	2023
Impairment	-	-
Multi-year variable remuneration	872	225
Accelerated depreciation	-	-
Non-tax deductible depreciation	(5)	(5)
Others	3,372	3,760
Temporary differences	4,239	3,980

iii. Reconciliation between accounting profit and corporate tax expense (rebate)

The reconciliation of the accounting profit to the income tax expense of the consolidated tax group 2024 and 2023 is as follows:

	Thousands of Euros	
	2024	2023
Accounting profit before tax	17,746	13,603
Tax payable (*)	4,436	3,401
Impact of permanent differences	(4,876)	(3,252)
Deductions		
For donations	-	-
For double taxation	-	(49)
Increases in corporate tax for the period	(223)	21
Offset of tax loss carryforwards	-	-
	127	(335)
Total corporate tax expense (rebate) recognised in the profit or loss statement	(536)	(214)

(*) Amount calculated at 25% of accounting profit before tax (see Note 3-p).

The corporate tax expense (rebate) of companies outside the tax group and not accounted for using the equity method at 31 December 2024 and 2023 was as follows:

	Thousands of Euros			
	2024		2023	
	Profit (Loss) Before Tax	Corporate Tax Expense (Rebate)	Profit (Loss) Before Tax	Corporate Tax Expense (Rebate)

(*) Data accrued prior to its merger with Alantra France Corporate Finance SAS (see Note 2.14).

(**) Figures for the Alantra, LLC consolidated subgroup.

The corporate tax expense (rebate) for 2024 and 2023 of the tax group, which totalled EUR (539) thousand and EUR (214) thousand respectively, was recognised under "Income tax" in the consolidated statement of profit or loss. In 2024 and 2023, "Income tax" in the consolidated statement of profit or loss also included EUR 4,265 thousand and EUR 2,897 thousand, respectively, of corporate tax borne by the non-group companies not included in the tax group. This expense results from a tax charge (at the rate in force for the Parent - 25%) of EUR 1,712 thousand, less the impacts of the permanent

differences and the effect of the different tax rates of EUR (307) thousand and EUR (480) thousand, respectively. This takes into account an impact of EUR 2,844 thousand of unrecognised tax loss carryforwards, plus adjustments to the consolidated income tax expense and other adjustments from prior years at EUR 496 thousand.

The 2021 General State Budget Law, which was approved in 2020, established that management expenses for companies in which the Company has an equity stake of 5% or more are not deductible for corporate income tax purposes, setting the amount of these non-deductible expenses at 5% of the dividend or gains generated. The tax on dividends received or gains generated by Spanish companies in the consolidated tax group in 2024 and 2023, collected at an effective tax rate of 1.25%, includes a EUR 519 thousand and EUR 705 thousand positive reconciliation adjustment between the accounting profit and the corporate income tax expense. With respect to the aforementioned tax, payable at an effective rate of 1.25% on future dividends receivable, and given the amount of undistributed reserves, the Company' Directors decided to recognise a deferred income tax expense of EUR 145 thousand in 2024 (EUR 639 thousand in 2023).

iv. Breakdown of corporate tax expense

Details of the corporate tax expense for 2024 and 2023 are as follows:

	Thousands of Euros	
	2024	2023
Current tax:		
On income from continuing operations	4,730	3,788
On income from discontinued operations	-	-
Deferred tax:		
On income from continuing operations	(999)	(1,105)
On income from discontinued operations	-	-
Others:	(2)	-
Total corporate tax expense	(3,729)	2,863

v. Taxes recognized in Equity

Details of taxes recognized directly in equity as a result of revaluation adjustments of the holdings maintained by the Group for 2024 and 2023 are as follows:

	Thousands of Euros			
	Deferred Tax Assets		Deferred Tax Liabilities	
	2024	2023	2024	2023
Balance at the beginning of the period	160	77	435	114
Additions	-	92	-	321
Impairment	-	-	-	-
Other changes (*)	(160)	-	(435)	-
Balances at the end of the period	-	160	-	435

(*) In 2024, as a result of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method, the Group holds a smaller interest in the vehicle (see Note 2.14).

vi. Recognised deferred tax assets and liabilities

Details of these line items in the consolidated statement of financial position at the 2024 and 2023 year-ends were as follows:

	Thousands of Euros			
	Deferred tax assets		Deferred tax liabilities	
	31-12-2024	31-12-2023	31-12-2024	31-12-2023
Temporary differences:				
Depreciation of property and equipment	-	-	3	3
Multi-year variable remuneration	1,018	735	-	-
Valuation adjustments (*)	-	169	3	432
Tax loss carryforwards (**)	2,604	1,523	-	-
Deduction goodwill Alantra, LLC (***)	-	-	120	290
Variable remuneration (Note 26)	-	-	-	-
Other	524	471	1,229	1,177
Total deferred tax assets	4,146	3,073	1,355	1,902

(*) See movement in adjustments for exchange rates in section iii above.

(**) Corresponds to the capitalisation of tax loss carryforwards amounting to EUR 583 thousand in 2017. It also includes EUR 2,022 thousand relating to application of the temporary limit on the offset of tax losses incurred in 2024. (2023: EUR 940 thousands).

(***) Corresponds to the tax deduction applied as a result of the goodwill generated on the acquisition of Alantra, LLC (see Note 6).

In 2017 the Board of directors capitalised tax loss carryforwards generated in previous financial years amounting to EUR 2,332 thousand, recording a credit of EUR 583 thousand under "Income tax" in the consolidated statement of profit loss for 2017, having not recognised any additional amounts for this concept in 2020, 2019 and 2018.

Deferred tax assets were recognised in the consolidated statement of financial position by the Group since its directors consider that, based on the best estimates of the Group's future results, including certain tax planning measures, it is likely that these assets will be recovered.

vii. Tax loss carryforwards

Pursuant to the tax returns submitted, the Company has the following tax loss carryforwards pending offset against possible future taxable income, which were generated prior to starting to file consolidated corporate tax returns and before the Merger:

Year Generated	Thousands of Euros (*)
2002	6,421
2005	1,301
2006	4,836
2007	10,701
2008	4,733
2009	14,752
2010	13,734
2011	5,685
2012	15,701
2014	11,229
2015	7,522
	96,615 (**)

(*) Tax loss carryforwards pending offset of the Company which may be offset up to the limit of the individual tax bases of said companies.

(**) Includes tax loss carryforwards of EUR 2,332 thousand.

Other foreign subsidiaries also have tax loss carryforwards which are not material for the purposes of these consolidated financial statements, these tax loss carryforwards were not recognised for accounting purposes.

Law 27/2014, of 27 November, on corporate income tax, established a limit on the application of tax loss carryforwards of 70% of the tax base prior to said application, although up to EUR 1 million may be offset in any event.

viii. Years open for review and tax audits

Under current legislation, taxes cannot be deemed to have been definitively settled until the tax returns filed have been reviewed by the tax authorities or until the four-year statute of limitations in Spain has expired. At the 2024 reporting close, the Group had open to inspection the main applicable taxes in Spain for 2020 and thereafter. The Board of directors consider that the tax returns for the aforementioned taxes have been filed correctly and, therefore, even in the event of discrepancies in the interpretation of current tax legislation in relation to the tax treatment afforded to certain transactions, such liabilities as might arise would not have a material effect on the accompanying consolidated financial statements.

ix. Takeover

The merger described in Note 1 is subject to the special regime for mergers, spin-offs, asset contributions and security exchanges regulated in Chapter VII of Corporate Income Tax Act 27/2014 of 27 November. According to this law, the assets and rights included in the equity received through the aforesaid merger are measured, for tax purposes, at the same values recognised by the transferor

prior to the transaction, under said special regime, the merger is exempt from property conveyance tax and stamp duty on corporate transactions and is VAT exempt.

The following points should be made with regard to prevailing corporate tax law:

- No depreciable assets have been included in the accounting records of the Company (acquirer for accounting purposes).
- The statement of financial position closed by the transferor (company taken over for accounting purposes) served as basis for the merger and was included in the annual financial statements of Company for the year in which the merger was executed.
- There are no tax benefits enjoyed by the transferring entity in respect of which the acquirer (the Company) must assume compliance with certain requirements.

20. Risk management

The current macroeconomic and geopolitical environment, continues to generate uncertainty in the markets and, specifically, in the investment banking and asset management industries. The geopolitical tensions, high interest rates and inflation, are risk sources for businesses that can affect the financial statements and the activity carried on by the Group.

The Company is exposed to a number of risks that can be grouped in three blocks: financial risks strictly related with the financial statements (credit, liquidity, market risks, inflation rate risk and interest rate risk); those inherent to its business. In turn, the latter comprise risks that are particular to the industry in which the Company operates and risks that are specific to Alantra; and, lastly, sustainability risk.

The Company has appropriate mechanisms in place to identify, monitor and manage the risks to which it is exposed, especially the financial risks described hereon:

Financial risks:

Credit risk

Credit risks results from the possibility of incurring a loss due to the Group's customers or counterparties failing to settle their financial obligations with the Group in part or in full, At 31 December 2024 and 2023, the Group's exposure to credit risk, by type of debtor, is shown below (not including assets non-currents classified as "At fair value through profit or loss" and "At fair value through other comprehensive income" or balances with public authorities.

	Thousands of Euros	
	31-12-2024	31-12-2023
Non-current financial assets (see Note 9)	6,209	12,662
Trade and other receivables – Trade receivables (see Note 11)	54,711	33,849
Trade and other receivables – Other receivables (see Note 11)	5,907	5,440
Other current financial assets (see Note 12)	2,308	1,018
	69,135	53,969

It should be noted that the Group is exposed to credit risk on loans to Alantra shareholders and directors (both of the parent and the investees) totalling EUR 5.744 thousand. The detail of these loans is included in the section related party transactions of the Annual Corporate Governance Report. These loans were secured by securities owned by said shareholders, substantially mitigating the credit risk.

The Group regularly reviews the creditworthiness of its counterparties. In this respect, the directors of the Company consider that there is currently no significant credit risk in relation to the Company's receivables from the various counterparties.

At 31 December 2024 the Group's trade receivables for sales and the provision of services amounted to EUR 54,711 thousand (EUR 34,849 at 31 December 2023). At the 2024 reporting date the Group was exposed to credit risk with clients to which it had provided advisory services. In 10 cases this exposure exceeded EUR 1 million, up to a total of EUR 19,461 thousand. At the date of issue of this report, this exposure had been reduced to EUR 1,659 thousand and it is expected that the outstanding amount will be collected in 2025. In all cases the Alantra Group constantly monitors its collection rights.

In relation to the balances with the above customers, who do not have a specific credit rating, they are submitted to individualised analysis based on knowledge of the customer's history and the age of the outstanding payments.

The accompanying table gives a breakdown of the sums fallen due on financial assets not classified as impaired at year-end 2024 and 2023.

	Thousands of Euros	
	Between 4 and 6 Months	
	2024	2023
Due financial assets and not impaired:		
Non-current financial assets-		
Available for-sale financial assets	-	-
Other financial assets at fair value through profit or loss	-	-
Loans	-	-
Other financial assets	-	-
Trade and other receivables-		
Trade receivables	668	2,142
Other receivables	-	-
Other current financial assets	-	-
Balances at the end of the period	668	2,142

In addition, the Group conducts an individualised analysis of each of the debtors when testing for and recognising possible impairment, mainly considering the age of the outstanding payments in the case of trade receivables and credit quality and internal analysis of solvency for non-current financial assets. There follows a breakdown of doubtful and impaired financial assets at year-end 2024 and 2023, grouped by consolidated statement of financial position headings.

	Thousands of Euros			
	2024		2023	
	Amount	Amount	Amount	Amount
Doubtful or impaired financial assets:				
Non-current financial assets-				
Other financial assets (see Note 9.3)	976	(943)	976	(943)
Trade and other receivables-				
Trade receivables (Note 11.1)	2,631	(2,631)	3,103	(3,103)
Other receivables	-	-	-	-
Other current financial assets	-	-	-	-
Balances at the end of the period	3,607	(3,607)	4,079	(4,046)

As regards cash balances, the counterparties for more than 99% of the sight deposits held by companies in the Alantra Group are entities with investment grade long-term credit ratings (between "AAA" and "BBB-" on the Standard & Poor's scale).

The Group also carries out an individual analysis of investments accounted for using the equity method, recognising any impairment as necessary (see Note 8).

Liquidity risk

In order to ensure ongoing liquidity and the ability to service all the payment commitments arising from its business operations, the Group holds the cash and cash equivalent balances shown in the consolidated statement of financial position, availing of high liquidity level and of working capital. The Alantra Group includes two investment firms, both classified as type 3 (small and not interconnected) subject to the requirement that they must hold the equivalent of 10% of their total eligible liabilities in low-risk, highly liquid assets. At 31 December 2024, Alantra Equities, SV, SA, and Alantra Capital Markets, SV, SA all were in compliance with that requirement.

Liquidity risk management involves regularly analysing cash inflows and outflows, estimating how much cash and cash equivalents will be available in the future under different scenarios. At 31 December 2024, cash and cash equivalents totalled EUR 92,806 thousand (31 December 2023: EUR 103,965 thousand) (see Note 14).

The Group has a classic service company business model: high margin and stable and reasonably predictable overheads. On a daily basis, the Group also monitors its cash and cash equivalents and estimated cash receipts and cash payments due in the near term.

The Group's most significant cash outflows not associated with running costs comprise dividend pay-outs to its shareholders, for which the directors prepare an accounting statement evidencing the existence of sufficient liquidity to cover any pay-outs and a provisional cash and cash equivalents breakdown for the following months that also demonstrates the Group is capable of covering any estimated cash outflows, as per prevailing legislation.

Market risk

This risk arises from changes in risk factors – interest rates, exchange rates, equities and volatility of these factors – as well as from the solvency and liquidity risk of the various products with which the Group operates.

Interest rate Risk

Interest rate risk affects mainly the valuation of fixed-income instruments, having a greater impact on longer-term instruments. In 2024 the Group was exposed to interest rate risk as a result of the position held by it in a money-market investment fund, which at 31 December 2024 was valued at EUR 28,155 thousand, representing approximately 6.4% of the Alantra Group's assets. In 2024 the Group reported a gain of EUR 1,113 thousand in this connection (2023: a loss of EUR 1,179 thousand), which is recognised under "Changes in fair value of financial instruments" in the consolidated statement of profit or loss. However, this is considered to be a cash-like investment in government debt assets or very high-credit quality assets with a daily net asset value and, therefore, the related interest rate and liquidity risk is very low.

The Group manages the market risk on its cash investments prudently and does not invest in financial instruments that are subject to significant market risk. In 2024, as a result of the interest rate hikes, the Group obtained a gain of EUR 1,972 thousand, recognised under "Net finance income (loss)" in the consolidated statement of profit or loss, resulting from the remuneration earned by its cash balances.

Exchange rate risk

The Alantra Group's exchange rate risk mainly arises from its international presence with businesses in countries with non-euro currencies at 31 December 2024 (United States, United Kingdom, Switzerland, Sweden, Denmark, Mexico, Hong Kong, Chile, India, United Arab Emirates and China), as well as from payments received in foreign currency and other types of financial instruments held in the Company's portfolio.

The Alantra Group does not carry financial debt, either in euro countries or in non-euro countries, which significantly reduces exchange rate risk, as there is no indebtedness in the countries where it does business.

Although the Alantra Group has expanded its international presence significantly, given the overall position in balances denominated in foreign currency, the aforesaid absence of financial debt and the relative weight of the impact on Group equity that would arise from depreciation of the other currencies versus the euro, the Group did not regard it as necessary to make hedging arrangements in 2024 and 2023. Nevertheless, cash management is used to minimise any negative effects on its financial statements of the exposure to different currencies.

To illustrate the sensitivity of earnings and equity to changes in exchange rates, the accompanying table shows sensitivity to fluctuations in the exchange rate of the currencies in which the Alantra Group operates.

	+10%

Details of the positions held by the Group in foreign currencies at 31 December 2024 and 2023 and their euro equivalents are disclosed in Note 3.t.

As it has holdings in subsidiaries that operate in currencies other than the euro (United States, United Kingdom, Switzerland, Sweden, Denmark, Mexico, Hong Kong, Chile, India, United Arab Emirates and China) both the value of those holdings and the dividend income thereon is subject to equity market risk and exchange risk, The Group regularly analyses the volatility of the equities and currency markets. In 2024, the Group did not arrange any hedges of market risk involving the procurement of equity or foreign exchange derivative financial instruments. Nevertheless, the Control and Risks Committee regularly monitors the Group's risks and may propose the use of hedges.

Solvency and liquidity risk of the various products with which the Group operates

Given the nature of the Alantra Group companies' business, the Group's exposure to market risk depends on the performance of the companies in which the vehicles in which the Group has a stake invest directly

or indirectly through its subsidiaries most of which are managed by the Group and primarily comprise non-listed companies (see Note 9.1 and 9.2). This risk affects mainly the investment in Alantra Investment Pool, S.L. as an interest in a joint venture (see Note 2.14 y 8) y a the Group's financial assets carried at fair value consisting of investments in equity instruments (see Notes 9.1 and 9.2).

At 31 December 2024, the Group was indirectly exposed through the subsidiary Alantra Investment Pool, S.L. accounted for using the equity method for EUR 47,036 thousand. The investments in that company are subject to market risk, and the types of underlying asset include mainly investments in equity and in the debt of listed and unlisted companies belonging to various sectors (industrial, infrastructure, renewable energies, etc.). Instruments of this kind have a long-term investment horizon, and their liquidity features are reflected in the corresponding prospectuses.

At 31 December 2023 the Group was directly exposed through the following investments:

1. Private equity entities and collective investment undertakings managed by entities belonging to the Group, amounting to EUR 62,905 thousand. These investments were made mainly through Alantra Investment Pool, S.L., in which the Group has an indirect ownership interest of 50.10%. The investments were subject to market risk, and the types of underlying assets included, as well as mid-sized listed European companies, investments in both the equity and the debt of non-listed companies. Instruments of this kind have a long-term investment horizon, and their liquidity features are reflected in the corresponding prospectuses. The main exposure was that held by the Group in Private Equity Fund III, a vehicle managed by the Group company Alantra Capital Privado, S.G.E.I.C, S.A.U. that is currently in its divestment phase and which at 31 December 2023 was valued at EUR 39,101 thousand. This investment represents a significant risk for the Group and the Group's position is analysed on an ongoing basis by both the Audit and Risk Control Committee and the Board of Directors.
2. Investments in solar PV plants, amounting to EUR 17,895 thousand, which are exposed to, among other risk factors, the risk of changes in energy prices. The Group also manages an investment vehicle that has exposure to assets of this nature. These investments are made mainly through Alantra Solar Investments, S.A., in which the Group has an indirect ownership interest of 24.75%.

The Group's management considers that managing the risks assumed when conducting its activities enables it to quickly detect any issues and therefore, rapidly react and take any steps needed to resolve them.

Internal control procedures and the structure for managing assumed risks were established according to the Group's activities, the nature of its customers and the volume of such activities. The Group's governing bodies therefore consider risks are adequately managed. The Board of Directors does, however, continuously monitor the management of the risks to which the Group is exposed when carrying out its different activities.

Inherent risks of the Company's activity: industry and business specific

The risks to which the Company's business is exposed can be classified into two categories: risks faced by the industry in which the Company operates and risks that are specific to Alantra.

The first group of risks include: a) risks associated with a highly competitive sector; b) reliance on key personnel (risk of loss of human capital); c) reputational risk and d) regulatory and compliance risk.

Risks specific to Alantra are: a) risks deriving from international expansion; b) potential conflicts of interest; c) fiscal risk; and d) risks stemming from being listed on a securities market.

Furthermore, the industry, and Alantra in particular, have market risk exposure relating to inflation rate and interest rate risk. In 2024, in a macroeconomic and geopolitical environment that continued to generate market uncertainty, high interest and inflation rates continued in the main economies in which the Group operates. The central banks' response to combating rising inflation in recent years has been to raise interest rates, with moderate reductions in 2024 which relaxed financing conditions. Investment banking activity in 2024 continued the trend of 2023, when there was a decline in the volume of M&A transactions of around 32% in Europe and around 50% worldwide from the all-time highs recorded in 2021. The uncertainty in the markets also had a negative impact for the asset management industry and for fundraising efforts.

As it does for financial risks, the Company has appropriate mechanisms in place to identify, monitor and manage these risks. More detailed information on the nature of the aforementioned risks and the corresponding mechanisms to manage them is provided in the Annual Corporate Governance Report and the Non-financial Information Statement.

Sustainability risk

The legislation related to sustainability has been substantially amended in recent years in response to public demand, with all actors in the financial markets now being expected to make a strong and firm commitment to sustainability. Alantra is, therefore exposed to sustainability risk both in terms of regulatory requirements and those of its clients and investors, giving rise to the need to constantly adapt and develop.

The Group takes sustainability risk into account in its decision-making and in any investment advice it provides. As disclosed in the Non-financial information statement, Alantra has been updating its policies and procedures, adapting its business strategy to enable it to progress in line with customer and investor demands. The Group's clients and investors also demand the highest levels of transparency and commitment both in the provision of advisory services and in the selection and management of assets via the Group's investment vehicles. Sustainability risk linked to investments is influenced by factors including the type of issuer, the business sector and its geographical location. Investments involving high levels of sustainability risk due to non-compliance with the standards set in sustainability regulations could therefore push down the price of the underlying assets and, consequently, negatively affect the market price thereof.

As it does for financial risks, the Company has appropriate mechanisms in place to identify, monitor and manage these risks. More detailed information on the nature of the aforementioned risks and the corresponding mechanisms to manage them is provided in the Annual Corporate Governance Report and the Non-financial Information Statement.

21. Capital management

The Group's strategy for managing capital involves maintaining higher levels of capital than are required under existing regulations (see Note 2.9). The Group therefore regularly assesses its risk management and control and governance structure to ensure it is fit for purpose regarding fulfilment of said capital targets at the same time as allowing business objectives to be reached. The Group also quantifies its overall capital requirements on a regular basis, using overarching and forward-looking internal models considering various stress scenarios affecting the most relevant model variables, Future action plans are then drawn up based on the outcomes of the analysis to further enhance the adequate management of capital.

The Group boasted high levels of eligible capital surpluses at 31 December 2024. The main capital requirements are determined by credit risk and operational expenses. The Group continuously analyses its global risk profile and capital adequacy using a risk map; identifying and registering new risk situations and monitoring exposure using risk indicators and the possible loss events due to process failures, possible

legal action, etc. The potential impact on capital and the solvency ratio is assessed. The materiality thereof is classified based on the potential impact on the financial statements.

22. Related parties

Details of transactions with related parties at 31 December 2024 and 2023 are as follows (excluding investments accounted for using the equity method (see Note 8) and investments in the vehicles managed by the Group (see Note 9):

a) Transactions with group companies and shareholders

(*) At 31 December 2024, of the total balance of EUR 14,574 thousand included under "Share of profit (loss) of companies accounted for using the equity method" in the consolidated statement of profit or loss, EUR 1,877 thousand relate to the profit or loss attributed to non-controlling interests of the Alantra Investment Managers, S.L. consolidated subgroup (Access Capital Partners Group, S.A., Asabys Asset Services, S.L., Indigo Capital, S.A.S. and 33N Ventures Lda). At 31 December 2023, of the total balance of EUR 8,113 thousand included under "Share of profit (loss) of companies accounted for using the equity method" in the consolidated statement of profit or loss, EUR 1,160 thousand relate to the profit or loss attributed to non-controlling interests of the Alantra Investment Managers, S.L. consolidated subgroup (Access Capital Partners Group, S.A., Asabys Asset Services, S.L., Indigo Capital, S.A.S. y 33N Ventures Lda).

- (1) Figures for the Singer, Landmark Capital, S.A., Access Capital Partners Group, S.A., Asabys Asset Services, S.L. sub-groups and Alantra Investment Pool, S.L.U, respectively.
- (2) Includes the amortisation charge for the client list acquired (see Notes 2.14 and/or 8).

The contribution to profit and loss of each company included in the previous table was obtained from each of their separate results (see Note 2.14), after the adjustments to present their figures on a uniform basis and on consolidation, the most significant of which was the elimination of dividends paid out among group companies.

24. Revenue

Revenue comprises the income from services provided during the year and accrued fees and commissions, except those that form an integral part of the effective interest rate on financial instruments. It also includes the income transferred to third parties for joint execution in 2024 and 2023.

Details of fees and commissions received and income transferred to third parties for joint execution in 2024 and 2023 were as follows:

	Thousands of Euros	
	2024	2023
Revenue from rendering of services	190,972	185,487
Transfers to third parties for joint execution	(11,211)	(7,733)
	179,761	177,754

24.1 Revenue from rendering of services

The breakdown of "Revenue from rendering of services" shown in the above table for 2024 and 2023 was as follows:

	Thousands of Euros	
	2024	2023
Processing and execution of orders to buy and sell securities	2,035	1,560
Preparation of investment reports and financial analysis	3,790	3,012
Management and administration of CISs	13,905	14,276
Administration and management of private equity firms	17,551	21,440
Provision of business and advisory services	146,081	140,973
Search for and placement of packages in secondary markets	2,487	739
Other income	5,123	3,487
	190,972	185,487

a) Processing and execution of orders to buy and sell securities

The line item "Processing and execution of orders to buy and sell securities" shown above comprises the fees and commissions received by the Group in 2024 and 2023 for the provision of services related to the processing and executing of orders to buy and sell equities on domestic and international markets.

b) Preparation of investment reports and financial analysis

The line item "Preparation of investment reports and financial analysis" shown above comprises the fees and commissions received by the Group in 2024 and 2023 for the provision of services basically involving financial analysis of companies and other advisory services prior to order execution.

c) Management and administration of CISs

The line item "Management and administration of CISs" shown above comprises the fees and commissions received by the Group in 2024 and 2023 for managing and administering closed-ended CISs and open-ended CISs.

The Group received performance fees of EUR 160 thousand for the management of the fund in 2023 (31 December 2024: no amount was included in this connection).

d) Administration and management of private equity firms

In 2024 and 2023 "Administration and management of private equity firms" in the above detail included the amount of the fees and commissions received by the Group for the management and administration of private equity firms.

In 2024 the Group received EUR 53 thousand (2023: EUR 7,907 thousand) in success fees for the management of the different vehicles.

e) Provision of business and advisory services

The balance of "Provision of business and advisory services" shown in the previous table includes the fees and commissions received by the Group in 2024 and 2023 for providing advisory services to companies or entities in corporate finance transactions. A very significant percentage of them corresponding to fees for the provision of advisory services paid in line with the success of the corresponding transaction. The remaining amount corresponds to fixed commissions. Most of the revenue associated with business and advisory services correspond to companies located outside Spain (see Note 28).

The amount pending receipt at year-end 2024 and 2023 is included under "Trade and other receivables – Trade receivables for sales and services" on the assets side of the consolidated statement of financial position (see Note 10). The Group has been expanding internationally for several years. In this regard, most of its revenue generated outside Spain is from these services (see Note 28).

f) Search for and placement of packages in secondary markets

The balance of "Search for and placement of packages in secondary markets" in the previous itemisation includes the amount of fees received by the Group as a result of the search for and issuance of financial instruments in different markets, locating qualified investors and subscribers for those instruments in order to obtain the greatest possible demand for Group customers.

g) Other income

The balance of "Other income" in the above breakdown includes revenue earned from the Group's other activities. It specifically includes fees of EUR 1,555 thousand and EUR 1,317 thousand of 2024 and 2023 charged by the Group for Alantra Multi Asset, S.G.I.I.C., S.A.U. providing investor and client attraction services to various companies. Also, in 2024 and 2023 "Other income" included fees amounting to EUR 2,439 thousand and EUR 987 thousand received by the Group for data processing and analysis services provided by Deko Data Analytics, S.L to various companies.

In 2024 it also includes EUR 849 thousand in relation to the distribution received from Nmás1 Private Equity Fund II (in liquidation) (see Note 9.2).

In 2023 this heading also included EUR 923 thousand relating to dividends received from various entities (see Note 9.2)

h) Assets under management

A breakdown of assets under management by the Group at 31 December 2024 and 2023 is as follows:

	Thousands of Euros	
	31-12-2024	31-12-2023
Portfolios managed:		
Hedge funds	244,271	261,938
Private equity firms	482,331	513,172
Offshore investment vehicles	1,383,956	1,209,495
	2,110,558	1,984,605

h.1) Hedge funds

At 31 December 2024 and 2023, the Group managed four hedge funds: EQMC, FIL; QMC III Iberian Capital Fund, FIL; Alteralia Debt Fund, FIL and Alteralia Real Estate Debt, FIL.

h.2) Private equity firms

At 31 December 2024, the Group managed eight private equity firms and eight private equity funds with total assets at 31 December 2024 of EUR 482,331 thousand (eight private equity firms and eight private equity funds at 31 December 2023 with total assets of EUR 513,172 thousand).

h.3) Offshore investment vehicles

At 31 December 2024 and 2023, the Group managed the following offshore investment vehicles:

	Thousands of Euros	
	31-12-2024	31-12-2023
Mercer Investment Fund 2	154,594	146,200
EQMC Investment Opportunities I	4,620	10,487
EQMC Investment Opportunities II	12,079	-
EQMC Europe Development Capital Fund, Plc	928,618	851,141
Alteralia, S.C.A., SIVAV-RAIF	25,168	25,240
Alteralia II, S.C.A., SIVAV-RAIF	148,838	154,247
Alteralia III ELTIF, SICAV-RAIF	83,237	22,180
Alteralia Credit Opportunities S.C.A., SIVAV-RAIF	26,802	-
	1,383,956	1,209,495

24.2 Transfers to third parties for joint execution

The line item "Transfers to third parties for joint execution" included under "Revenue" in the consolidated statement of profit or loss included an amount of EUR 11,211 thousand in 2024 (2023: EUR 7,733 thousand) of income transferred to third parties in connection with the joint execution of various financial advisory transactions over the year:

	Thousands of Euros	
	2024	2023
Brokerage fee (1)	316	260
Fees and commissions assigned to other entities and representatives (2)	10,836	7,467
Other fees and commissions	59	6
	11,211	7,733

- (1) Includes the fees and commissions paid by Alantra Equities, Sociedad de Valores, S.A., to market members for direct access to the market and fees for execution of trades and settlement rights of stock exchanges and other financial markets.
- (2) Includes the fees and commissions primarily transferred by way of remuneration to several collaborators for presenting new customers and bringing in new orders.

25. Personnel expenses

a) Breakdown

Details of "Personnel expenses" in the consolidated statement of profit or loss for 2024 and 2023 were as follows:

	Thousands of Euros	
	2024	2023
Wages and salaries	114,223	105,622
Social security costs	13,799	14,631
Severance payments (Note 3-o)	4,186	4,003
Other personnel expenses	3,323	3,552
Grants	-	-
	135,531	127,808

b) Number of employees

The Group's headcount (for the Company and subsidiaries) in 2024 and 2023, and by professional category and gender at said reporting closes, was as follows:

	2024				2023			
	Male	Female	Total	Average headcount	Male	Female	Total	Average headcount
General management	44	3	47	49	48	3	51	50
University graduates	375	111	486	523	434	115	551	572
Clerical staff	4	46	50	53	5	61	66	59
	423	160	583	625	487	179	668	681

The average number of employees in 2024 and 2023 with a disability equal to or greater than 33%, by category, was as follows:

	2024	2023
General management	-	-
University graduates	-	-
Clerical staff	1	1
	1	1

Amounts payable at year-end 2024 in respect of staff costs, mainly variable remuneration, amounting to Euros 45,444 thousand (Euros 30,856 thousand, mainly variable remuneration at 31 December 2023), are included under "Trade and other payables - Other payables" on the liability side of the consolidated statement of financial position (see Note 18).

26. Other operating expenses

a) Breakdown

Details of "Other operating expenses" on the consolidated statements of profit or loss for 2024 and 2023 are as follows:

	Thousands of Euros	
	2024	2023
Buildings and facilities rental	2,995	3,510
Communications	2,659	2,739
Advertising and publicity	2,323	2,824
Utilities	1,091	1,588
Repairs and maintenance	69	70
Independent professional services	11,308	13,324
Board remuneration (Note 5)	2,214	906
Levies and other taxes	975	1,471
Other expenses	13,600	13,370
	37,234	39,802

Amounts payable by the Group to various suppliers in its normal operations are included under "Trade and other payables" on the liabilities side of the consolidated statement of financial position (see Note 18).

Information on the average payment period to suppliers, Additional provision three, "Disclosure requirement" of Act 15/2010 of 5 July

Disclosures at 31 December 2024 and 2023 required as by Additional Provision Three of Act 18/2022 of 28 September on the creation and growth of companies and per the second final provision of Act 31/2014 of 3 December, amending the Spanish Corporate Enterprises Act to improve corporate governance (which in turn, amends Act 15/2010 of 5 July, amending Act 3/2004 of 29 December establishing measures to combat defaults on commercial transactions) are as follows:

	Days	
	2024	2023
Average supplier payment period	24.64	15.73
Ratio of payments made	24.00	15.14
Ratio of payments pending	35.80	39.00

	Thousands of Euros	
	2024	2023
Total payments made	69,255	61,081
Total payments pending	3,955	1,556

The data in the table above in connection with payments to suppliers refer to trade payables to suppliers of goods and services. Accordingly, they include the "Trade and other payables – Payables to suppliers" figures in the consolidated statement of financial position irrespective of any financing arising from the early collection from the supplier company.

Following is a detail of the monetary volume and the number of invoices paid in the statutory payment period.

	2024
Monetary volume (thousands of euros)	55,023
<i>Percentage of total payments made</i>	<i>79%</i>
Number of invoices	9,510
<i>Percentage of total invoices</i>	<i>84%</i>

According to Act 3/2004 of 29 December, establishing measures on combating late payment in commercial transactions, the statutory maximum payment period applicable to the Company in 2024 was 30 days.

b) Other disclosures

The fees for audit services provided to Alantra Group companies in Spain and abroad by its principal auditor, Deloitte, S.L., in 2024 amounted to EUR 600 thousand (EUR 561 thousand in 2023) and are recorded under "Independent professional services" in the section above. In addition, fees for other

verification services related to auditing provided by the principal auditor in 2024 amounted to EUR 56 thousand (EUR 61 thousand in 2023). A further EUR 38 thousand were paid to the auditor in 2024 for other services (EUR 29 thousand in 2023). Fees for audit services provided to Alantra Group companies domiciled abroad by auditors other than its principal auditor in 2024 amounted to EUR 155 thousand (EUR 88 thousand at 31 December 2023).

27. Loss/reversal of loss on impairment of financial instruments and Gain (loss) on disposal of financial instruments – Other financial instruments

a) Loss/reversal of loss on impairment of financial instruments

Shown below is the breakdown of this heading of consolidated statement of profit or loss for 2024 and 2023:

	Thousands of Euros	
	2024	2023
Impairment of current and non-current financial assets (see Notes 9.4, 10, 11, 12 and 13)	(51)	303
Recovery of provisions (see Notes 16)	-	1,094
Impairment customers (1)	(55)	(887)
Recovery impairment customers (1)	689	1,113
	583	1,017

(1) In 2024 the Group recognised a net profit of EUR 634 thousand in respect of the financial assets carried under "Trade and other receivables – Trade receivables for sales and services" in the consolidated statement of financial position. (see note 10)

b) Gain (loss) on disposals of financial instruments – Other financial instruments

Shown below is the breakdown of this heading of consolidated statement of profit or loss for 2024 and 2023:

	Thousands of Euros	
	2024	2023
Capital gains on vehicles (see Note 9.1)	-	1,092
Alantra Wealth Management (see Note 2.14.)	2,111	-
Other	229	29
	2,340	1,121

28. Segment reporting

In line with IFRS 8, which establishes the obligation to apply and disclose segment reporting for those companies whose equity or debt securities are quoted on public markets, or for companies which are in the process of issuing securities for quotation on public securities market, the Group presented this information in five segments in the accompanying consolidated financial statements.

a) Basis and methodology for segment reporting

The Group's segment reporting forms the basis for internal management and oversight of the performance of the different business areas. The Board of Directors (along with the Group's governing bodies) is ultimately responsible for said information and for taking operating decisions concerning each of these business areas.

The Group's management segments its activity pursuant to the nature of the services provided and they correspond with the business units for which accounting and management information is available.

b) Basis of segmentation

The top tier of segment reporting for the Group is split into Investment Banking, Credit Portfolio Advisory, Asset Management, Structural, Portfolio and Other. For the purposes of comparison, the information for 2023 is also broken down in the same way in this note.

- Investment Banking

An identified business segment of Alantra, offering financial advisory services to companies or entities in corporate transactions (corporate finance), and stock brokering and analysis service to institutional investors.

- Financial institution advisory services ("Financial Institutions Group")

An identified business segment of Alantra, offering advisory services to financial institutions and institutional investors in transactions involving credit, real estate and other types of asset portfolios. In 2023, Group management resolved to change the name of this segment, which was previously called "Credit Portfolio Advisory", although the businesses it includes remain the same.

- Asset Management

Management and advising in respect of assets of different types for institutional investors, high net-asset families and other professional investors and provided through specialised investment funds or through customer investment portfolios.

- Structural

Alantra business segment that includes revenues and expenses related to the governance structure and development of the Alantra Group (corporate governance, strategic coordination, corporate and business development, and corporate services, such as accounting and reporting, risk control, IT systems, human resources management and legal services, amongst others) and which, because they refer to the parent company of the Group (as listed company) or the management of the Group itself, they are not directly attributable to the Investment Banking, Financial Institutions Group, Asset Management, or Portfolio segments. The Structural segment also includes invoicing of services in respect of Alantra Group companies that are classified as associates, that is, that are not fully consolidated. In Alantra's current growth phase, both in corporate and business terms, the importance of services classified as Structural justifies its consideration as an independent segment.

These four segments are identified in aggregate as the "Fee Business". It consists of the grouping or aggregation of Investment Banking, Financial Institutions Group, Asset Management and Structural segments, and is defined as a whole as the service provision activity, be they advisory

or management services, the revenue from which is in the form of remuneration or fees and the expenses of which are those needed for its pursuit, mainly personnel expenses, Specifically excluded from the Fee Business are losses or gains originating from investments of the Group's parent company in the companies that carry on said activities (for example, from the sale of interests in companies or businesses, impairment of goodwill or net financial income from foreign currency), where such is the case, which are included in the Rest segment.

The reason for attributing 100% of the activity of the Structural segment to the Fee Business is that the greater part of time and/or funds invested in Structural are used to manage the growth and complexity from the activity classified in the Investment Banking, Financial Institutions Group and Asset Management segments. This concept is especially significant because several alternative performance measures (APMs) are constructed on it.

- "Portfolio", This is the Group's own portfolio investment activity.

This Alantra business segment is defined, as stated in the Prospectus, as consisting in obtaining capital gains by investing and subsequently selling stakes in companies or in investment funds or vehicles managed by the Alantra Group management teams.

- "Rest"

By default, includes the group of services not performed by the other five business segments (i.e. that are not Investment Banking, Financial Institutions Group, Asset Management, Structural or Portfolio).

c) Basis and methodology for segment reporting

The Group's segment reporting forms the basis for internal management and oversight of the performance of the different business areas, The Board of Directors (along with the Group's governing bodies) is ultimately responsible for said information and for taking operating decisions concerning each of these business areas.

The Group's management segments its activity pursuant to the nature of the services provided and they correspond with the business units for which accounting and management information is available.

Segment information on these businesses is presented below.

Consolidated statement of profit or loss by segment:

	Thousands of Euros															
	Investment Banking		Financial Institutions Group		Asset Management		Structural		Portfolio		Rest		Consolidation Adjustments		Total for Group	
	31/12/2024	31/12/2023	31/12/2024	31/12/2023	31/12/2024	31/12/2023	31/12/2024	31/12/2023	31/12/2024	31/12/2023	31/12/2024	31/12/2023	31/12/2024	31/12/2023	31/12/2024	31/12/2023

29. Fair value

The fair values of the Group's financial instruments at 31 December 2024 and 2023, by class of financial asset and liability, are broken down in the accompanying consolidated financial statements into the following levels:

- Level 1: Financial instruments whose fair value is determined using as a direct input the quoted price of the financial instrument on an active market (as defined in the Group's internal policies) that is observable and can be obtained from independent sources, which in the case of collective investment schemes corresponds to the net asset value published on the measurement date. This level includes any listed debt securities, listed equity/capital instruments and certain derivatives.
- Level 2: Financial instruments whose fair value is estimated by reference to quoted prices on organised markets for similar instruments or using other valuation techniques in which all the significant inputs are based on directly or indirectly observable market data. In the case of risk capital and hedge funds, this corresponds to the last net asset value available from the management company's statements.

- Level 3: Instruments whose fair value is estimated using valuation techniques in which most of the inputs are not based on observable market data, Control units that are not connected to the market areas are responsible for selecting and validating the valuation models used. For the companies owning solar PV power generation plants, a valuation methodology, the variables of which take into account the results of the model drawn up by an independent, is used to determine fair value.

The methods used to calculate the fair value of each class of financial assets and liabilities are as follows:

- Non-current financial assets – At fair value through profit or loss (at fair value):
 - Investment funds and similar vehicles: fair value determined using the quoted price on official markets or net asset value of investment funds (Level 1).
 - Non-listed equity/capital instruments Private equity vehicles and similar and open-ended Investment Funds: fair value determined as the net asset value obtained from the statements provided by the company managing said vehicles (Level 2).
 - Credit agreements with employees: as returns depend on the performance of the underlying asset, which is a venture capital vehicle, the fair value of these assets has been calculated using the statements provided by the pertinent management company on this vehicle.
- Non-current financial assets – At fair value through other comprehensive income:
 - Hedge funds and closed-ended venture capital vehicles: their fair value is determined based on the net asset value obtained from the statements provided by the pertinent management company (Level 2).
 - Solar PV development project concession holders: their fair value is determined using a valuation methodology the variables of which take into account the results of the model drawn up by an independent expert (Level 3).
- Non-current financial liabilities (at fair value):
 - Unlisted equity instruments: their fair value has been determined by discounting future cash flows to present value (Level 3).
- Trade and other payables – Other payables (at fair value):
 - Unlisted equity instruments: their fair value has been determined by considering, if applicable, the net asset value obtained from the statements provided by the manager itself (Level 2).

Not all financial assets and liabilities are recorded at fair value, Consequently, there follows a breakdown of the information on financial instruments carried at fair value and, afterwards, the information on those measured at cost and their net book value.

Shown below is the fair value at 31 December 2024 and 2023 of the Group's financial instruments that are recorded at fair value, broken down by the measurement model used to estimate their fair value:

Financial assets and liabilities – fair value at 31 December 2024

	Thousands of Euros				
	Carrying Amount	Fair Value	Fair Value Hierarchy		
			Level 1	Level 2	Level 3
Non-current financial assets:					
At fair value through profit or loss	29,969	29,969	28,155	1,188	-
At fair value through other comprehensive income	1,825	1,825	-	1,825	-
Non-current financial liabilities	(12,007)	(12,007)	-	-	(12,007)
Trade and other payables					
Other payables	(178)	(178)	-	(178)	-
			28,155	2,835	(12,007)

Financial assets and liabilities – fair value at 31 December 2023

	Thousands of Euros				
	Carrying Amount	Fair Value	Fair Value Hierarchy		
			Level 1	Level 2	Level 3
Non-current financial assets:					
At fair value through profit or loss	32,867	32,867	27,042	5,825	-
At fair value through other comprehensive income	78,745	78,745	-	60,850	17,895
Non-current financial liabilities	(13,360)	(13,360)	-	-	(13,360)
Trade and other payables					
Other payables	(2,622)	(2,622)	-	(2,622)	-
			27,042	64,053	4,535

In addition to the above, the balance of "Non-current financial assets – At fair value through profit or loss" in the consolidated statement of financial position at 31 December 2024 and 2023 included EUR 296 thousand and EUR 498 thousand, respectively, of financial assets carried at cost or at their net book value, which the Group considered the best estimate of their value.

Also, "Non-current financial assets – At fair value through other comprehensive income" in the consolidated statement of financial position at 31 December 2024 and 2023 included EUR 9 thousand and EUR 7,065 thousand, respectively, of financial assets measured at cost.

Presented below are the main measurement methods, assumptions and inputs used to estimate the fair value of financial instruments carried at fair value and classified in Levels 2 and 3, by type of financial instrument, and the related balances at 31 December 2024 and 2023:

Level 2 financial instruments at 31 December 2024 and 2023:

	Thousands of Euros		Principal Measurement Techniques	Main Inputs Used
	Fair Value			
	2024	2023		
Non-current financial assets: At fair value through profit or loss	1,188	5,825	Net asset value	Net asset value provided by Management Company
Non-current financial assets: At fair value through other comprehensive income	1,825	60,850	Net asset value	Net asset value provided by Management Company
Trade and other payables Other payables	(178)	(2,622)	Net asset value	Net asset value provided by Management Company
Total	2,835	64,053		

Level 3 financial instruments at 31 December 2024 and 2023:

	Thousands of Euros		Principal Measurement Techniques	Main Inputs Used
	Fair Value			
	2024	2023		
Liabilities associated with non-current assets held for sale	(12,007)	(13,360)	Present value method (Discounted future cash flows)	Market interest rates, discount rates, perpetuity rate and growth rates
Non-current financial assets – At fair value through other comprehensive income	-	17,895	Valuation method: Valuation methodology the variables of which take into account the results of the model drawn up by an independent expert	Price per MWp, number of MWp, and level of development
Total	(12,007)	4,535		

Shown below is the quantitative information on unobservable inputs used to calculate the Level 3 measurements:

	Valuation Method	Significant unobservable inputs	Min	Max	Average	Units
Non-current financial liabilities	Present Value Method (discounted future cash flows)	perpetuity rate	0.0%	0.0%	0.0%	%
Non-current financial assets – At fair value through other comprehensive income	Valuation methodology the variables of which take into account the results of the model drawn up by an independent expert	Price per MW	0.00	415.97	203	EUR thousands
		Number of MWp	0.00	125.34	33.24	MWp
		Level of development	0.0%	100.0%	50.7%	%

The principal technique used to measure the main instruments classified in Level 3, with the main unobservable inputs, is as follows:

- Present value method (discounted future cash flows): different assumptions are used, such as market discount rate, perpetuity rate, etc.
- Valuation methodology the variables of which take into account the results of the model drawn up by an independent expert: different variables are used, such as price per megawatt peak (MWp), number of MWp and level of development.

The movement in the balances of financial assets and liabilities classified in Level 3 that are carried on the consolidated statement of financial position is shown below:

	Thousands of Euros			
	2024		2023	
	Assets	Liabilities	Assets	Liabilities
Balances at start of the year	17,895	(13,360)	26,323	(14,592)
Changes in fair value recognised in profit or loss	-	-	-	-
Changes in fair value not recognised in profit or loss	-	1,353	(8,428)	1,232
Recovery recognised in profit or loss	-	-	-	-
Others	(17,895)	-	-	-
Balances at end of year	-	(12,007)	17,895	(13,360)

(*) In 2024, as a result of recognising Alantra Investment Pool, S.L. as an investment in a joint venture accounted for using the equity method, the Group no longer holds a direct ownership interest in the vehicle.

The sensitivity analysis is performed on assets with important unobservable inputs; that is, for those included in Level 3, in order to have a reasonable range of possible alternative measurements. That

analysis is performed to establish, with an adequate degree of certainty, the valuation risk in relation to those assets without applying criteria of diversification between them.

At 31 December 2024 and 2023, the impact on consolidated income of changing the main assumptions used to measure Level 3 financial instruments with other reasonably possible assumptions, taking the highest value (most favourable assumption) or lowest value (least favourable assumption) of the range estimated as probably, is given below:

	Thousands of Euros			
	Potential Impact in the Consolidated Statement of Profit or Loss			
	2024		2023	
	Most Favourable Assumption	Least Favourable Assumption	Most Favourable Assumption	Least Favourable Assumption
Non-current financial liabilities (*)	460	(397)	520	(362)
Non-current financial assets – At fair value through other comprehensive income	-	-	3,783	(771)
Total	460	(397)	4,303	1,133

(*) Its impact would be reflected in Reserves.

Sensitivity analyses were carried out on the perpetuity growth rate for measuring non-current financial liabilities, obtaining the potential impacts shown in the foregoing table.

Also, sensitivity analyses were performed on the price per MWp, the number of MWp and the degree of development, obtaining the potential impacts shown in the foregoing table.

The fair value of other financial assets and liabilities is basically equal to their carrying amount, as it is understood that this fair value does not differ materially from the carrying amount of these items. The following points should be also made on the fair value of certain financial assets:

- Bank deposits: the Group estimated the fair value of these financial assets as their carrying amount, as it is considered that, given the nature of the counterparties, interest rates and terms thereof, this fair value does not differ materially from amortised cost.
- Loans and credits: the Group estimated there are no material differences between the fair value of these financial assets and their carrying amount.

30. Events after the reporting period

Subsequent to year-end, the Company acquired a total of 105,713 treasury shares, in various transactions, for a total of EUR 864 thousand, and, accordingly, its holding increased to 503,640 treasury shares.

Also, subsequent to year-end, the Group entered into an agreement to sell all of the ownership interest it held in Iroise Partners SAS for a total of EUR 750 thousand; the agreement will be executed as contractually established.

No other significant events have arisen since the 2024 reporting close, other than those disclosed in the other notes to the consolidated financial statements.

31. Explanation added for translation to English

These consolidated financial statements are presented on the basis of the regulatory financial reporting framework applicable to the Group in Spain (see Note 2-1). Certain accounting practices applied by the Group that conform with that regulatory framework may not conform with other generally accepted accounting principles and rules.

Appendix

Information on the Alantra Group in fulfilment of Article 192 of the revised text of Spanish Securities Market Act 4/2015 of 23 October (“Annual Investment Services Companies Report”)

This information was prepared pursuant to the provisions of Article 192 of the Spanish Securities Market Act., approved by Royal Decree-Law 4/2015 of 23 October.

a) Company name, nature and geographical location of business

Alantra Partners, S.A. (hereinafter, the Company) was incorporated on 11 November 1997 as Dinamia Capital Privado, Sociedad de Capital Riesgo, S.A. The deed for the takeover of N Más Uno IBG, S.A. (hereinafter, N+1 IBG) by the Company was entered in the Madrid Companies Register on 20 July 2015. This transaction resulted in N Más Uno IBG, S.A. ceasing to exist and the Company changing its name to N+1 Dinamia, S.A., losing its status as a private equity firm, On 4 January 2017, as a result of the change to the Group’s name, the Company changed its name to the present one (see further below).

The Company’s corporate object encompasses the following activities:

1. The rendering of financial advisory services;
2. The management of any property or assets, in accordance with any prevailing legal requirements;
3. The acquisition and holding of shares and equity instruments in other companies whose corporate object is, pursuant to any prevailing legal requirements, financial brokerage, management of any type of asset including investment funds or portfolios of any type, and provision of all types of investment service.
4. Acquisition, holding and disposal of shares or equity stakes in any type of company; granting participating loans or other forms of finance to any type of company; investment in any securities or financial instruments, assets, movable property or real estate, or rights, in accordance with any prevailing legal requirements, in order to generate a return on said shares or equity stakes in companies and investments.

The activities comprising the corporate purpose may be performed by the Company in whole or in part, or indirectly through ownership of shares or equity stakes in companies with an identical or similar corporate purpose.

At 31 December 2024 and 2023, the Company carried out its business in Spain from its offices at calle José Ortega y Gasset 29 in Madrid.

The Company is the parent of a group (hereinafter, the Group or the Alantra Group) comprising various companies carrying out financial advisory and consultancy services to businesses and institutions in Spain and abroad. They also provide investment and associated services; advice on asset management; advice, administration and management for private equity firms, fund managers and collective investment institutions and companies involved in acquiring direct stakes in companies (see Note 2.14). On 17 May 2024, the Board of Directors of Alantra Solar Energy Advisors, S.L. resolved to open a branch in Italy with headquarters in Milan. This branch renders the services and activities of Alantra Solar Energy Advisors, S.L. in Italy. Accordingly, at 31 December 2024 the Group has two branches in Italy (31 December 2023: one branch in Italy).

On 26 September 2016 the Company issued a Material Disclosure to the Spanish securities exchange authority, the Comisión Nacional del Mercado de Valores (CNMV), regarding the change in the trademark of the Group it heads, Since that date, the subsidiaries in the Alantra Group have approved the respective changes to their corporate names in order to replace "N+1", "Nmás1" or "Nplusone" with "Alantra", With respect to the Company, on 4 January 2017 there was entered in the Companies Registry the change of name from Nmás1 Dinamia, S.A. to Alantra Partners, S.A., previously approved by the General Meeting of 13 December 2016. With this new trademark, the Alantra Group (formerly known as the N+1 Group) has set the goal of creating a single distinctive mark that identifies a new stage in its development as a company with a strong international focus.

b) Turnover

This section provides information on turnover, by country, on a consolidated basis, for the Company, for the subsidiaries thereof, and for jointly-controlled entities and associated accounted for using the equity method, Turnover is taken as the figures for revenue presented in the Group's 2024 consolidated statement of profit or loss and are as follows:

f) Public grants and state aid received

The Alantra Group received an immaterial amount of public grants and state aid in 2024 (See Note 25).

g) Return on assets

The return on the Alantra Group's assets at year-end 2024, calculated by dividing consolidated net profit for 2024 by total assets at 31 December 2024, was 3.18%.

Translation of a report originally issued in Spanish. In the event of a discrepancy, the Spanish-language version prevails.

Alantra Partners, S.A. and companies comprising the Alantra Group

Consolidated Directors' Report for the year ended 31 December 2024

This directors' report was prepared pursuant to the "Guide for the preparation of management reports of listed companies" published by the CNMV in September 2013, and is broken down into the nine sections specified in said guide:

1. Situation of the Company

1.1 Organisational structure

Alantra Partners, S.A. (hereinafter, "the Company" or "Alantra") is the parent company of the Alantra Group, whose activities can be grouped into four major business lines involving: (i) providing advisory services to companies or institutions in corporate finance operations, and providing stock brokering and analysis services to institutional investors; (ii)) providing advisory services to financial institutions on corporate transactions, credit portfolios and real estate and other asset portfolios; (iii) asset management and advising; and (iv) investments in companies, funds or other investment vehicles.

Under the applicable securities exchange laws and regulations, the Alantra Group is considered a consolidated group of investment firms, with Alantra as its parent company.

The Company, as parent company of the Alantra Group, provides strategic oversight and coordination of the group's activities, which allows pursuit of a unified management model and common action policy, Alantra also provides certain subsidiaries with central services that ensure the support and infrastructure needed to carry on the specific operating activities of each subsidiary.

Apart from the General Shareholders' Meeting, which has the authority attributed to that body by law given that Alantra is publicly traded, the main governance body of the Group is the Company's Board of Directors, which has two delegated committees: the Risk Control and Audit Committee and the Appointments and Remuneration Committee), The Board of Directors meets at least quarterly. The Company also has an Executive Chairman (who holds the position of Chief Executive Officer) and the Chief Executive Officer (whose appointment as Chief Executive Officer became effective on 1 January 2025) share the operating and management duties at the Company.

The powers, composition, structure and functioning of the Board of Directors are regulated by the Board Regulations, which are posted on the Company's website and on the CNMV's website, The Alantra Board of Directors strives to ensure with the best governance practices set out in business and securities exchange regulations and in the good corporate governance recommendations approved by the CNMV.

At the end of 2024, Alantra Partners, S.A. had ten directors, of which six were men and four were women (end of 2023: nine directors, six men and three women). Among the members of the Board, there was a balanced presence of executive directors and non-executive directors, of which one was an executive director, three were proprietary directors, four were independent directors and two were other non-executive directors. The only change in the composition of the Board of Directors in 2024 was the appointment of Ms. Berta de Pablos Alvarez, who was appointed independent director by resolution of the Annual General Meeting of 25 April 2024.

Also, in the framework of the new corporate governance model approved by the Group in the context of the new strategic plan, it was resolved to co-opt (effective from 1 January 2025) Mr. Francisco Ignacio de Cáceres Cabrero as an executive director (who, in turn, was appointed Chief Executive Officer of the Company) replacing Mr. Santiago Bergareche Busquet, who had submitted his resignation effective from the same date. This resolution will be submitted for ratification by the shareholders at the next General Meeting of the Company, which will foreseeably be held at the end of April 2025.

Therefore, at the date on which this report was authorised for issue, the Board of Directors consisted of ten members, of whom two were executive directors, three were proprietary directors and two were classified as "other non-executive directors".

The Company carries on the activities included in its corporate objects through subsidiaries, some of which provide investment or the management of collective investment schemes and are therefore subject to regulation and supervision, The Alantra Group companies, in turn, have the governance and control bodies prescribed by the applicable laws and regulations.

The Group's different business areas also have their own bodies to coordinate and oversee their activities, in particular, the Alantra Asset Management Committee (in which the different business units in the asset management and advising area are represented), the Management Committee of Alantra ICA (with representatives of the different international activities and business units in the corporate finance area) and the CPA Committee, created with the remit of monitoring the provision of advisory services to financial institutions (banks and investment firms) in the area of corporate transactions, credit portfolios and real estate and other asset portfolios.

The Group, moreover, has a Control and Risk Committee, whose primary objective is to control the main risks to Alantra and its group companies are exposed and, in that area, to keep an up-to-date risks map. The Control and Risk Committee proposes and coordinates the implementation of measures to mitigate risks and keep them within the risk tolerance limits approved by the Board of Directors and fosters a culture of sound risk management.

1.2 Functioning

The Company heads a group of entities that provide financial advisory services, asset management and advising services and invests in companies and special purpose vehicles. The Alantra Group specialises in the mid-market segment and provides its services independently to financial and industrial companies and entities, as well as to institutional and private investors.

Although the Company is responsible for the strategic management and coordination of the Group's activities, the different business units are responsible for carrying on said activities. These business units are grouped into two areas, for which accounting and management figures are available. The two areas correspond to the business segments identified earlier. The three main areas of the Alantra Group are:

- *Investment Banking*: offering financial advisory services to companies or institutions in corporate transactions (corporate finance); and stock brokering and analysis services to institutional investors.
- Financial institution advisory area (Financial Institutions Group): this area engages mainly in the provision of advisory services to financial institutions and institutional investors on corporate transactions, credit portfolios and real estate and other asset portfolios.
- Asset Management/Advisory (Asset Management): this activity involves managing and advising assets of different types for institutional investors, wealthy family groups and other professional investors via specialised investment funds or through the investment portfolios of customers.

These three business areas, and the different units (differentiated by country or by product) that they comprise, receive a number of central services from the Company (legal, administration and accounting services, human resources, logistics and information systems, communication and risk control services) that ensure unified and consistent operation of the aforesaid management model, as well as the implementation and followup of a common action policy. The functions involving strategic coordination, provision of services and, in general, definition and implementation of Alantra's own management model comprise a business unit that corresponds to the segment identified as "Structural" (as defined in the notes to the consolidated financial statements and in the attached "Glossary of Terms").

That structure and, specifically, the strategic coordination and financial management departments also support the Board of Directors of the Company in its decisions regarding the fourth area of activity of the Company, Portfolio or Investment; this activity comprises obtaining gains on investments and subsequent divestments in companies or in funds and vehicles managed by the Alantra Group's management teams.

2. Business performance and earnings

2.1. Summary of 2024

Activity

The current macroeconomic and geopolitical environment continues to generate uncertainty in the markets and, specifically, in the investment banking and asset management industries. In 2024 our business faced adverse market conditions driven by geopolitical tension, high interest rates and inflation. The relaxation of financing conditions in the second half gave rise to a highly active end to the year. Although the medium-term outlook and the appetite for trading activity are positive, the macroeconomic context for the beginning of 2025 is still uncertain.

Investment banking activity in 2024 continued the trend of 2023, when there was a decline in the volume of M&A transactions of around 32% in Europe and around 50% worldwide from the all-time highs recorded in 2021. In 2024 transaction volume grew by 0.6% year on year from the annual low and the value of the transactions saw a year-on-year recovery of 9.2% according to dealogic. Capital markets saw a slight recovery in the value of transactions (+5.0% year-on-year), driven by large stock market flotations, while the number of transactions fell by -1.9% from the 2023 low, indicating a difficult environment for mid market. The uncertainty in the markets also had a negative impact for the asset management industry and for fundraising efforts. Fundraising experienced its fourth consecutive annual decline, down 22% year-on-year and approximately 40% since 2021. Divestment volume was 27% below the five-year average, and the aggregate value of the divestments fell by 46%.

The gradual improvement in monetary and inflationary conditions gave rise to a more stable environment for the Company's activity. Although financing conditions improved, the evolution of the geopolitical and commercial environment could continue to affect M&A and ECM activity at short term.

Results

Income and expenses

Against this backdrop, revenue amounted to EUR 179.8 million, compared with EUR 177.8 million in 2023 (up 1.1%). Following the reorganisation efforts, total expenses rose by 2.2% to EUR 181.3 million. Fixed and other expenses fell as a result of the Group's efficiency measures, showing a decline of 6.1% to EUR 137.7 million. The effort to retain the main business generators in anticipation of the next cycle led to an increase in variable remuneration of 38.1% to EUR 43.7 million. In particular, Alantra incurred one-off costs of EUR 5.7 million relating to the Company's strategic transformation and to efficiency measures.

In relation to each of the activities carried out by the Alantra Group, financial advisory services in corporate operations and capital markets, which includes both advisory services to companies and entities in corporate operations (corporate finance) and the provision of stock market analysis and brokerage services to institutional investors, generated revenues of EUR 107.2 million, compared to EUR 104.6 million the previous year (a decrease of 2.5%).

Financial institution advisory services (Financial Institutions Group) generated revenue amounting to EUR 39.3 million, up 15.6% on the EUR 33.9 million obtained in 2023.

The management fees earned by the asset management business grew by 7% due to the increase in assets under management and the generation of success or performance fees amounting to EUR 0.9 million, down from EUR 8.1 million in 2022. Taking this into account, revenue in the asset management business stood at EUR 33.1 million, down 5.1% on the EUR 38.2 million reported in 2023.

Operating expenses grow to EUR 181.3 million, up 2.2% on the figure for 2023, an increase that is explained mainly by higher variable remuneration payments to employees (up 41.7%). The Group's fixed costs fell by 6.1% as a result of the efficiency measures implemented by the Group.

Net profit

The net profit attributable to the Company for 2024 amounted to EUR 7.0 million (39.5% more than in 2023), an increase that is explained by the contribution to profit or loss of the gains obtained on the portfolio of investments in products managed by the Group, which amounted to EUR 2.5 million, and other gains and losses amounting to EUR 2.6 million. The asset management business showed resilience, contributing EUR 12.9 million to the net profit attributable to the Company. The results of associates in which the Group has significant ownership interests contributed EUR 14.6 million to net attributable profit (79.6% more than in 2023). Also, it should be noted that the so-called "Net profit from the fee business" (the profit arising on the advisory service and asset management businesses) amounted to EUR 2.0 million (down 50.3% on the figure for 2023).

Below are the consolidated statements of profit or loss for 2024 and 2023:

<i>Thousands of Euros</i>	<i>31/12/2024</i>	<i>31/12/2023</i>	<i>Diference</i>	<i>dif. %</i>

Balance sheet

Equity attributable to the controlling entity amounted to EUR 286.9 million at 31 December 2024, compared to 2023 year-end, when it stood at EUR 282.4 million. The net change is the result of the reduction due to the distribution of the final dividend for 2023, amounting to EUR 3.0 million, and the increase relating basically to the profit generated in 2024, amounting to EUR 7.0 million. as well as the increase resulting from the revaluation of the investments in the portfolio of products managed by the Group and the revaluation of the investments in foreign currencies as a result of the appreciation of the US dollar and the pound sterling.

In the consolidated statement of financial position, non-current assets totalled EUR 275.4 million, compared with EUR 315.2 million at 2023 year-end. The main change arose in "Non-current financial assets" accounted for using the equity method as a result of recognising the ownership interest in Alantra Investment Pool, S.L. as an investment in a joint venture in accordance with the shareholders agreement entered into. The Group has investments in assets managed by the Group amounting to EUR 48.6 million of which are attributable to the Company.

Current assets continued to be very much in line with 2023. Of special note regarding current assets is the cash and cash equivalents position amounting to EUR 121.0 million (EUR 92.8 million in cash and an

investment of EUR 28.2 million in a money-market fund recognised under "Non-Current Financial Assets") which, together with the position in assets managed by Group and the fact that the Group does not have any borrowings, is indicative of the strength of its balance sheet. It should be noted that this balance is not normalised due to the settlement of the variable remuneration and the payment of dividends for the year just ended.

As regards the Company's liabilities, worthy of note is the grow in current liabilities as a result of the unsettled liabilities to the Group's professionals arising from their performance in 2024 in comparison with their performance in 2023.

Corporate development and activity

In 2024, Alantra reorganised its activities to create a more efficient business focused on value and implemented generational change throughout the Company.

In terms of Financial Advisory activity, which includes the financial advisory services on corporate and capital market transactions and financial advisory services for financial institutions (Financial Institutions Group), the Company advised on 190 transactions in 2024 (-1%).

As regards the asset management business, Alantra managed to increase assets under management by EUR 279 million, investments of EUR 402 million were completed and EUR 293 million were distributed to investors.

At 31 December 2024, assets under management at consolidated and strategic businesses amounted to EUR 2,642 million and EUR 13,900 million, respectively.

2.2. Environmental and personnel matters

2.2.1 Environment

Given the nature of the activity carried on by the Alantra Group companies, they have no environmental liabilities, expenses, assets, provisions or contingencies that could be significant in relation to their net assets, financial position and earnings.

For this reason, these notes to the consolidated financial statements do not include specific itemisations with respect to information on environmental issues.

2.2.2. Personnel

The information on questions relating to personnel of the entities in the Alantra Group is detailed in Notes 5 and 25 to the consolidated financial statements for 2024.

3. Liquidity and capital resources

The Alantra Group has a solid statement of financial position liquidity position. Furthermore, it has no financial indebtedness (see Glossary of Terms).

Capital is controlled and managed in consonance with the nature of the Alantra Group as a consolidated group of investment firms, analysing the capital bases (on a consolidated basis and separately for each of the regulated companies in the Alantra Group) and calculating capital adequacy ratios as provided in the rules and standards.

Note 21 to the consolidated financial statements includes more detailed information on capital management.

4. Main risks and uncertainties

Note 20 to the consolidated financial statements includes detailed information on risk management.

5. Significant post-statement of financial position events

There have been no material events between the close of the year and date of preparation of these consolidated financial statements other than those disclosed in the Notes.

6. Information on the projected performance of the entity

The Alantra Group's statement of financial position is strong, giving it a sound base for steady progress towards meeting the Company's strategic goals:

- Following its reorganisation in 2024, the financial advisory area will continue to generational renewal, efforts will continue to be made to make the business more efficient and focused on value, increasing industry specialisation with a high level of client orientation and analysing growth opportunities.
- As far as asset management is concerned, the Alantra Group will continue to make progress towards achieving its goal of becoming a global mid-market leader, and will do so through the creation of strategic alliances, the recruitment of new professionals and the launch of a new generation of funds.

This directors' report contains forward-looking statements on plans, projections and estimates by the directors that are based on assumptions they regard as reasonable. However, the user of this report should bear in mind that such forward-looking information offers no assurances as to the future performance of the entity, as those plans, projections and estimates are subject to numerous risks and uncertainties that imply that said future performance may differ from the initially projected performance. Those risks and uncertainties are described throughout the directors' report.

7. R&D and innovation activities

The Group and its member companies have not carried on any research and development activity.

8. Acquisition and disposal of treasury shares

The Alantra policy on treasury shares is approved by the Board of Directors of the Company on the basis of the general authorisation granted to the Board of Directors by the shareholders at the General Meeting of 28 April 2021 on the following terms:

- a. Types: sale-purchase, swap, loan, acceptance of treasury shares as collateral and enforcement of those guarantees granted for the benefit of the Company or of any of the companies in its group, dation in

payment and, in general, any other type of acquisition for valuable consideration of outstanding, fully paid in shares permitted by law.

- b. Term of the authorisation: five years after the date of the resolution.
- c. Maximum number of shares that can be acquired: up to 10% of the Company's share capital existing from time to time or, if applicable, such higher figure as may be legally admissible during the term of this authorisation.
- d. Maximum and minimum prices: the minimum price will be equal to the nominal value and the maximum price will be up to 10% higher than the maximum price at which the shares were traded in the Spanish electronic trading platform (including the block market) session of the day immediately preceding the acquisition, or any other price at which the shares are being valued at the date of acquisition. Notwithstanding the foregoing, in the event of an acquisition of treasury shares as the result of the exercise of rights or fulfilment of obligations established in agreements or in option contracts, forward purchase and sale agreements or similar contracts previously arranged by the Company or by companies in its Group (and which, in particular include, but are not limited to, agreements with executives, employees or directors of the Company or its subsidiaries for the repurchase of shares of the Company held by them directly or indirectly in the event of the departure from the Group of such executives, employees or directors, or as a result of other circumstances agreed upon with the aforementioned persons in said agreements), the price or consideration per share will vary between a minimum equal to EUR 0.01 and a maximum of up to 10% higher than the maximum price at which the shares were traded in the Spanish electronic trading platform (including the block market) session, taking into account the price on the date immediately preceding that on which the treasury share acquisition contract is agreed, signed or executed, as appropriate, or any other price at which the shares are being valued at the date of acquisition.
- e. Use of the shares: the shares acquired by the Company or its subsidiaries may, in full or in part, be disposed of or awarded to directors and employees of the Company or the group company, where such right has been recognised, either directly or as a result of the exercise of option rights they hold, for the purposes provided for in Article 146.1.a) of the Spanish Corporate Enterprises Act. They may also be used in programmes that foster equity ownership in the Company such as, for example, dividend reinvestment plans, loyalty bonuses or other similar arrangements.

The shares thus acquired will not have voting rights or any other non-financial rights, and their financial rights will be proportionally allocated to the rest of the shares, except for the right to bonus shares, in accordance with the terms of Article 148.a) of the Spanish Corporate Enterprises Act. The authorisation supersedes the authorisation granted by the General Meeting of shareholders of 27 April 2016 for derivative acquisition of treasury shares.

The Company's Internal Rules of Conduct regulate certain obligations which the Company must fulfil in development of its treasury stock policy, In this regard, Article 12.2 of the Internal Rules of Conduct provides the Company must always act within the limits of the authorisation granted by the General Shareholders' Meeting and the transactions must in all cases involve the execution of specific purchase programmes and plans; the delivery of treasury shares in future corporate deals; or other legitimate purposes admissible under the applicable laws and regulations, such as augmenting the liquidity and regularity of trading in the Company's shares.

In any event, the Company's treasury stock policy will in no event aim to intervene in the free formation of prices and will always be carried out in the interests of the Company and its shareholders.

The information on the Company's treasury shares is described in Note 14 to the accompanying consolidated financial statements.

9. Other material information

9.1. Stock market performance

During 2024 the share price decreased by 8.3%. The Ibex-35 index rose by 13.9% and the Ibex Small Caps index gained 0.81%.

The share had a trading volume of 2.9 million shares for the year.

9.2. Dividend policy

At the Annual General Meeting held on 25 April 2024, the shareholders, following a proposal from the Board of Directors, agreed to distribute a final dividend of EUR 0.08 gross per share out of 2023 profit. Payment was made on 10 May 2024.

The Board of Directors intends to propose to the Annual General Meeting the distribution of a dividend of EUR 0.15 per share, which will be paid in May 2025. This amount represents a pay-out of 83% (compared with 60% in 2023) and a total proposed dividend of EUR 5.7 million (up 83.9% on 2023).

9.3. Average payment period to suppliers

The information on the average payment period to suppliers is given in Note 26.a) to the accompanying consolidated financial statements.

9.4. Customer service office

The information on the customer service office is given in Note 2.12 to the accompanying consolidated financial statements.

GLOSSARY OF TERMS

Business sectors identified

- **"Business Segment"** refers to each operating segment or component identified and classified as such by Alantra that (a) engages in business activities from which it may earn revenues and incur expenses (including revenues and expenses relating to transactions with other components of the group); (b) whose operating results are regularly reviewed by the entity's chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance; and (c) for which discrete financial information is available.
- **"Investment Banking"**. An identified business segment of Alantra, offering financial advisory services to companies or entities in corporate transactions (corporate finance), and stock brokering and analysis service to institutional investors.
- **"Financial Institutions Advisory" (Financial Institutions Group (formerly called Credit Portfolio Advisory))**. One of Alantra's identified business segments, which comprises the provision

of advisory services to financial institutions and institutional investors on corporate transactions, credit portfolios and real estate and other asset portfolios.

- **"Asset management"**. The identified Alantra business segment which, in accordance with the information provided in the Prospectus, consists of the management of and provision of advice in relation to various classes of assets for institutional investors, high net worth individuals/family offices and other professional investors through specialist investment funds or customer investment portfolios.
- **"Corporate"**. The identified Alantra business segment which encompasses the universe of revenues and expenses corresponding to Alantra's governance and development structure (corporate governance, strategic management, corporate and business development and corporate services such as accounting and financial reporting, risk management and control, human resource management and legal services, among others) and which, either because they relate to the Group parent - as a listed entity - or the management of the Group as a whole, are not directly attributable to the Investment Banking, Asset Management or Portfolio segments. The Corporate segment also includes the invoicing of services related to Alantra Group companies that are associates, i.e., not fully consolidated. In light of Alantra's ongoing growth at both the corporate and business levels, the significance of the services encompassed by the Corporate area justifies its classification as an independent segment.
- **"Portfolio"**, The identified Alantra business segment which is defined, in keeping with that stated in the Prospectus, as the activity consisting of the pursuit of capital gains by taking ownership interests in companies, funds or investment vehicles managed by the Alantra Group's asset management teams and subsequently selling those interests.
- **"Other"**. Defined, by default, as the host of items that do not correspond to any of the business segments (i.e. that are not Investment Banking, Credit Portfolio Advisory, Asset Management, Structural or Portfolio).
- **"Fee Business"**. This is defined as the group or sum of the segments: Investment Banking, Credit Portfolio Advisory, Asset Management and Structural. Combined this is defined as the activity of providing advisory and management services that generate revenue in the form of a fee, and whose expenses are those needed to operate, mainly staff costs. Specifically excluded from the Fee Business are any gains or losses deriving from investments by the Group's parent in the companies that carry out these activities (such as generating value from stakes in companies or businesses, goodwill impairment or net finance income/(expense) in currencies other than the euro). These are included in the "Other" segment.

The decision to allocate 100% of the activity encompassed by the Corporate segment to the Fee Business reflects the fact that the vast majority of the time and/or investment of the resources included under Corporate are devoted to managing the growth and complexity emanating from the Investment Banking and Asset Management segments. This concept is all the more relevant as it underpins several of the alternative performance measures (APMs) used.

- **"Recurring Business"**. This is the grouping of segments or sum of segments composing the Fee Business (financial advisory services on corporate and capital market transactions, financial advisory services for financial institutions, asset management and the Structural segment) plus the Portfolio segment.

Alternative performance measures

- **"Alternative performance measures"**, A measure of the past or future financial performance, financial situation or cash flows of a company other than the financial measures defined or described in the applicable financial reporting framework.
- **"Fee Business Net Profit"**, The profit generated from the provision of advisory or management services under the umbrella of the Fee Businesses (i.e., that corresponding to the Investment Banking, Asset Management and Corporate segments), whose revenues materialise in the form of fees and whose expenses are those necessary for their pursuit and development, mainly comprising staff costs.

Fee Business Net Profit is calculated as the sum of profit attributable to owners of the parent corresponding to the above three segments.

The markedly different nature of Alantra's two businesses (Fee Business and Portfolio) justifies the breakdown of Fee Business Net Profit attributable to owners of the parent in the Company's public financial disclosures.
- **"Portfolio Net Profit"**, The profit deriving from the investment in and subsequent disposal of shareholdings in companies, funds or other investment vehicles managed by the Alantra Group.

Portfolio Net Profit is equal to the profit attributable to owners of the parent corresponding to the Portfolio segment.

The markedly different nature of Alantra's two businesses (Fee Business and Portfolio) justifies the breakdown of Portfolio Net Profit attributable to owners of the parent in the Company's public financial disclosures.
- **"Recurring Net Profit"**, The profit derived from the Group's recurring or ordinary activities, i.e., that generated by the Investment Banking, Asset Management and Portfolio segments.

Recurring Net Profit is the sum of Fee Business Net Profit and Portfolio Net Profit.

Recurring Net Profit is an important indicator, in relation to net profit (or profit attributable to owners of the parent), insofar as it helps users assess what part of the Group's bottom line is attributable to the recurring businesses and not extraordinary accounting entries.
- **"Financial Leverage"**, This metric is defined as the aggregate borrowings provided to the Group by banks, credit institutions and similar entities to fund its business operations. This measure excludes amounts due to employees, suppliers, companies within its scope of consolidation or their shareholders. It also excludes obligations to banks, credit institutions or similar entities when these obligations are specifically secured by assets in the same amount.

Financial Leverage is calculated as the sum of the items carried in the consolidated statement of financial position under "Bank borrowings, bonds and other marketable securities" that meet the criteria contained in the definition of this measure. At 31 December 2024, the Group had no financial debt.

It is a key indicator for evaluating the Group's consolidated statement of financial position.
- **"Payout"**, This metric is defined as the percentage of profits the Company pays out to its shareholders.

It is calculated as the total sum distributed by the Company to its shareholders in respect of a given reporting period (whether in the form of a dividend or a distribution charged against reserves or the share premium account) and the consolidated net profit, attributable to the controlling company, generated during that same period.

The payout indicates the extent to which shareholder remuneration is financed from profit for the year (or for the reporting period in question).

- **"Dividend yield"**, The return earned by the Company's shareholders by means of the dividends they receive.

The Dividend Yield is calculated as the ratio between the total per-share sum distributed by the Company to its shareholders in respect of a given reporting period (whether in the form of a dividend or a distribution charged against reserves or the share premium account) and the share price as of a given date (which date shall be that referenced when the AMP is disclosed).

Shareholders earn a return in two ways: gains in the price of the shares they hold and the remuneration they receive in the form of distributed dividends, reserves or share premium accounts. The Dividend Yield is the APM or benchmark indicator for the latter source of shareholder returns.

Annex I - Annual Corporate Governance Report

The Annual Corporate Governance Report, which forms part of this Consolidated Directors' Report, was approved by the Board of Directors and is available for consultation on the website of the Spanish National Securities Market Commission (www.cnmv.es) and in the Corporate Governance section of the Company's website (www.alantra.com).

The Annual Corporate Governance Report will be communicated as Other Relevant Information to the CNMV. It can be consulted using the following link:
